U. S. WILL CONTROL OCEAN FREIGHTS

WASHINGTON, Sept. 7.—Immediate control of ocean freight rates charged by American vessels will be assumed by the shipping board which announced last night it would appoint a general Chartering Board to which all charters must be submitted for approval. The new scale of rates calls for a reduction of from fifty-five to seventy-five per cent. from present tariffs.

WINTER WILL SAVE RUSSIAN CAPITAL

LONDON—Colonel Shumsky, military critic of the Petrograd Bourse Gazette, who is on a visit to England, writing concerning the evacuation of Riga says the German offensive there cannot be carried to a point at which it will seriously threaten Petrograd. An offensive movement of over four hundred versts, Colonel Shumsky says, would require not less than two months, and in the next two or three weeks the rainy season and bad roads will render impossible any movement on Petrograd this year. The routes leading to the capital are protected not only by the line of the Dvina, but also by strong positions formed by the lake system in the Pskoff region, which are well fortified. It is incredible that the Germans can overcome these obstacles before the rainy season, the writer adds, even if they do not meet with serious resistance from the Russians. Colonel Shumsky says there are not sufficient German forces on the eastern front for a great expedition of the kind required to reach Petrograd, and he scouts the idea of the Germans landing a big army for an attack. "The aim of the German blow," Colonel Shumsky concludes, "is Riga, and perhaps Reval, which is scarcely possible, but not farther."

SENT TO PRISON FOR NINE MONTH

LONDON, Sept. 5.—Adele Pankhurst, daughter of Mrs. Emmeline Pankhurst, the English suffrage leader, was sentenced today at Melbourne, Australia, to nine months' imprisonment for holding an unlawful demonstration, according to a Reuters despatch from that city. Miss Pankhurst has been engaged for some time in propaganda in Australia against conscription, and several meetings at which she was to speak were broken up by soldiers.

GERMANS USE WILSON NOTE TO SPUR WAR LOAN, AND PAN-GERMAN PRESS KEEP UP ABUSE.

AMSTERDAM, Sept. 5.—President Wilson's reply to the Pope is being turned to account in Germany for propaganda purposes in connection with the seventh war loan, which has been announced for mid-September. From all indications, money-raising efforts are to be made on an unprecedented scale, especially with ecclesiastical property and other trustee funds. The Merchants' Guild of Berlin has issued an appeal to the nation to show its determination to stand by the Emperor by record subscriptions. Lubeck has joined Hamburg and Bremen in the manifestation of loyalty to the Emperor, and has sent a message to him denouncing "the miserable and dumpy efforts of the President of the United States to drive a wedge between the Kaiser and the people." The Emperor answered a similar message from Bremen expressing confidence that the attempts to sow discord will end in failure. In the meantime the German newspapers continue their voluminous comment on President Wilson. The Cologne Volkszeitung suggests a series of mass meetings to make clear to President Wilson that the

URGES U. S. TO BREAK WITH HUNS

WASHINGTON, Sept. 6.—A statement issued by the patriotic education society urges that the United States should declare war immediately upon Germany's allies, asserting that the German secret service is relying largely upon Austrians and Bulgarians for information from this country and asking "if this is a war of democracy against autocracy, how can we maintain friendly relations with the most despotic of the great empires, Austria-Hungary?" Instead of refraining from a declaration of war against Austria in order to leave the door open for a separate peace, the society argues the United States should take a surer road to peace by lending full support in war materials to the great Italian drive through Gorizia.

German nation "scornfully rejects his insinuations." The Cologne Gazette prints a vehement article from a contributor, in which it is said that Germany will make peace with all her enemies, but not with the United States until the latter liberates itself from "its corrupt and plutocratic disorientation, especially of Wilson and Lansing." It goes on: "We Germans say to the citizens of the United States that we would not change our well ordered liberty for your corrupt, sham democracy," and much more in the same strain.

LONDON, Sept. 5.—Tonight's report from British headquarters in France says: "Last night enemy airplanes again dropped bombs on different places behind our lines. A few casualties were caused in one of our hospitals, and there were some damage to property in the civilian zone. There was no damage of military importance. One of the enemy's raiding machines was brought down by our fire and destroyed."

FALL OF RIGA FINAL WARNING

PETROGRAD, Sept. 7.—The Petrograd morning papers agree on the gravity of the situation created by the fall of Riga, the only bright feature in which is a report from the commissary of the northern army to the Council of Deputies, which declares that the army fought valiantly, although overwhelmed by the enemy's heavy artillery and gases, and, although compelled to retreat, preserves its fighting spirit. Most of the newspapers are of the opinion that the fall of Riga in itself does not threaten Petrograd. For such an operation, says the Reich, von Hindenburg has on the north front only seven corps. The Reich sharply criticizes the Left and the Council of Deputies for opposing the restoration of capital punishment at the rear.

It is not believed that the southern section of the Dvina front, between Dvinsk and Friedrichstadt, is threatened, as this forms a salient well to the east of Riga. Boris Savinkoff, assistant Minister of War, says that measures are being taken to halt the German advance, but that it is not possible yet to state the position of the new defensive line.

MINSK MAY BE NEXT

The Russia Volta expresses fear that the next German operations will be against Minsk, Riga's last warning. The Novoye Vremya echoes this sentiment, declaring that the army must be reorganized at once. It adds: "The enemy is marching on Petrograd. A revolutionary dictatorship is necessary, to which if an iron hand were immediately shown, all Russia would submit." Ivestiya, the organ of the Council of Deputies, interprets the fall of Riga as meaning that to obtain peace Russia must appeal to the peoples, for the German Emperor can deal

only with arms in his hands. At a meeting of the Council of Deputies one speaker declared that the loss of the Riga front was a new blow to the revolution, as the Bolsheviks would exploit this misfortune for the purposes of agitation. The Bolshevik do not conceal their satisfaction at the fall of Riga, a small group of this faction demonstrating outside the headquarters of the General Staff, cheering and declaring that a German victory was welcome, as it would bring peace. The Bolshevik organ, Novaya Zhizn, says that Riga is a fresh warning to the Government to accelerate a congress for the reconsideration of the treaties between the allies.

ADRIANOPOLE BOMBARDED BY BRITISH AIRPLANES.

LONDON, September 5.—British naval airplanes penetrated far inland in Turkish territory Sunday night, dropping bombs on the city of Adrianople, about 137 miles northwest of Constantinople says an official statement today. The text reads: "Naval airplanes dropped bombs with good effect on the railway station and bridge at Adrianople Sunday night."
