Severe Kidney Trouble
Mrs. F. Rinehart, Campbellville, Ont., writes:
"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

The Radio Telephone has now become a part of the daily life of a very large portion of the population of the North American Continent, and its mysteries are no longer mysteries to a great many young men and in fact old men as well who have found in it an interest and fascination unsurpassed by anything heretofore offered for amusement, entertainment and education in the home.

Every night at 7.30 o'clock Charlottetown time all over the North American Continent, hundreds of thousands of men, women and children are sitting by the fire-side, one member of the family with his hands on two small dials number from 0 to 100, and slowly and carefully he is turning the dials around in search of the tiny wave which is carrying for thousands of miles the little voice and music vibrations.

In a few moments a hush comes over the family circle for out of the horn standing on the table comes a rich, deep, pleasant voice of a man. A voice trained for long hours each day for clear and pleasant speaking, and so clearly as not to be misunderstood by even the slightly deaf, he announces this is station WJZ, the Radio Corporation Westinghouse Radio Phone at Newark, N. J. The Man in the Moon will now give a talk to his little friends on the earth. A moments silence and another equally clear, pleasant voice comes on saying this is the Man in the Moon talking, Good Evening Children, and the small tots in the family circle, list enthralled to a beautiful story of some exciting event or pleasant experience in the daily life of the man in the moon.

This story runs on for perhaps twenty or twenty-five minutes, and while it is meant for the little folks it is enjoyed by everyone. Then the children go happy to bed and the family proceed to tuning the receiver for a performance of the Opera "Mikado" given by the Schenectady Opera Company at Station WGY of the General Electric Company at Schenectady, N. Y. or maybe they listen to the successful violin selection being given by an eminent Pittsburgh station through KDKA, the Westinghouse Electric Company station at East Pittsburgh, or they may be in the direction of vaudeville they may listen to the latest vaudeville song hits or even a step dance from the "Giblin Bros. station in Philadelphia.

This is a typical family scene in thousands of up to date homes, in fact in over a hundred homes, in Prince Edward Island today while far away in the Northern Wilds of good work of the defence on both sides, especially noticeable was the work of Gordon for the Presbyterians, Walker and Moore doing the scoring.

For the Methodists, McInnis played a fast game and done most of the scoring. The following was the line-up:
Presbyterians: Ings, Hodgson, Walker, McNair, McEachern, Prowse
Methodists: Moore, McInnis
Centre: Gordon, Hutcheson, Dewar, R. Prowse
Guards: The next game will be played Wednesday night.
