

NERVES AND FANTASY SPELLS

Woman to Bed. Great Change Taking Lydia E. Pinkham's Vegetable Compound

After my girls were born I was a wreck. My nerves were too terrible for words and I almost could not stand or walk without suffering with fainting spells. I was no longer any good for my school duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound? I am sure it will do you good and will save those doctors.' So I was advised by my husband to take a few boxes for a while. I was so scarce at that time. My nerves were so bad now and I have had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people. I should be only too glad for them to try it. I know I feel and look a different woman these last few months. I certainly would not be without a box of your medicine in the house. I can use this letter as you see fit, should be only too glad for them to try it as I have to know what it is for me.'—Mrs. ROBERT G. MACDONALD, R. R. No. 2, Sarnia, Ontario. Recent canvass of women users of Vegetable Compound report 98 out of 100 received beneficial results. This remarkable proof of its merit.
