that discolors teeth and fosters serious tooth and gum disorders.

White Teeth turned dull by Film

The new way dentists urge to restore teeth to dazzling brilliance—to combat dental troubles.

SCIENCE has made a significant discovery. The cause of dull, discolored teeth is found to be the chief cause of serious tooth and gum disorders. That cause is a film that forms on teeth.

You can feel film with your tongue—a slippery, viscous coating. It clings to teeth and gets into crevices and stays. It absorbs stains from food and smoking to turn white teeth "off color" and cloud their brilliance. Germs by the millions breed in it, and they, plus tartar, are the chief cause of pyorrhea.

To remove film dentists prescribe the special film-removing dentifrice called Pepsodent. It acts to curdle film so that brushing easily removes it.

Start today. Get Pepsodent at any drug counter or write for free 10-day supply to The Pepsodent Co., 191 George St., Toronto 2, Ont., Canada.

Inquest On Islander At Sackville

SACKVILLE, March 1.—At the inquest held in Rayworth's Undertaking Parlors, at nine o'clock tonight, the body of the man found lying between the covered bridge and the railway tracks on Thursday evening was identified as being that of William Daniel Taylor, of Charlottetown, P. E. I. Coroner G. T. Morton empaneled jury, who after hearing the evidence of the witnesses, Dr. J. O. Calkin, Provincial Police Officer Stewart, William Carter, C. N. R. Engineer, Randall Babcock, C. N. R. Police Officer, and James Robson, retired, and brought in the following verdict: "That William Daniel Taylor of Charlottetown, P. E. I., came to his death through exhaustion and exposure." (Signed)—C. Fred Ayer (foreman), William Chambers, R. W. Duncan, Floyd Atkinson, I. Ford and Gordon Rainnie.

Decayed was seventy years of age, and being out of work for several months, he had been staying with his sister, Mrs. Charles Ward, at Amherst, N. S. He left Amherst about two o'clock Wednesday afternoon, and his body was found at 7 p. m. Thursday, having evidently been lying there practically all day Thursday, as one of the witnesses stated that he had seen a dark object lying there on Thursday morning, but had not investigated. The body was identified by his sister, Mrs. Ward, and James Gallant, of Amherst. The deceased is survived by four daughters, Minnie Bertha and Margaret, residing in Charlottetown, P. E. I., May, in the United States, and three sons, John, Victoria, B. C.; Charles, Denver, Colo., and Sheridan, in the United States. Two sisters, Mrs. John Wilson, residing in the United States and Mrs. Charles Ward of Amherst, N. S. The remains will be forwarded to Charlottetown for burial.

NEW YORK, Mar. 3.—Haley Fiske, President of the Metropolitan Life Insurance Co. died suddenly in his automobile in front of his home 898 Park Ave shortly before 1 o'clock today. He was 77 years old.

DEATH OF MRS. ARCHIBALD RICHARDS.—The sad death took place on Friday last at the home of her parents, Mr. and Mrs. Adolphus Arsenault, of Summerside, of Mrs. Archibald Richards, at the early age of twenty-two years, after a long illness. The deceased was of a quiet, loving disposition and will be greatly missed in the home. There are left to mourn, beside her parents, a sorrowing husband and an infant son, aged seventeen months; also three sisters and two brothers. The funeral took place on Sunday afternoon at St. Paul's Church and cemetery, Rev. Urban Gillis officiating, and was largely attended. S.

SWIFT HOCKEY GAME AT O'LEARY.—Last Friday night the Senators of Tignish met the Regals of Alberton in a friendly game of hockey on the rink at O'Leary, on a splendid sheet of ice. The rink was crowded with enthusiastic fans. The game was very fast and exciting from start to finish and, although the Alberton boys won out by a score of 2-0, there was very little to choose between the teams and it was a hard fought battle in which a number of penalties were handed out, mostly to the Alberton Regals. The game was referred by Mr. Keith Mathieson, with Mr. William Bernard as Judge of Play, both of O'Leary. S.

EASTERN AGENTS.—Mr. J. W. Murdock is Guardian Agent in Montague and will be pleased to receive new and renewal subscriptions.

CONGRATULATIONS.—His many friends are glad to hear that Mr. Kenneth Fraser of Georgetown who has been studying telegraphy for the past year with Mr. Harold Brothers, station agent at Cardigan, has passed successfully in telegraphy at Charlottetown. Kenneth is one of three of Mr. Harry Fraser's family who have taken up a profession.

THREE PROHIBITION CASES were disposed of at Summerside on Saturday. In the first case evidence was given by Inspectors Mann and MacDonald of finding a quantity of liquor in a refreshment shop in Summerside. The proprietor of the shop was fined \$300 and cozs or 5 months in gaol. In the next case Inspector Brooks gave evidence of finding the accused with a teddy of rum. The accused testified that he had just picked up the bottle in Messrs Sinclair and Stewart's horse shed. Mr. Heath Strong, K. C. counsel for the defence argued that the accused had answered the case made out against him, especially as other proceedings had previously been taken in connection with the same liquor. Counsel for the prosecution argued that even if the evidence of the accused was taken as its face value that natural inference was that he himself had previously put the liquor in the spot where he claimed to have picked it up. The accused was convicted and sentenced to \$200 or 3 months. In the third case a witness gave evidence of having purchased liquor from a party from Seven Mile Bay. As this was a second offence the accused was given 7 months in gaol without the option of a fine. Mr. Thane A. Campbell was counsel for the prosecution in each case.

DEATH OF WELL KNOWN RESIDENT.—Mrs. Charlotte Bent, for many years a well known resident of Summerside, passed away in the Prince County Hospital early last Saturday morning at the age of seventy-one years. The deceased was seized with a paralytic stroke whilst staying with Mrs. William Wadman of Augustine Cove, about two months ago. She entered the Prince County Hospital early in January, and in spite of every care and attention, passed quietly away. The late Mrs. Bent was twice married, and resided with her first husband, Mr. Willi Allen, at Cape Tormentine. Her second husband also resided in New Brunswick and after his death, Mrs. Bent, about twenty years ago, returned to the Island and resided at Summerside, where she made many friends, and was highly esteemed by all who knew her. She was a native

made in a moment get so delicious

of Chelton, being the daughter of the late Mr. and Mrs. William Baker. There are left to mourn one brother, Mr. Dixon Baker, of Moncton, N. B.; and three sisters, Mrs. R. Thompson, of Tryon; and two married in the United States. The funeral took place on Monday afternoon, service being held in the Baptist Church, Summerside, Rev. A. Adams officiating, thence to the Baptist burial ground at Bedeque, where the remains were laid to rest beside those of her late parents, and was very largely attended. S.

PERSONALS

Mrs. Vernon Matthew, of O'Leary, was in Summerside over the week-end. S.

Mrs. McArthur and daughter, Miss Bessie, of Elmsdale, were visitors to Summerside last week. S.

Mr. Arsenault, proprietor of Ed-dy's Tea Rooms, Summerside, left on Saturday last on a trip to New York and other cities. S.

A new spark plug has a valve that opens to admit air with the suction stroke of the piston with which it is used, its inventor claiming better combustion and fuel economy results.

If Your Throat Pains This Will Help

"For long years I suffered from relaxed throat and catarrhal discharge. When quite discouraged, I started to use Catarrhazone Inhaler; it stopped my cough, cleared away the discharge, and drove all trace of catarrh from my system." Signed: "E. Evanson."

Relief is instant—suffering stops at once—germs are destroyed—every taint of catarrh is removed. Think it over seriously. Here is a remedy that clears the throat, relieves hoarseness, coughing and

Catarrhazone Inhaler

bad breath. Irritating phlegm is cleared out, inflamed bronchial tubes are healed, throat and voice are strengthened. Catarrhazone is pleasant and certain. You breathe Catarrhazone—there is no medicine to take. Large \$1.00 size is guaranteed; smaller size 50c, and trial size 25c, at all dealers everywhere.

THE PUBLIC FORUM

FOR BETTER ENGLISH

Sir,—Will you be good enough to publish the following rules of the Better English Contest and the Competition (and call attention to same) which I broadcast over CHNS on Feb. 22, in order that the schools in touch with your publications may be given an opportunity to accept the challenge which they may not have been able to get clearly over the radio?

I am, Sir, etc., ROSAMOND M. DEWOLFE ARCHIBALD.

THE HORTON ACADEMY OF ACADIA UNIVERSITY

The Contest Challenge "We, the second year English students of the Horton Academy of Acadia University, for the sake of promoting a keener interest in spoken English, do hereby challenge any other grade in Canada to compete with us in reciting in unison the 38 drills of 'The King's English Drill,' published by our teacher, Miss Archibald, in or within five minutes." The winning grade shall receive a book prize, "The Ryerson Book of Prose and Verse."

THE COMPETITION For Nova Scotia Only

For the best 200-word composition on the subject, "Why We Should Learn to Speak Beautifully," a book prize is to be given to any student of grade 6, 7 or 8 of Nova Scotia schools. The composition must be in the hands of Miss Rosamond Archibald, Wolfville, by May 1, 1929. The prize offered is the first copy of Miss Archibald's "Better English Games," soon to come off the press. Horton Academy, Wolfville, March 2.

Charlottetonian Wins Gzowski Prize

The following item from the Engineering Journal will be of particular interest here as Mr. F. E. Sterns referred to here is a son of Mrs. A. W. Sterns, Cumberland Street. The Gzowski Medal Committee for the year ending June 1st, 1928, has pleasure in reporting its findings as below:—

The task of your committee has been one of no little difficulty, in that the list of papers eligible for the Gzowski Medal Award submitted during the year included many of a very high standard of excellence which constitute noteworthy contributions to Canadian engineering literature. All of the eligible papers have been carefully reviewed and evaluated independently by all members of your Committee, having regard for all conditions governing the award, and at a subsequent full meeting of your Committee these independent ratings were further considered and the final recommendations noted below were unanimously adopted.

In consideration of the fact that the papers eligible for this award for the year 1928 include several of outstanding merit, and in view of the fact that no award of the Gzowski Medal was made for the year 1927 or for two recent previous years, your Committee unanimously recommends that two Gzowski Medals be awarded this year, one to Mr. Paul Ackerman, A.M.E.I.C., for his paper on "A Study of Transmission Line Power-Arcs," and one to Mr. F. E. Sterns, M.E.I.C., for his paper on "The Lock Gates of the Welland Ship Canal."

KINGSVILLE, March 3.—The last day of the winter month saw the first harbingers of spring, when a flock of wild geese returned to Jack Miner's sanctuary here. A large percentage of the flock wore the little aluminum tags which have been placed on their legs by Jack Miner with a view to studying the route of their migration. "These birds know their way back to me, though my sanctuary does not represent even a dot on the map of North America," the well-known naturalist commented.

"Canada Shows Us, Again" The Home News, New York says: Once again, Canada has some useful information for us on the subject of the superiority of temperance regulations over discouragingly futile and expensive attempts to enforce complete prohibition. Until a year ago, the three maritime provinces of Nova Scotia, Prince Edward Island and New Brunswick had prohibition laws. The two first-named retain them, but New Brunswick adopted the sale of liquor under government control a little more than a year ago. Thus the latter province has had recent experience with both policies. Now, R. G. Fulton, chairman of the New Brunswick Liquor Control Board and for 30 years connected with temperance work of the Methodist Church and the United Churches, states that under the government-licensing plan, "The bootlegger has been driven out of New Brunswick and the flask in the hands of the boy and girl has disappeared. "Today it is practically impossible to buy liquor in this province except in the stated hours and at the government stores. Hotelkeepers report that drunken carousing has ceased. Public dances, picnics and holiday gatherings are carefully supervised by the provincial police and the reports being received show a decided improvement in the public life of the people." A Halifax correspondent of the Scripps-Howard Newspaper Alliance furnishes an interesting comparison of arrests for drunkenness in two maritime province cities in one month last year (and it is understood that the police of both cities are prompt to make an arrest in every case of public intoxication). In Charlottetown, on "dry" Prince Edward Island, there were 30 arrests on that charge, under what is supposed to be the most rigid sort of prohibition. In St. John, New Brunswick, there were 32 arrests. The figures seem to be about alike—until it is considered that "dry" Charlottetown has a population of only 9,000 while St. John has 60,000. The Halifax writer says, "The Province, with government liquor sale, is receiving the revenue which formerly went into the pockets of the bootlegger. "After a year of administration, the liquor-control board claims a recognition of law such as has not existed in the past ten years, an elimination of hypocrisy which was undermining the moral life of the people. The liquor traffic has been brought out into the open. If a person desires to purchase liquor, legal opportunity is given; if the law is broken, the violator goes to jail." It is quite obvious that New Brunswick, having tried both methods, will have no desire to resort to "prohibition" again. If President Hoover's "prohibition fact-finding commission" is appointed, this is a fact that it might consider.

Islander Is Champion Curler The Winnipeg Free Press of a recent date contains lengthy reports of the Burke Jewelry Curling Contest, which was being played in that city and gave photographs of the winner, who in this case was Mr. Ness Wise. Mr. Wise is the undefeated champion in the Winnipeg bonspiel in a rink of exceptionally keen curlers. There was particular rivalry in the Burke game and much interest created in its outcome, but the Islander won out triumphantly for his rink amid great applause, the galleries being crowded to capacity. Ness Wise and his undefeated Strathcona Rink may well feel proud of their victory. Mr. Wise, who is a son of the late Mr. Frederick Wise, was born in Milton, and is a nephew of Mr. Albert Wise of this city and son-in-law of Mr. Jonathan West also of Charlottetown. His home friends will wish him continued success.
