CABLE FROM THE FRONT. — A cable was received in the city last week from Major D.A. McKinnon, D.S.O. in which he said "All Island boys with me are well and doing splendid work." As this cable is much later than any letters received from the boys themselves their parents and friends may regard it as a personal message from each. All will be glad to have this late reassuring word and will be grateful to the Major for his thoughtfulness in sending it at a time when news from the front is so eagerly awaited.
