ASSEMBLY FIXES HIGHER PENSIONS

TORONTO, June 15—In putting their house in order, preparatory for the details of church union, the Presbyterian body are seeing to it that their ministers, whether active or retired, will receive greater financial attention than in past years. The first step was taken some days ago, when the Assembly went on record with a resolution, stating that all the Presbyteries should guarantee a minimum salary of \$1,800 for all active ministers and they followed it up yesterday by approving the general outlines of a new pension scheme, which falls just a little short of doubling the allowances now granted to the aged or infirm ministers and their families. Under the present pension scheme, generally speaking, the highest payment runs from \$500 to \$600, but the outline of the plan which passed the assembly yesterday provides for a pension of \$1,000 for ministers of 40 years' service, or who have reached the age of 70, and an alternative pension of \$500 for the widows of any ministers, regardless of the age at which their husbands might die. The plan was almost unanimously supported, the discussion centering around some of the details of its working out, and while it will doubtless be decidedly encouraging to the young students who are looking forward to the Presbyterian ministry as a lifework, it has the one drawback that it will not come into effect until 1922.

Stewart, Mrs. Donald McLeod of Fort Rouge, Winnipeg, and Dorothy at home. The funeral was held on Friday afternoon, June 3rd, and was very largely attended, the services at the house and grave were conducted by her pastor, the Rev. J. C. Martin.
