VETERAN OF SEBASTOPOL.

Birdell's Postmaster Tells What Dodd's Kidney Pills are Doing for Him.
BIRDELL, GREY CO, ONT., July 13th 1903—(Special)—Henry Bird, postmaster here is a veteran of the Crimean War who gathered glory in front of Sebastopol. But the hardships he encountered in those terrible days brought on Kidney Trouble. Here is what he says of it: "Every time the Kidney Trouble bothers me I turn to Dodd's Kidney Pills. I never gave them a fair chance to cure me thoroughly but they always do me a great deal of good. I know Dodd's Kidney Pills can do more than is claimed for them. I know some of my neighbors who have used them for the same trouble as myself who are well people to-day. When I feel the trouble coming again I shall surely use Dodd's Kidney Pills."

BRITISH POET DEAD.

LONDON, July 12.—William Earnest Henley, the poet and collaborator in several plays with Robert Louis Stevenson, died today at the age of fifty-four.

Piles

THE GUARDIAN.

"INKERMAN" ROBERTSON, ONE OF OUR PIONEER ORCHARDISTS

Jeremiah S. Clarke in P. E. I., Magazine) deal to "Old Inkerman" whose actions speak louder than any words; nor does he advertise his business, nor solicit orders, except incidentally as he goes about his work; but he has a splendid nursery and an orchard second to none; we are proud of him; long live Inkerman Robertson of New Perth.

John Robertson of Inkerman Farm.

but ready for a friendly chat as he goes on with his work, or if we wish, shows us over the grounds and makes us freely welcome to his home. The day is fine, the scented breeze seems laden with new life; while bursting blossoms on ten thousand branches lead a colour charm as pleasing as their perfume; and sweetest bird-songs mingle with it all from nesting-places in two thousand trees. Two thousand trees? Yes, in his private orchard he has more than that—besides ten times that number of young stock coming out. It takes a little work, you know, and you must remember that he has a farm as well. It may be that he has too much to do, that the ceaseless grind of the home end of his business unfits him in a measure for marketing his stock in best condition and to best advantage. He and his sons are workers like many others they undertake more than they overtake; but, —is it not more manly to wear out than to rust out? and they do their work so well that many of us have found their stock, in apple trees at least, equal to the best imported nursery stock; while Professor Robertson told us at our last Convention that the Inkerman fruit-box was without exception the best on the market.

Not only is Inkerman nursery-stock of first quality, but it is fresh and full of life; I speak from experience, having had orders filled there, and shipped to me at Hunter River both this season and last year. Mr R. notified me the day he dug the trees and shipped them, and they were in the ground again the third day after leaving it, uninjured by the shock. This is worth a great deal to the fruit-grower, for the best imported stock, if handled ever so carefully is more or less checked by having the delicate root-hairs dried out during their journey of a month or more, which it takes a season's growth to overcome.

When Mr R. began to set out his orchard and nursery thirty years ago, few people believed that we could grow the best varieties here, we were supposed to be more of the fruit-bush, whatever that may mean. The trees were planted but little more than twenty feet apart; now, no one wishes more heartily than their owner that there were at least thirty feet between the rows, for he must soon cut out every second tree so that the fruit may receive enough sunlight to give it both normal development and desirable colour. Mr Robertson's success has been a continuing source of encouragement to all fruit-growers; and the fact that his fruit is so hard to beat at our Shows, proves both that he knows how to grow fruit, and practices what he preaches.

Inkerman trees have found their way into many of our orchards, and have done well wherever given a fair chance. It is true that various names of labels are not very correctly or legibly written; but there is no mistaking the standard varieties, for indeed the standard varieties, for indeed the standard varieties; and of this you may be sure, the Inkerman's oak is always true to name.

But what stock has he? There are ten thousand two hundred and seventy-five trees growing, ready to be delivered this Autumn or next Spring; and there are five thousand more root-grafts started ready for the following season's trade; Baldwin's number 540; Ontario's 2012; Northern Spy 1288; Stark 710; Ben Davis 3793, of which more than two thousand are from scions cut in F. C. Boyer's orchard at Brudenell. He has 328 Wealthys, 620 Kings, 260 Ribbons, 560 Gravensteins and 2326 Inkerman's, a very promising chance seedling originated and propagated by himself. If you want autumn apples he can supply you with Duchess of Glenbury 135; Yellow Transparent 100; Red Astrachan 168, and others if you care for them; there are also Wagner, Wolf River, Mann, York Imperial, Hubbardston, Blenheim, Red Russet, Rome Beauty, Sutton Beauty, President and other varieties. But enough has been said to show that we have a nursery of our own of reasonable pretensions which we do well to remember before placing our orders elsewhere.

OTTAWA MAN DIES ON ELECTRIC CAR

OTTAWA, July 12.—Walter Tanner, a stableman at Moore's Hotel, died on an electric car to-night while being conveyed to the city from Brantford. He had been drinking and it is thought he sustained injuries before getting into the car.

SMALLPOX AT SYDNEY MINES.

SYDNEY, July 12.—The smallpox situation here is unfavorable, many cases exist and the probabilities of the disease spreading and increasing are good, because a number of people claim that it is not smallpox. Mayor McCormick, chairman of the board of health, has issued a proclamation forbidding all public meetings.

The Torturing Backache of Kidney Disease.

Causes Untold Misery and Drives the Poor Sufferer to Distraction—No Case That Can't be Cured by Ferruzone.

The duties of the kidneys are among the most important that devolve upon any organ of the human body. If for any reason they get out of order, it results in the system becoming poisoned by unseasonable humors, the result of which is a healthy matter being converted into a diseased one. This explains the large number of deaths from neglected kidney trouble.

It is quite possible that you may have faulty kidneys, and not be aware of the fact. Among the most common symptoms are pain in the back and sides, morning headache, nervousness, sediment in the urine, specks before the eyes, dizziness and sour stomach. If you have any of these, hasten at once to take the surest of kidney and liver cures, Ferruzone. It is guaranteed to bring prompt relief and banish every pain and ache. Thousands are kept in perfect health and free from kidney complaints by Ferruzone. Among those who speak of the most laudatory terms of the merits of Ferruzone is Mr. Chas. F. Olive, of the Gazette, St. John, N. B.: "For several years I have had kidney trouble," says Mr. Olive "until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used a well-known pill, but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferruzone. It gave me quick relief, and half a dozen boxes cured me. Ferruzone I can recommend as a specific for disordered kidneys."—Chas. F. Olive.

Ferruzone not only cures kidney complaints, but also such maladies as Rheumatism, Gout, Sciatica, Skin Eruptions, Diabetes, Lumbago and Nerve-pain which are caused by defective kidneys. It neutralizes and destroys all poisons in the system, cleanses the blood, and invigorates the enfeebled energies. It is mild, gentle and certain. Costs but few cents per box for \$2.50. At druggists everywhere.

DR. READ'S FUNERAL.

ST. STEPHEN'S, July 12.—The funeral services of the late Dr. Read will be held in the Methodist church here, on Tuesday afternoon, at 4 o'clock. The body will leave here by C. P. R. Wednesday morning, for Moncton, where the burial will take place.

MUDDY COMPLEXION.

Pale, sallow, yellow skin tells of a torpid, sluggish liver and impurities in the blood which will be entirely removed when Dr. Chase's Kidney-Liver Pills are used. This great medicine weakens the action of the liver, invigorates the kidneys and regulates the bowels. As a result digestion is improved, bodily pains disappear and the health is benefited in every way.

THE FATAL TOY PISTOL.

PHILADELPHIA, July 12.—Two more deaths from tetanus as a result of injuries received from toy pistols occurred in this city today, making a total of seven deaths from this dreadful disease since the fourth of July. The victims today were boys aged 12 and 14.

CHICAGO'S GREAT POPULATION.

CHICAGO, July 11.—Chicago has passed the two million mark. Its present population, according to the publishers of the Chicago directory for 1903, is 2,281,000.

COMING EVENTS.

City Council meets on the second Monday in each month; Dr. James Warburton, Mayor; H. M. Davison, City Clerk. The E. I. S. meeting on the first Monday of each month.

DIED

At Murray Harbor (South, P. E. I.) in the 33rd year of her age, Sarah LeLanour, beloved wife of John LeLanour, leaving a husband and two small children to mourn their sad loss.
