Summerside War Services Drive Is Launched Successfully

The Canadian War Service Campaign opened in Summerside last night with a supper for the volunteer workers at St. Mary's Hall. The supper was put on by the Absegweit chapter of the I. O. D. E. Mr. Peter G. Clark, campaign chairman for Prince County and Mr. W. A. Currie, Summerside campaign chairman, jointly presided. Before the guests sat down "O Canada" was sung and Mr. A. S. MacKay said the "grace."

The banquet was featured by a sing-song led by Mr. George Bowles from Mr. Albert Huestis at the piano. At the conclusion of the supper Mr. Clark outlined the object of the war services drive which is to help the war effort by raising money for the purchase of supplies for the front. Mr. Clark stated that the drive and that the rural districts had responded wonderfully. He pointed out that the drive would be reached and go over the top.

Mr. W. A. Currie in a short outburst of address spoke of the splendid address given by the speaker, Mr. Clark outlined the object of the war services drive which is to help the war effort by raising money for the purchase of supplies for the front. THE MARITIME WOMEN'S CLUB OF MONTREAL, INC.

"Elizabeth of England" was the title of a solo-drama played by Doreen O'Brien before the Maritime Women's Club of Montreal, Inc. at their recent meeting held in the Prince of Wales Salon, Windsor Hotel.

Elizabeth of England is a portrait of Queen Elizabeth Tudor specially arranged by Miss O'Brien. Her aim has been to pick out the salient features of a varied reign in which Elizabeth's genuine concern for her subjects, her infatuation for the Earl of Leicester, the constant irritation of Spain, and the tragedy of Mary, Queen of Scots, are the main points of emphasis.

Beginning on the day of her accession to the throne, the drama ends with the defeat of the Armada and the hint of the rise of the new favourite, the Earl of Essex.

A request for further volunteers to work on the War Services Campaign was voiced by Miss Flora Turner, Captain of the Club team. Mrs. Guy Laprak, President, presided at the meeting.

OLD TIME STRUCTURE ONCE COFFEE HOUSE

MONTREAL Que. March 24 —Wreckers are demolishing an old time structure in Craig Street which was once part of the city's hospital, having been the last Coffee House. In other days the coffee house was usually a temporary place, serving coffee, bread, and gossip. The traffic department of the Canadian National Railways records that this particular establishment was recommended to travellers even in the "nineties." When its gentility disappeared the building sheltered a restaurant where for fifteen cents the patron could obtain a "full course meal." Even that stage faded years ago.

OATMEAL OMELETTE

Four ozs. crumbs; 2 Australian eggs; 1-2 oz. margarine; salt; pepper; 1-2 pint hot milk; 1 cooked and chopped onion; 1 cz oatmeal; 1 teaspoon of sage; 1-2 teaspoon each thyme and marjoram. Pour the boiling milk and the crumbs into the sauce for one hour. Beat the mixture with a fork, then add all the other ingredients. Grease the dish, pour all into this, and bake for one hour.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

TORONTO: "Baby's first pair of shoes is one of the most important pairs in a lifetime," said an official of the Health League of Canada in a recent address. "The one thing that doesn't matter about them is size."

Squarered shoes with straight inner edges are what the child needs with plenty of space to allow for quick growing said the speaker. He pointed out that the infant bones and muscles cannot stand the strain of long standing and are likely to "harden out" if the child is encouraged to stand or walk to much.

In adult life, he declared, care of the feet was of the first importance to general comfort and health. In this connection he deplored the tendency of women's footwear to sacrifice comfort for style. Usually, he declared, women's shoes are too narrow, their soles are too thin, the toes too pointed and the heels out-acutely high.

Narrowness in a shoe is conducive to bunions, corns and sometimes over-riding and hammer toes. Pointedness in the toe draws the line of the foot outward and may cause flat feet. Excessively high heels cause an undue load on the arches, which may break down under the strain. He suggested that many women who attempt to reduce their weight by taking nostrums or adopting a "reducing diet," would be better advised to wear shoes which would allow of their enjoying the exercise of walking.

The feet should be tended as carefully as the hands, said the speaker, and in much the same way. They should be washed each night, dried, and massaged with a drop olive oil, or some baby powder being used so that the fingers will slip over them. Blisters should receive special attention, and the speaker, because a broken blister is a potential focus

Wheezing in the Chest Points to Bronchitis

The principal symptom of bronchitis is a dry, harsh, hacking cough accompanied by a rapid wheezing and tightness across the chest.

There is a raising of phlegm, especially in the morning. This phlegm is at first a light colour, but as the trouble progresses becomes yellowish or greenish.

You may find in Dr. Wood's Norway Pine Syrup a remedy to help stimulate the weakened bronchial organs, relieve the inflamed, swollen and irritated parts, loosen the phlegm and aid nature to easily discharge the morbid accumulation.
