ICE CAUSES TROUBLE.—Icy streets, roads and sidewalks brought about by yesterday's rain and thaw made travelling conditions both wheeled and on foot hazardous. Cars were proceeding with difficulty along the highways, particularly on the hills, and several were reported to have skidded into the ditches. Sanding gangs were working on the Montague, Souris and Summerside highways yesterday evening, but were attaining only limited success as running water was washing away the sand. During the night, however, the ice on most highways melted and travelling conditions were reported as being good.

GUERNSEY BREEDERS MEET.—The advisability of obtaining a new sire for the Guernsey Breeders' Association and the matter of the Government grant available were discussed at the annual meeting of the P. E. I. Guernsey Breeders' Association Friday. No action was taken towards securing the new sire. It was also decided that the secretary should be asked to publish the latest dates on which applications for bonuses on pure-bred females by new breeders would be received. TEEN TOWN TOPICS
Another enjoyable evening was had by everyone at the Senior Teen Town hall Saturday night. The program consisted of movies, games, canteen and dancing. The movies were all very interesting, they were "This is Blitz", "Champions in the Making", and "Introduction to the Art of Figure-Skating". Barbara Ann Scott was the main attraction in the two movies about skating. After the movies the dancing started in the gym to the Music Makers. The Music Makers supplied all the popular song hits of the week. The Teen Town hall was really rocking with fun and talent, while the teenagers danced to this great orchestra. Misses Nancy MacNevin and Barbara Rupert sang many of the popular hits of the week. There were novelty dances as well—these were Sadie Hawkins, Old Time sets and many more.

Hoop Teams Split Double Bill at S'ide

West Kent School, Charlottetown, and Summerside High School basketball teams split a double-header played at the R.C.A.F. court in Summerside Saturday night, the girls from Charlottetown defeating the Summerside boys 18 to 8, and the Summerside boys edging out their rivals from West Kent by the close score of 37 to 35. H. Whitlock led the visiting girls with 6 points while Julie Meikle was high point-getter for Summerside with 4.

The following are the lineups. West Kent, Charlottetown—J. Giddings, C. MacMillan, J. MacDonald, J. M. MacGuire, H. Whitlock, J. Moorehead, D. D. Simmonds, H. Lawell, E. Storey, H. Stewart, E. MacArthur, A. G. Gunning, C. Neil. Summerside High Co-eds—M. Elderkin, G. Clark, J. Meikle, A. J. Burns, J. B. Imman, J. Morrison, J. Johnson, B. Tobin, Harvey, D. Dewar, E. Imman 2.

The boys' game was a thrilling contest, in doubt until the last second of play. The visitors were leading 35 to 34 and elected to freeze the ball but the Summerside High boys broke through and Bill Stewart put his team one up by sinking a basket. Clive MacDonald then sank a foul shot and the home boys held their slim, two-point margin until the end of play. Charlie Simpson and Bill Stewart led the winners in scoring points with 12 each and Clive MacDonald was close behind with 11. D. Miller was high scorer for both teams, piling up 16 points and Joe Hoyt was second with 13.

EVIDENCE THAT

The Federation of American Scientists, put it this way: "Theoretically, the only limitation of the destructive force of the weapons would be the weight of explosive material that could be effectively handled and delivered against an enemy target. But any hope of perfecting H-bombs would involve perhaps five years work and possibly \$2,000,000,000. It would also involve a slackening in other atomic development, including the eventual production of atomic energy for peacetime uses."

Stewart as Minister of Agriculture; Hon. W. Wilfred Arsenault, formerly non-portfolio Minister, taking over as Provincial Secretary; Hon. Mr. Darby becoming Attorney General and Provincial Treasurer; Hon. H. H. Cox remaining as minister without portfolio and Hon. Joseph G. Campbell, Third King's, receiving an appointment in the same capacity. Last year the Legislature was opened on February 22 and prorogued March 25. RELIEF SHIPMENTS INCREASE STEADILY

OTTAWA, Jan. 26.—(CP)—Something like 19 tons of garments, 2000 soup-pots, 1,000 blankets—all from Canada—are making life a little more worth living for Europeans still suffering from the ravages of war. The figures represent some of the work the Unitarian Service Committee of Canada has been doing since September in gathering Canadian contributions for European relief. In the last three months of 1949, a total of 15,640 pounds of food was sent to France and Austria. The Committee's food shipments for the year totalled 22,446 pounds. In Greece, refugees repatriated to their destroyed villages will have soup-pots in which to cook their meals as more than 2000 pieces of household goods were sent from Canada in November. In addition 12,000 blankets were rushed there as a special Christmas gift. Since September, 37,905 pounds of clothing from the Committee's collection centres at Vancouver, Winnipeg, Toronto, Ottawa, and Montreal have been shipped overseas, bringing the total for 1949 to 105,715 pounds. Countries aided included Czechoslovakia (disciplineless last September), Austria, Germany and Belgium, as well as France, Great Britain, Italy and Greece.

To Observe C. G. I. T. Week

January 30th to February 5th is C. G. I. T. Week in Canada, and during that time C. G. I. T. news will be on the air, in the news-papers and spoken of in the Protestant Church pulpits. In P. E. I. there are over twenty C.G.I.T. groups meeting on Sundays and during the week, who will join other Canadian Girls in Training in the celebration of the annual C.G.I.T. Week.

Above are the pictures of the president and vice-president of the province, Edna Ward, C.G.I.T. Camps, who were chosen by the girls at Augustine Cove Camp last summer to represent them for this year. They and the groups they represent are worthy of your interest and support.

The Canadian Girls in Training movement has an interesting story. Years ago, about 1915, a number of interested people met to discuss the teen-age girl and her problems. Among these people were Sunday School Teachers, High School teachers, Y. W. C. A. workers and others. The group increased from five to twenty-five and the National Girls Work Board was formed. Starting with what they knew about girls, they set out to plan a program to fill their needs. They felt that one hour on Sunday was too short to do justice to either the serious teachers or the girls. With this in mind, they studied and experimented with groups of teen-age girls for two years. At the end of this time a small pamphlet was published and the work launched.

How could the idea be put over to the girls? A C. G. I. T. Conference was held and the idea caught hold. Conferences, Rallies, Camps and Leadership Training Courses helped spread the work, and if the Y. W. C. A. had not come to the rescue with time, money and personnel the Protestant Churches might have found it impossible to have met the demands. By 1920 the movement had grown to the point where registration was found advisable. A uniform of a white middie, with navy blue collar, cuffs and skirt and a black tie, was adapted at this time as was also the Initiation Service. Today, there are more than 40,000 Canadian Girls in Training in Canada, with groups in China, India, Japan, Bermuda, Africa and Trinidad.

What lies behind this? Why has such a small beginning grown so rapidly? The C. G. I. T. movement fills a long-felt need in the lives of girls. It gives life to teach girls to live life at its fullest and best. On Sunday the Bible lesson is taught and at the mid-week meeting the leader endeavours to relate these Sunday lessons to every day experiences, and to broaden them out to cover every phase of development—Physical, Spiritual, Intellectual and Social. The program is directed towards making a girl true in her relationships, at home, at school, in the church and in the community. The program is built upon a Bible verse, Luke 2:52—

"And Jesus increased in wisdom and stature, and in favor with God and man."
These are all facts—interesting or not as our peculiar make-up finds them—but what of the girls' side of the question? What does C. G. I. T. mean to a girl? A former Canadian Girl in Training who is now a leader has put it in these words—"What has C. G. I. T. meant to me? What memories come to me when C. G. I. T. is in the air? "Memories of a Sunday School class in which the lesson became more vital as we saw how others who knew Jesus learned to live the Jesus way of life—the way of love; memories of group meetings where we tried to put those

ideals into practice and failed—much too often because we forgot to take Jesus into partnership. But a new week always came along and a new chance to try again. Our leader said—oh so often—"Jesus doesn't ask you if you failed. He says, 'Did you try?' and so we tried again."

"Another memory rises to my mind—a scene at a Mother and Daughter banquet, with my mother sitting beside me, and squeezing my hand, as I rose to propose my first toast. Sure! my knees shook, but I tried, and I am still trying. "The memory which has meant most to me in all the succeeding years is that of sitting on the sand of a lake shore, watching the sun sink over the hills and the lake. The words and melody of a hymn just sung echoed still in our hearts—

"Day is dying in the west, Heaven is touching earth with rest; Wait and worship while the night Sets her evening lamps alight Through all the sky. "Holy, holy, holy, Lord God of Hosts! Heaven and earth are full of Thee, Heaven and earth are praising Thee, O Lord Most High! "As we sat there watching the golden glow fade from the sky and the purple shades of evening cast their shadows across hill and lake, the sense of God's presence swept over us—a deep and abiding realization that there really was a God and from henceforth life would be fuller and richer because He was our Guide."

Trophy Winners Decided At Quebec 'Spiel

QUEBEC, Jan. 29.—(CP)—The Lieutenant-Governor's Trophy, blue ribbon prize of Quebec's 37th International Bouspiel, was brought back to Quebec Saturday by M.M. St. Louis of Quebec Curling Club. Stonehouse defeated A. G. Joye of Arvida, Que., 15-6 in the final to capture the award, emblematic of the week-long bouspiel's international championship. It was won last year by Judge Walter Limerick of Fredericton. There were nine other finals Saturday and four more Friday night. Arthur McP. Limerick of Fredericton who played on his father's championship foursome last year, captured his second bouspiel final—the International Goodwill Shield—with an 11-4 victory over Dr. G. M. Beal of Birch Hills, Sask. It was Limerick's second straight final triumph over Bell. The Fredericton skip Friday won the Chateau International by defeating Beal, lone Western Canada entry in the 13-even bouspiel. Two Ontario rinks also won prizes. W. B. White of Oshawa, Ont., captured the City of Quebec award when he defeated Gaston Amyot of Quebec Jacques Cartier 8-7 in an extra end game. In the second Ontario victory, E. H. Pooler of Toronto Granite defeated A. F. Mulh of Quebec, 11-8 to win the Omega International. J. E. Ferrari of Detroit, only United States rink of seven entered in the bouspiel to reach final play, won the Royal Bank International competition with a 13-11 victory over Sam Paquette of Ottawa.

SEE MAIL ORDERING FOR BRITISH GOODS

LONDON, Jan. 29.—(CP)—Britain's Board of Trade is said to be thinking of going into the mail-order business. The idea, to woo Canadian and United States dollars, is being considered at cabinet level. A 1,500-page colored catalogue would be distributed among 2,000,000 retailers in Canada and the United States. The Sunday Express, a newspaper often critical of the Labor government, said the catalogue would advertise "every kind of British export." It would be supported by a stockpiling of British goods in North America to guarantee prompt delivery. Board of Trade officials declined comment.
