Ladies and Gentlemen

I am offering my services to the City as a Commissioner for Sewers and Water Supply. Post-war projects must definitely, in so far as housing projects are concerned, effect our water supply and water mains and sewerage extensions.

My experience as Engineer and Maintainer for the Maritime Electric Co. for the past 28 years should prove valuable to our City in the above mentioned construction. More especially also in the erection of auxiliary pumping stations of which I can devote full time.

CHARLES T. M. MANSON.
