Giants, Tigers Increase Lead

RAIN MAY HALT TITLE BOUT AGAIN New York Team Strikes Hard Blow At Cards Chances

FIGHTERS NOT WORRIED, HOWEVER.

McLarnin's Chances Against Ross Viewed In Favourable Light on Eve of Battle.

(By Edward J. Nell) Associated Press Sports Writer (By Guardian's Special Wire) NEW YORK, Sept. 14 — Barney Ross, brisk little double champion of the lightweights and welterweights, is supposed to defend the latter of those titles against Jimmy McLarnin, the Irish avenger from Vancouver in Madison Square Garden's bout on Long Island tomorrow night, but everyone's fingers are crossed. Freaky weather, that already has forced 10 days of postponements, still was in charge of the situation and the prospects for a clear night for the 15 round return engagement actually were no better tonight than when the bout was first scheduled to go on Sept. 6. The weather man said showers were due tomorrow.

Regardless, the athletes finished their training chores today as unconcerned as if they hadn't been trying to fight their way out of hotel rooms for almost two weeks. McLarnin punched a light bag and exercised for four rounds at one gymnasium and Ross, who took McLarnin's 147 pound laurels away from him on a split 15-round decision in May, did about the same at another.

Canadians Ready For Stern Fight In Women's Golf

(By Edwin Johnson) Canadian Press Staff Writer) TORONTO, Sept. 14.—A galaxy of stars such as seldom before has set out in search of the crown, poised ready today for the opening round of the women's open golf championship of Canada. Preeceded by a team match Saturday between the foremost players in the Dominion and Britain, the major title chase will be launched on Monday with a qualifying round of 18 holes over the beautiful Toronto Club layout.

Out of the large field of aspirants, only 32 who turn in the best gross scores will have the honor of testing their fortunes in the gruelling title fight. Those failing to make the grade, however, carry on in other flights for the consolation and other prizes. Match play in the elimination process continues for the rest of the week, with the championship final Saturday, Sept. 22, over the 36-hole route.

But Canada's forces are ready to meet the challenge, led by the defending champion Miss Ada Mackenzie of Toronto, who also wears the Canadian Close crown as a further symbol of her prowess. She says she is eager to succeed her on the throne. Among them are such outstanding stars as Mrs. W. D. Fraser of Ottawa, who, probably better known to the golfing fraternity as Miss Alexe Stirling, won the title back in 1920; Mrs. J. Dagenais, Montreal, province of Quebec champion; Miss Margery Kirkham, Montreal; Mrs. R. K. Beirato, Winnipeg; Mrs. Vera Ford, Vancouver; Mrs. Roy H. Horne, Calgary; Mrs. E. J. Mulqueen and Mrs. W. E. Whittington, both of Toronto, all champions or former champions in their own right.

DOWN THE BACK STRETCH

(Continued from Page 6) Tillyworth (9) 2:11 and a great band of brood mares, have produced a nervous crop of yearlings that will be sold at the November Old Glory sale in New York.

Anyone contemplating buying a high class prospect would be well advised to send to Walnut Hall farm for a copy of the catalogue. To one interested in the study of pedigree it is entrancing and a revelation. Thanks, Gentlemen, for your courtesy in forwarding it.

We had a nice letter from our old friend Dr. Christopher last evening with an accompanying article bearing on the study of pedigree it is entrancing and a revelation. Thanks, Gentlemen, for your courtesy in forwarding it.

Two new world's records were established at the Ohio State Fair race meet, Columbus, Ohio, last week. Doc Marshall drove Morley Frisco to a win in the Free-For-All Trot in 2:05 1-4, 2:05, 2:04 1-2, the three fastest heats to the credit of a trotter on a half mile track—and a trotter on a half mile track—and Ray Henley led Sally D. Scott in a special match race, thus staking the two fastest heats ever paced in a race on a small oval.

John E. Kelly, Bangor, Maine, well-known here through his racing stable which was campaigned by "Red" Hanafin, has a real world record in the three-year-old pacer Marilee. Hanover 2:06 1-4. She has been winning regularly throughout Ohio and in a recent race was timed in 2:05 from where she got away. Will Duffy, Editor of the American Sportsman, says she is capable of breaking the world's three-year-old pacer record for a filly on a half mile track any day she hits a good track and they wish to extend her. We are glad to see Mr. Kelly with such a wonderful pacer and hope he will win many more honors.

The Ontario and Quebec horsemen seem to be capable of getting a lot out of their steeds, racing them practically the year around. What is said to be a new record as regards number of races won in a short space of time goes to the Guy Axworthy mare Queen. High Guy competed in nine races in ten days and was a contender in all of them. She was in the money in all the starts and forced a horse to take a record of 2:12 3-4 at Sherbrooke.

Will Coston has not lost his power to spring surprises in the horse world. At Syracuse Grand Circuit meeting last week he sprang one of the biggest upsets of the year when he won the Western Horseman Futurity with Vamine, incidentally stepping the fastest mile of the season for a three-year-old—2:01 3-4.

The fastest two-year-old trotter of the season is Greyhound, who is campaigned by that master hand-

MESSAGES POURING IN ON SOPWITH

British Hopes High That Endeavour Will Regain Trophy.

(A. P. By Guardian's Special Wire) LONDON, Sept. 14.—All Britons turned their eyes toward Newport tonight with hopes high that T. O. M. Sopwith and his yacht Endeavour will at last bring back the famous cup lost to the schooner America in 1891 and unsuccessfully sought since by 15 challengers. Public interest has never been so keen and is conceded to be much higher than during the time Sir Thomas Lipton was vainly challenging with his series of Shamrock's. Cable officers have been swamped with messages of good luck to Sopwith and his crew and newspapers have been giving columns to descriptions of Endeavour and the American defender, Rainbow.

ABBEY TEAM MEETING

Abegweit Intermediate baseball team will hold another meeting tomorrow morning at 11 o'clock at the Abegweit Grounds. Everybody please be on hand.

Change Date Of Baseball Playoffs

(C. P. by Guardian's Special Wire) YARMOUTH, N. S., Sept. 14.—Playoff dates for the Maritime baseball championship between Yarmouth Gateways and St. Stephen-Milltown Kiwanis have been shifted ahead one day, it was announced here today by Peter Judge, secretary of the Yarmouth Amateur Athletic Association.

The races at Fredericton on Wednesday resulted in quite a number of surprises. For instance Peter N. Dillon, whose best performance was second in 2:12 1-2 at Charlottetown, won a heat in the 2:19 mixed and reduced his record to 2:10 1-4. Trilxie Volo was second that trip. The third and fastest heat of the race was stepped by the winner of the 2:09 1-2 and Charley Beardson's The Willys, was the horse that chased May to her new record.

Other horses which took new records on Wednesday at Fredericton are Keystone, who won the third heat of the 2:24 Trot in 2:13, driven by Early Avery, and Miss Crumby, who won the Named Race, stepping the first two heats in 2:11 1-4 and 2:08 1-2, the second one a new record for Miss Crummer. The third heat was won by The Outlook in 2:10 flat.

Well McNeil has sold World Lee 2:07 1-4 to a party in Newfoundland and he is on his way to the ancient colony where he should prove useful opposition to the speed brigade already there.

L. M. Ellis, the Maritimes oldest reitman, received injuries to his leg from a wagon. He was driving his well known trotter, Toddles 2:14 who became frightened by a passing auto and swerved to one side upsetting the vehicle.

Sampson Hal 2:02 1/4, Mr. G. H. Buntain's good pacer, is at Charlottetown race track having a few final workouts.

The boys are back from Fredericton bringing a wealth of stories from there which we regret we have not space to publish in this issue and of course some of them cannot be published. By the way, here is a good one about Guy the Tramp. You will note that he did not start in the Free-For-All on Thursday. The reason was that owner Crummer tried him out with eight ounce trotting shoes on in front on the previous Saturday and he won, ed nicely, going a mile in 2:18. On the following Monday after two or three warming up miles, he and Billy Strathmore 2:04, unbeaten for two years over half mile tracks in Free-For-Alls, etc., appeared for a good workout.

They stepped away together, Guy trotting, Billy pacing, with Guy on the outside, down to the half in 1:05 flat. Then they turned on the steam and came the last half in 1:02 1/2 heads apart, the mile in 2:07 1/2. What do you think of that?

Strikes Hard Blow At Cards Chances

Schumacher Hurls 4-1 Victory In Second Game Of Series—Detroit Tigers Forced To 12 Innings To Down Senators.

(A. P. By Guardian's Special Wire) NEW YORK, Sept. 14.—Hal Schumacher picked up the gauntlet St. Louis Cardinals tossed down here today and slapped the St. Louis pennant hopes right in the face with a five-hit pitching performance and a home run that lifted New York Giants to a 4-1 victory over their second-place rivals. The triumph again increased New York's lead to 5 1-2 games at the halfway point of the crucial series and did serious damage to the Cards' prospects of making a race of it for the flag. The Giants have only 14 more games to play and the Cards 16.

The big right hander pitched one of his best games of the season as he chalked up victory 22, against seven defeats. The only Cardinal run was unearned and Jim Collins, who scored it, was the only Cardinal player to touch third, getting there twice.

Braves Beat Nemesis Fred Frankhouse held Cincinnati Reds to seven scattered hits as Boston Braves won the first game of a series 4-2 at Boston. The victory was especially pleasing to the Braves for it was won in the face of the hurrying of their old Nemesis, St. Johnson, whose offerings were tagged for 10 safeties.

NEW YORK, Sept. 14.—Three times Detroit Tigers nearly threw away a ball game with Washington at Detroit today as they played as if disgraced by their inability to hit Bob Burke's pitching, but each time they repented their actions and tied the score and finally they won out 6-4 in the 12th to increase their lead over the defeated New York Yankees to 4 1-2 games.

SPORT BRIEFS (Continued from Page 6) horse named Hallencourt, who was habitually an "also-ran." The fake horse paid thirty-five to one, netting backers \$28,000. He was shipped away immediately after the race. In a short time the authorities discovered that they had had one put over on them, but too late to secure the horse and gang. They had got away by motor truck to parts unknown.

At Tokio last Saturday a touring United States track and field team nosed out an all-Japanese team by 84 to 75 points at the end of their two day International track meet. High winds and gusts of rain drenched a crowd of 25,000 spectators during the final event.

Running with a gale in his back Ralph Metcalf, colored American sprinter, tramped the 200 metres in the record smashing time of 20 2/5 seconds.

Statistics of Fredericton race meeting just closed show there were 27 heats trotted and paced, the fastest being the 2:06 pacing of Toll Gate in the first heat of the Free-For-All and the 2:06 of Billy Strathmore in the second heat of the same race, the slowest the 2:15 of Peter N. Dillon, the first heat of the 2:24 Pace. The average time of the 27 heats is 2:10. There were 15 heats paced in the pacing classes and the average time was 2:09 1/4. There were 12 heats trotted, the fastest being the 2:07 new Maritime trotting record made by Peter Pokey and the slowest the mile in 2:13 by Keystone. The average time of the 12 heats trotting was 2:10 1-3.

Of the \$2,500 in purse money Maine owned horses won \$1,125. Nova Scotia owned horses \$700, New Brunswick owned horses \$475, and Prince Edward Island owned horses \$300. Harry Clukey of Maine was the leading driver with 27 points.

In the three Prairie Provinces on August 10, 1934 the estimated acreages showed a decrease of 1,811,000 acres, or 7.5 per cent in wheat; a decrease of 70,000 acres or 2.3 per cent in barley; and a decrease in flaxseed of 17,500 acres or 7.4 per cent. Oats increased by 170,000 acres of 1.9 per cent, and rye also increased by 149,300 acres or 28.7 per cent.

In seven days at their second meeting of the season at Rockingham Park, N. H., the sum of \$2,210,871 was bet through the pari-mutuel machines. A gentleman who was here attending the Exhibition races states that the running meets at Rockingham are impoverishing the nearby towns where the people have gone betting crazy on the runners. In Canada things are much better handled, only two meetings are allowed in one section per year and they are only of six days duration, three days each week.

The Final "GO"
