

SUNSHINE FURNACE

And Coal Economy

COMBUSTION taking place in the dome or top chamber of furnace fire-pot is the result of air and heat mingling with fumes. This combustion produces heat-energy, which the radiating surfaces above and around fire-pot absorb or draw in and then deflect or throw off. Incoming cold air receives this heat-energy, the result being heated air. Now, if the combustion takes place at a faster rate than the radiating surfaces can absorb and deflect, the surplus heat-power will pass up the chimney or into cellar—a waste of coal.

There is no waste of coal in "Sunshine" Furnace. Circuit of radiator is so complete, and air-circulating space so large, that every bit of heat-energy is quickly absorbed and quickly deflected on the circulating cold air, which is thus quickly heated and ascends through the hot-air pipes to rooms above.

The check-draft of a furnace is situated on the smoke-pipe. When this draft is closed—especially on an "ordinary" furnace—heat particles can escape up chimney. When check-draft is opened the incoming cold air from the cellar drives all heat particles back into furnace proper. If the grates and fire-pot of furnace are not constructed properly, there's a clogging and gathering of ashes, and fire does not burn up readily. If no provision is made for gas escape, the check-draft must be left closed indefinitely—a waste of coal.

There is no waste of coal in "Sunshine" Furnace. No clogging can take place in the 4-piece grate; no ashes can gather on the straight fire-pot walls, and the Automatic Gas Damper makes every provision for the escape of gas; consequently, check-draft can be opened shortly after coaling and all heat-energy saved for radiation.

Suffered 20 Years

"Fruit-a-tives" Cured in 2 Months

St. Raphaels, Ont.

For over twenty years I suffered from Chronic Constipation of the bowels, and I could get no medicine to cure me. I tried doctors and every known purgative, or laxative, medicine known but I was no better. Sometimes, if I did not take medicine, I would go four or five days, without any action of the bowels. During all this time I was weak and suffered from Indigestion constantly.

About a year ago a friend advised me to try "Fruit-a-tives" as they had helped her. I began taking "Fruit-a-tives" and from the outset I began to feel better, and inside of a month the pains were almost gone and the Constipation relieved. In two months I was perfectly well again, no pains, no constipation, and my complexion had lost all that sallow appearance.

(Sgd) MARY A. McDONELL.

"Fruit-a-tives"—or Fruit Liver Tablets—are the only remedy known to science that actually cure Constipation. They do this by making the liver healthy and active—thus causing more bile to flow into the bowels.

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

Seven To One

That is about the ratio. About seven times as many persons are injured as die from all causes yearly. Accidents are a more prolific cause of death than any disease except lung diseases. Twice as many people are accidentally killed as die of old age. Does it not seem reasonable to you as a business man that it would be to your interest to carry an accident policy.
