THE Annual Statement of the North American Life Assurance Co. of Toronto to hand gives ample evidence of the progress and solidity of this popular Canadian Institution. A gratifying feature to its many policy holders in this province is the largely increasing surplus which the Co., is rolling up—skillful and Conservative Management.

YESTERDAY the Irish Societies of the City celebrated St. Patrick's in a royal manner. The day was all that could be desired. Shortly before 10 o'clock the members of the Ancient Order of Hibernians, headed by the band of the League of the Cross with Master Ivan Reddin as drum Major left their hall on Lower Queen Street and marched to the Benevolent Irish Society's Hall, Kent Street, where the latter society was in waiting. Both societies marched to St. Dunstan's Cathedral where high mass was celebrated, Father Gauthier preaching the sermon. After the service the parade reformed and was witnessed by hundreds of spectators. The entertainment at Emerald last night was a grand success, the hall being overcrowded.

A GOODLY number gathered in the Y. M. C. A. hall last night to hear Mr. Bell present the Gospel of Jesus Christ in song and address. After singing a number of Gospel numbers by the audience Mr. Bell sang very feelingly Just for To-day, and Thy Will be Done. Mr. Robb led in prayer and Rev. Mr. Whiston read the scripture lesson—the story of Naaman the Leper. Mr. Bell then sang very sweetly, "If there's one heavy-laden heart here." After prayer led by Rev. J. W. McConnell Mr. Bell addressed the audience on the subject of "Naaman the Leper." Naaman was a great man but he was a leper. There is a man who is almost perfect, but he sometimes gets drunk. I know a young lady, so beautiful if you saw her photograph you would almost fall in love with her, but she has an awful temper. Leprosy is a type of sin and God has so used it ever since the disease was known. It is incurable by any human skill—so is sin. They are also both alike in their inevitable outcome Naaman hearing that his disease could be cured in Israel went thither. He first went to the King—to the wrong person first. He next goes to Elisha and receives his orders to go and wash in Jordan seven times. The meeting closed with the benediction by Rev. G. M. Young.

EXPERIENCED CORNS AND WARTS.

Your unsatisfactory experience with other preparations should not influence you against Putnam's. It was the first, the best, the only painless corn cure. City is small. READERS OF THE GUARDIAN will be pained to learn this morning of the sudden death at Hampton yesterday morning of Mr. Alex. Farrow.

At the caucus of the government held last night Mr. S. E. Reid was chosen speaker, Lieut. J. A. McDonald, Clerk in place of Mr. A. B. McKenzie who is ill. G. S. Inman of Montague, law clerk, and Capt. Hooper, Sergeant-at-arms. All the old door keepers were re-appointed.

The many friends of Mr. R. M. Lamont, Found's Mills, New London, will regret to learn that yesterday morning a horse kicked him breaking his leg. Universal regret was expressed last night at Emerald when it was learned that owing to the accident his name had to be struck off the program.

THE lecture on "Here and There" in London will be given by Rev. E. Smith in Presbyterian Hall this evening, beginning at 8 o'clock, sharp. The lecture will be illustrated with Stereopticon views. Graphophone music and home-made candy will also be special features, all of which will make up an enjoyable entertainment. The admission fee is only 10 cents.

THE concert in honor of Ireland's Patron Saint last evening was a pronounced success. The Opera House was filled with an attentive audience and the program which was a full one was carried out in an excellent manner each and all doing his or her part in a manner highly creditable to themselves and those who had the entertainment in charge. The soloists Mrs. O'Reilly, Miss Amy Earle, Mrs. Jas. Byrne, Mr. Charles Earle were in excellent voice and are too well known to a Charlottetown audience to need any eulogy, and it is sufficient to say they each fully sustained their reputation as favorites with the concert going people. The cornet solo by Mr. W. J. Brown and the clarinet duet by the Messrs. Duchemin were a pleasing feature as was also the opening number by the League of the Cross Band. The quartettes by the Misses Earle and Messrs. Moore & Earle were beautifully rendered and evoked rounds of applause from the audience. The dancing by Miss McDonald's pupils was of high order and showed careful teaching. Miss Stentiford delighted the audience with one of her best selections and had to respond to an encore. The ladies of the St. Cecilia Club gave several selections which added much to the enjoyment of the evening. In short the entertainment from beginning to end was excellent and reflects much credit upon Prof. Earle who had the musical part of the program in charge. God Save the King brought the very enjoyable entertainment to a close.

Paine's Celery Compound
Is able to Rescue and Save
Though Disease and Suffering May be Dragging
You Down to The Grave.

While Paine's Celery Compound with promptness and certainty cures the ordinary ills of life that people suffer in spring time its medicinal virtues and powers are far-reaching enough to banish disease and suffering even after the sufferer has been pronounced incurable by his or her physician.

Paine's Celery Compound has, according to the honest testimony given by hundreds of well known Canadian people, dragged them from certain death at the eleventh hour and blessed them with a new lease of life. Mrs. Louisa Warner, of Montserrat, N. W. T., writes thus:

"For some years past my nerves and system were almost wrecked by narcotics used to alleviate pain. The doctors could not help me, and I thought I would forever have to remain a slave to deadly drugs. I often longed for death as a release from my sufferings. After enduring agonies that were terrible, I determined to try Paine's Celery Compound without any full hope that it would cure me. When I had used a part of the second bottle, I thought it was doing me good; I could sleep well, and did not faint so often, and I decided to continue the use of the medicine. After the use of fifteen bottles I am completely cured. I feel so strong and well now, and have such perfect health, that I sometimes think it is too good to be true. For the benefit of thousands of poor sufferers from disease and the deadly effects of narcotics, I give my statement—an assurance that Paine's Celery Compound will cure them."

Locality—Charlottetown.
Character—A well-known lady, and one of our City grocers. After telephoning her list including tea, sugar, flour, etc., the following conversation occurs.

Lady—A pound tin of Baking Powder.
Grocer—Which kind? Imported?
Lady—I have been using Johnson's lately, is the imported as good?
Grocer—Yes, about the same grade.
Lady—What is the imported worth a pound?
Grocer—Fifty-six cents.
Lady—Fifty-six cents: My goodness: Why I only pay Twenty-five for Johnson's. What makes the imported so expensive?
Grocer—Well you see we have to pay a heavy duty and freight on it, and then we buy through the wholesaler. We buy Johnson's direct from the manufacturers here in the City.
Lady—So the difference in price is really made up with the duty and freight and the Powder is no better?
Grocer—That's about the size of it.
Lady—Well I'm not anxious to pay fifty-six cents, when I can get the same quality for twenty-five. Send me a pound of Johnson's.
Grocer—All right: Anything else?
Lady—No, not just now. Send these things up before twelve o'clock.
Grocer—Yes: All right, Thank you. B-2-2-2-2-2.
