EMPLOYMENT NEWS
 National Employment Service
 presents a partial list of job opportunities available through its Local National Employment Office.

MALES:
ATTENTION
FARMERS AND FARM LABOURERS

Providing we get some rain soon, a bumper crop of spuds is indicated. Getting this crop in the cellars is going to be a big job, in fact, it is going to call for the wholehearted support of young and old, male and female. In this respect the National Employment Service is appealing to all unemployed persons to give the farmer a hand at this time.

He is willing to pay you a good wage as well as room and board, so how about it? If you haven't already someone in mind that requires additional help, just contact this office and the staff will only be too willing to direct you to some farmer in the area in urgent need of your service.

Now farmers, if you feel that you are going to be in urgent need of pickers, please let us have your orders at once so that we will be in a better position to serve you. Some of these men will have to be brought in from points outside the island, so you will understand that now is the time to act. Let us know the number required, wages per day, whether or not board is supplied, and duration of work. Keep your requirements down to the minimum. Remember others will be in urgent need of help also, and the supply is limited.

Make full use of the Local Office of National Employment Service. It is there to serve your needs, and those of your community.

SPORTS TIPS
 by Ace Pinard
 Formerly a star athlete, now Canada's top coaching expert, Ace says: "Part of every athlete's success is due to right training, part to right eating, part to knowing 'inside' tricks. Here's a way to improve your blockings. Practice it... use it!"

RUGBY # 37 . . . CROSS BODY BLOCK

GET CLOSE
 This is ideal block for open play. Run up to opponent as if to tackle. Get as close as possible before you launch block. Most blockers start move too soon.

DRIVE HARD
 Then drive hard off back foot. Turn sideways, stretch arms out, bend knee of leg near opponent, keep other leg straight. Drive in hard as you would a tackle.

KNOCK HIM DOWN
 Hit opponent between knees and hips. Keep eyes open and on target. Hit opponent with part of your body between hips and lower chest!
