THE CAR FERRY TERMINALS TO BE CAPE TRAVERSE AND CARLETON PT, P. E. I.

P. E. I. MILITIA WILL CAMP IN CHARLOTTETOWN

H. H. Brown Wires Premier Mathieson at Ottawa With Prompt Results

A SPLENDID MOVE

The following despatches will be of great interest all over this Province, and especially in Charlottetown where the militia will go into camp. The first despatch was forwarded to Premier Mathieson at Ottawa on Wednesday at two o'clock and yesterday at the same hour the answer was received in Charlottetown:—

Hon. J. A. Mathieson:

See the Minister of Militia at once. All militiamen ordered to Sussex to camp. People up in arms. 82nd Regiment cannot get 25 per cent of men and officers to go. Army Medical Corps in the same condition. Department must have been wrongly advised. All interests, except one, in the City and Province deadily opposed to change. Make positive arrangements that we have camp as usual. 82nd Regiment, Army Medical Corps and Light Horse. Wire as soon as possible as to whether you can arrange and if not we will send a large delegation of militiamen and others to Ottawa.

(Signed) H. H. BROWN.

Following is the reply:—

H. H. Brown:—

Minister of Militia has agreed to permit Island militia to drill at home as formerly.

Prof. Kirkpatrick Favors These Locations-- Tenders Will Be Called

(Special to The Guardian) OTTAWA, June 6—Some time ago the Government took steps to remedy the long standing grievance of P.E.I. by deciding to establish a car ferry service to the mainland in connection with the Intercolonial and P. E. I. Railways.

Expert Prof. Kirkpatrick, of Queen's University, was selected to make observations of ice floes and currents and to report as to the most desirable points for terminals.

After several months careful study and survey Prof Kirkpatrick recently submitted his report and on the strength of it the Minister of Railways has decided on Cape Tormentine, N. B. and Carleton Point, P. E. I., as the terminals.

The distance is ten miles and the route is not only the shortest but offers the least difficulty to navigation at all seasons.

Tenders are to be invited immediately for the construction of car ferries of the most modern type while the gauge of the P. E. I. R. will be standardized.

The selection of Cape Tormentine as a mainland terminal will involve the acquisition of the New Brunswick and P. E. I. R'y, a thirty mile line between Cape Tormentine and Sackville, N. B., which will be purchased and operated as a part of the I.C.R.

FIREMEN GET INCREASE

MONTREAL, June 5—The twenty-four members of the joint protective board of the Brotherhood of Locomotive Firemen and Engineers, who have been in Montreal since May 15, representing the firemen of the G.T.R. from Chicago to Portland, Maine, in conference with W. D. Robb, superintendent of motive power, have left the city having secured a revised schedule along with they declare are satisfactory lines. The mileage rates of \$2 to \$2.70 per 100 miles, according to the class of work, have been exchanged for a mileage schedule of from \$2.15 to \$2.90. Within these limits the increase of from ten cents to thirty cents per hundred. The average rate in this locality is from 125 to 150 miles.

The monthly rate of pay on the specified list is from \$70 to \$80, instead of \$57 to \$74.

Firemen called up for special yard or wreck service will be credited with a minimum of ten hours work and there will be no more engine cleaning by firemen.

W. J. Dowell, of Brockville, chairman, who is still in the city, states that the negotiations were amicably carried on and are perfectly satisfactory.

PARENTS RESCUE CHILDREN.

BROCKTON, June 5—The parents of five children carried them safely out of a burning three-story wooden building at No. 88 Porter avenue.

The house is owned by Matthew Constantine who occupied the first floor, and the second floor is occupied by John Domino. The third floor is not occupied. The fire started about the chimney on the third floor, and was burning rapidly through the roof when discovered by a citizen. The parents rescued their children, who were asleep.

The upper part of the house was gutted and there was a heavy damage by water on the first and second floors.

THE INCIDENT OF A LETTER

Secretary of Congress Regrets Publication of Letter and Issues a Statement

(Canadian Press.) QUEBEC, June 6—An incident was raised by the publication of a letter of the secretary of the French Language Congress which stated that French Canadian interdicts of Maine would not be admitted to the congress, without having made an apology to Bishop Walsh of Portland, was brought to a close today by the committee of this congress.

A statement has been issued in which it says that after having heard the explanations given by the secretary the committee regrets the publication of the letter and stands by the regulations which declare that every French Canadian or Acadian shall be admitted to the congress.

BILLY THE KID MUCH ENJOYED

One of the finest western shows ever produced in Charlottetown was presented to a large audience in the Opera House last night. The title "Billy the Kid," so widely advertised over the city yesterday, had expectations running high and no one was disappointed who enjoys the rough and tumble of a western scene. The plot opened in home of Double X Ranch at New Mexico, where peace and happiness reigned until the villain entered it. Billy the Kid, Nolan Kane, was a splendid character, handsome, honest and brave, always giving the weak his protection, and although a desperado, a good one.

A fine strain of comedy ran through the entire four acts especially the actions of Mose More, Col. Bradley's colored servant who had gone through the war with his employer. The manager of the Spanish American Iron company, having declined a meeting with a rebel leader with one hundred followers near Cuero, was threatened with the destruction of all property between that place and Jurague. To add to all this the owners and representatives of several of the large American properties near Guantamano, having failed in their application to the Cuban government, appealed directly to Captain Kline, Captain Kline, judging that the gravity of the situation demanded the use of American guards, this morning sent 450 of his marines from the naval station by boat up Guantamano Bay to a landing place near Calmanera, the terminus of the railway running up to the city of Guantamano fifteen miles inland.

Accordingly Admiral Osterhaus promptly dispatched from Key West to Guantamano, the fourth division of the Atlantic fleet, comprising the battleships Ohio, Missouri, Mississippi and Minnesota. They are under the command of Rear-Admiral Usher, who by virtue of his superior rank will assume command at Guantamano when he arrives there Friday morning. Admiral Usher can easily land 1,200 marines and blue-jackets, which force, with the marines and sailors available for landing parties, would make a formidable little army of about 3,000 men. If this force is not sufficient, Admiral Osterhaus remaining four vessels may be called upon for the assistance. For the present it is the policy of the state department to maintain the third division of the fleet at Key West to guard against any uprising in Havana.

BATTLESHIPS UNHARMED. ROCKLAND, Maine, June 6—As if to confirm the statement that the battleship Arkansas was not seriously damaged by the encounter with an uncharted reef, near to Bush Island Sunday night the vessel went her standardization runs today west the mile at the rate of 21.3 knots for the five fastest runs.

KEEN COMPETITION FOR HIGH HONORS

MONTREAL, June 5—It is many of years since the final standing of the students of McGill's graduating class in Medicine has so uncertain and so difficult to prophesy. There were four men whose chances for the first honor were regarded as good.

The Holmes gold medal, the blue ribbon, of all honors which can crown the academic career of a medal student, goes this year to F. H. MacKay, of P. E. I. This is given for the highest aggregate in all subjects of the whole five year course. As an institution it has been in existence since the early seventies and its winners are now numbering amongst the foremost medical men of the country.

The rivalry between F. H. MacKay and D. S. Lewis, M. Sc., winner of the Wood gold medal for best degree.

In Forming a Volunteer Brigade to Guard Property of Foreigners

(Canadian Press.) WASHINGTON, June 6—President Gomez informs the United States that he is forming a volunteer brigade to guard the foreign property and asks that the recent order for rifles be increased from 5,000 to 10,000.

WASHINGTON, June 5—Captain Kline's action in dispatching nearly half of his available forces of marine into the interior of Cuba, gave the signal for the departure from Key West, to Guantamano of half of the second squadron of the Atlantic fleet, which had been lying at anchor at Key West for the last week.

The facts as disclosed at the state department are that several of the large American, British, French and Spanish companies operating plantations and mines in eastern Cuba, thru the alcade of Guantamano, a demand for 100 regular troops for each of their estates and fifty for each of their cane fields.

In reply President Gomez pointed out that a compliance with their requests would require the use of 1,250 of his best troops, for the protection of one group of foreign-affected districts. If he acceded to parties in a single section of the disarmed demand he said, his whole regular army would not suffice for police work alone and he would have no forces left with which to carry on the campaign against the insurrectionists.

Meanwhile complaints multiplied, the situation in Guantamano, was becoming more alarming and the Guantamano Sugar company had definite information that the rebels intended to destroy one or more of the foreign estates and thereby the manager of the Spanish American Iron company, having declined a meeting with a rebel leader with one hundred followers near Cuero, was threatened with the destruction of all property between that place and Jurague. To add to all this the owners and representatives of several of the large American properties near Guantamano, having failed in their application to the Cuban government, appealed directly to Captain Kline, Captain Kline, judging that the gravity of the situation demanded the use of American guards, this morning sent 450 of his marines from the naval station by boat up Guantamano Bay to a landing place near Calmanera, the terminus of the railway running up to the city of Guantamano fifteen miles inland.
