Everyone is looking forward now to a bray winter's sport and many hot games with outside clubs are anticipated by local curlers. DYSPEPSIA AND CONSTIPATION

Recent Discovery For Their Treatment.

An entirely vegetable product showing no trace whatever of Morphine, Cocaine or Opium; the various ingredients which enter into its manufacture being carefully and most thoroughly blended together.

"Gastronal" gives a rapid and absolute relief. X-ray examination has proven that there was no soft formation in the stomach during its action this being essential to eliminate any danger of auto-intoxication, thereby proving the superiority of this famous product over any other similar preparation containing chalk, lime, magnesia etc., which give a temporary but dangerous relief.

The physiological action of Gastronal on the digestive organs is very simple. Its dissolution in the stomach causing a mild stimulation of the gastric action, gradually changing the contents of the stomach, the gastric formations being immediately absorbed and neutralized.

"Gastronal" has no effect on the heart as it contains no derivative of opium or coal tar. "Gastronal" is accurately and perfectly dosed for every one and every age.

"Gastronal" is on sale at all first class drug stores of the British Empire and North America.

Sold in boxes of fifty "Gastronals" each bearing its name embossed. Price 50 cents for 50, 6 boxes for \$2.50. See that you get full count.

SERIOUS ACCIDENT.—On Thursday Henry Gallant, son of Mr. Henry Gallant of Davis and

Fraser's had the misfortune to injure his left hand so badly that it was necessary to amputate two fingers. The lad was fixing two flashlights and was using gun powder in the cases when an explosion occurred. He was immediately rushed to the doctor's and later taken to the Convalescent Home, where the operation was performed. Yesterday he rested easily.

PLENTY OF SEATS LEFT YET.—As anticipated the sale of seats at the Prince Edward Theatre for Dumbells next Wednesday and Thursday has been large but the house has not been by any means sold out as was reported last night. There are many seats yet available, some of the best in the house as well as many of the cheaper ones. No doubt all seats will be sold before Wednesday night and first comers will have first choice. It will therefore be advisable for those who purpose attending this, the greatest comedy ever produced in Charlottetown to lose no time in securing their seats.

"FORESIGHT" always was better than hindsight. Those who take **SCOTT'S EMULSION** regularly exercise foresight that pays large dividends in robustness.

Of Course! You are going to join Our "Santa-Claus" Club!

THE SUGGESTION that we start a "Santa Claus" club for the benefit of the poor children of Charlottetown appealed to us as a good one—a suggestion in keeping with the Christmas season.

WE FEEL SURE there are hundreds of warm hearted people in Charlottetown and elsewhere, who will gladly co-operate.

The Idea is this: There are many, many little children in this city who suffer from disappointment at Christmas time through the apparent neglect of good old Santa to put something in their stockings.

THINK OF THEIR DISAPPOINTMENT at finding their stockings empty—on Christmas morning.

We undertake to make up—AT ACTUAL COST --- one dollar parcels of Xmas toys, each of which will bear the name of a Club member, and on Xmas eve we will send out these parcels—to the children—as from Santa Claus.

Your dollar buys more! By joining the Santa Claus Club your dollar will secure more for the kiddies than if you selected the toys yourself as we will supply the toys at actual cost. The parcels will be made up by an experienced member of our staff.

Send us your dollar TODAY! DO IT NOW!

CHICAGO, Dec. 9.—Legal proceedings to restrain the striking packing house workers from interfering with the operation of packing plants by picketing or molesting employees were, either pending or in effect in five cities in the middle west tonight.

As the third day of the strike came to a close, quiet prevailed at most packing house centres, but in Chicago, the first serious disorders in connection with the strike occurred tonight.

Seven men are known to have been shot and a score of men and one woman injured in the clashes. The trouble started when strike sympathizers accosted the workmen as they left the packing plants. Missiles were thrown and policemen used their clubs and guns in an effort to disperse the crowds. Police reserves were called out before the trouble ended. All will recover, it was thought by doctors tonight. Four policemen were among those injured.

Remains of a Sun Temple at Avebury, England, are said to be older than Stonehenge itself.

Fighting in Omaha

OMAHA, Dec. 9.—Street fighting followed by a dozen arrests including two women, marked the closing hours of the afternoon here in the packing house district where a strike of butcher workmen and meat cutters is in force.

Following a conference of city and police officials, late today, every north side policeman, detective and traffic officer was sent to South Omaha. Thirty riot guns with bayonets and loaded with buckshot also was sent to the South Side.
