Does it not seem more effective to breathe in a remedy, to cure disease of the breathing organs, than to take the remedy into the stomach?

Vapo-Cresolene

Established 1879.

Cures While You Sleep

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Is a boon to asthmatics.

MUTILATED COINS.

There are many gold, silver and copper coins in circulation which are not of standard value. Some of them are simply bent, pounded or defaced. Others have been clipped, had holes punched in them or some letter or design stamped upon them other than the marks made by the mint. Some persons thus mark or deface current coin, possibly unaware that what they have done is an offence against the Criminal Code. Many persons receive and pay out such defaced or mutilated coins without suspecting that in so doing they become liable to serious penalties. When they read the law, some sections of which are reproduced below, we trust they may be more careful and decline to receive or pay out coin that is not lawfully current. Persons having uncurrent gold or silver coins in their possession should sell them to the jewelers for what they will bring. Following are the sections of the Criminal Code above referred to:

468. Everyone is guilty of an indictable offence and liable to 14 years imprisonment who impairs, diminishes or lightens any current gold or silver coin, with intent that the coin so impaired, diminished or lightened may pass for current gold or silver coin.

469. Everyone is guilty of an indictable offence and liable to one year's imprisonment who defaces any current gold, silver or copper coin by stamping thereon any names or words, whether such coin is or is not diminished or lightened, and afterward tenders the same.

475. Everyone is guilty of an indictable offence and liable to three years imprisonment who utters, as being current, any gold or silver coin of less than its lawful weight, knowing such coin to have been impaired, diminished or lightened, otherwise than by lawful wear.

476. Everyone who utters any coin defaced by having stamped thereon any names or words, is guilty of an offence and liable, on summary conviction before two justices of the peace, to a penalty not exceeding ten dollars.

Canadian law, like the laws of most civilized countries guards very carefully the purity and value of the state currency. There is an obvious and just reason for this, and as will be seen above the penalties for tampering with the coin of the realm are very severe. But few persons are perhaps aware that for passing a gold or silver coin with a hole punched in it or a fractional portion cut off they become liable to three years imprisonment.

The Pioneer editor is evidently still at a terrible way over the hog question. In fact if capital letters may be assumed to represent editorial thunder, dashes to signify deadly blows and exclamation points to indicate daggers, the Pioneer's readers might as well take to the woods for safety. We are inclined to think, however, that the editorial paroxysm arises not so much from the desire to make a furious onslaught as from the pain of wounds received. It is said "the stuck pig wails loudest," and the Pioneer man has possibly felt the keen point and edge of the knife.

It is semi-officially announced that Japan, whose considerable fleet has hitherto been confined to Asiatic waters, will now establish stations abroad. Next year she will establish head quarters for a squadron at Esquimalt in British Columbia. It will consist of three or more of Japan's best ships, which will visit along the American coast as far south as Valparaiso. It is also intended later to have a squadron stationed in Europe, one of the great British naval stations being its headquarters. This movement will accentuate the fact of Japan becoming a world naval power, and also the close and friendly relations between the two great insular powers of the West and the East.

GERMAN DAY OF PRAYER.

LATE MR. MAXWELL BURIED.

VANCOUVER, Nov. 20.—The funeral today of G. R. Maxwell, M. P., was one of the largest ever held here.

Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It's about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. E. White, of Stanstead, Stanstead Co., Quebec. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman to-day. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

The People's Common Sense Medical Adviser, containing 1008 pages, is given away. Send 21 one-cent stamps for expense of customs and mailing *only*, for the book in paper covers, or 50 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.
