THIS FELLOW HAD QUEER SENSE OF HUMOR.

TORONTO, Ont., April 1—An April fool joke, with a gruesome sense of humor, called up the newspaper offices and police stations at midnight and stated that several persons had been killed in a railway wreck at York, five miles east of Toronto. A hurried investigation revealed the hoax.

A PRAYER FOR THE PRESENT

Not more of light, I ask, O God,
But eyes to see what is;
Not sweeter songs, but power to hear
The present melodies.

Not greater strength, but how to use
The power that I possess;
Not more of love, but skill to turn
A frown to a caress.

Not more of life, but power to live;
Its kindling presence near;
To give to others all I have
Of courage and of cheer.

Give me all fears to dominate,
All holy joys to know;
To be the friend I wish to be,
To speak the truth I know.

ST. PATRICK'S DAY IN HOPE RIVER.

The annual St. Patrick's Day celebration was held this year on Monday evening, March 18th, by a grand concert in Hope River Hall, and an address by Rev. Dr. Curran. The celebration was held under the auspices of the St. Patrick's Branch of the B. I. Society. A large audience was present despite the very bad state of the roads. W. H. Hogan, President of the Society, presided, and announced each number on the program. Though unjust to particularize, special mention must be made to the solo by the Misses Doiron of St. Mary's Road, which was well received and heartily encored. The recitations by Misses Lottie O'Connor, Katie M. Walsh and Laura Murphy were much applauded. Thos. Donahoe of Kentville delighted all by his rendition of Irish songs. This was Mr. Donahoe's first appearance before a Hope River audience, and he may be sure of a very hearty welcome when next he visits Hope River. Mrs. David V. Fleming presided at the organ, and assisted in many ways in making the entertainment a success. But the greatest event of the evening was the address by Rev. Dr. Curran. Dr. Curran is a pleasing speaker, and by his genial manner, fine personality and kindly nature, he soon won the hearts of the audience. For nearly an hour he spoke on the different traits of the Irish character, showing that the Irish excelled in such virtues as patriotism, bravery, hospitality and piety, while their failings were very few. After a vote of thanks, which was ably supported by M. H. Coughlin, was tendered Dr. Curran, to which he suitably replied, one of the most successful entertainments in the history of the Society came to a close.

Slow Getting Well

The pale, thin face of one who has just been through a serious illness is one of the saddest of all sights. With weakened, trembling limbs, and faltering steps they creep about—it takes so long to get well. We know something that is the greatest help to such persons of any remedy we have ever sold, and the way it hastens the return of health is truly remarkable. This remedy is Vinol, our preparation of cod livers and strengthening iron in the form of a delicious wine. It is far better than cod liver oil, for Vinol agrees with any stomach, however weak, and begins its work by enriching and strengthening the blood and improving the circulation, nourishing all parts of the body. Vinol will put you on your feet—if it does not we give back the money. Certainly a fair offer.

FELT LIKE A CINEMATOGRAF FILM.

LONDON, April 1—The Countess of Warwick, who arrived at Plymouth Saturday from New York, was met on her arrival here, by her husband, who greeted her very affectionately. The Countess said that she knows now what lecturing in America means and will not attempt to go there on any mission again. The Countess said that while she was in America she was dragged here and there. She met many charming people, but all the time she felt like a cinematograph film. President Taft she said was a most charming man, of impressive personality. "I should have broken down if I had followed out my schedule," she said.

SENATE HOLDS FLOOR IN PARLIAMENT.

OTTAWA, April 2—The senate held the centre of the stage of the parliament's last days. His Royal Highness the Duke of Connaught came down and gave assent to the legislation and prorogued parliament. The Senate celebrated the last hour of the session by again turning down the Government bill to give two millions to Ontario government railways. Sir Richard Cartwright expressed the opinion that the bill increasing the subsidy to P. E. Island will be found ultra vires if taken before the Privy Council.
