THE TRAINS.—The snow storm of Saturday night and Sunday morning was hard on the eastern and southern branches of the P. E. I. R. The train that left Souris at 6:50 a. m. did not reach the city until 8:30 last night. The Murray Harbour train which left at 6:20 a. m. for Charlottetown had only got as far as Vernon at 9 o'clock last night. Drifts as deep as four feet and many yards long have filled in the cuttings and clearing the line will be the order of the day today as it was all day yesterday. The railway men are having such a siege of it this winter that they have adopted martial phraseology in describing their work and so "from the western and central fronts there is nothing to report."

S. S. NIGHT AT S. A. HALL—A most enjoyable evening was had at the Salvation Army Citadel last night, when the Sunday school children assembled to receive their prizes and their parents and friends assembled to hear a feast of song and music. The programme included a recitation "Smiles" by Miss Bertha White, a duet "Row Me Over the Tide" by Willie and Lidia Carr, recitation by Edgar MacInnes, song, "Oh Paradise," by the Life Saving Guards, dialogue by Miss White's class, duet "Tenting Tonight," by Olive and Annie MacInnes, reading "A Hero of the 19th Century," by Mrs. Crockett, instrumental trio by Mrs. Crockett, Miss Condie and Ensign Condie, concertina solo by Ensign Condie. After the musicale, which was most heartily enjoyed by all, the Sunday School prizes were distributed to the various winners, 10 receiving certificates for proficiency and attendance and over 40 high prizes being awarded. The remainder of the school being remembered by a most suitable consolation prize.

WELL KNOWN HORSEMAN DEAD—Many will learn with regret of the death of Mr. Jeremiah Mahar which occurred about 9 o'clock last night after a brief illness. The deceased was a noted horseman, always took a keen interest in sport and had the reputation of being a thoroughly honest and clean sportsman. The sorrowing relatives will have the sincere sympathy of a host of friends.

FUNERAL YESTERDAY.—The private funeral of the late Mrs. W. S. Lounsbury was held yesterday from her late home Birchdale. The pall bearers were Judge Hazzard, Mr. Henry Aitken, Mr. W. T. Huggan and Dr. Smallwood. Rev. Mr. Murphy officiated at the home and at the grave, the cortege being composed of the neighbors and immediate friends of the family.

INSTITUTE WORK.—The East Point Women's Institute met at the home of Mr. MacDonald, January 31, 1918, with an attendance of twelve. Ways of raising more funds were discussed and it was decided to have a whist party for this purpose. The proceeds are to be used to put a new floor in the school-house. There was a concert in November to raise funds and \$5.00 of this were used for repairs on the school, \$20.00 sent to Halifax Relief and \$15.00 to the Red Cross Fund, leaving cash on hand to date \$18.73.

AN IDEAL WINTER TRIP.—Crossing at the Capes in the palatial ice-breaker, Prince Edward Island, is already recognized as one of the pleasantest winter trips available in these winter outings. A gentleman who writes the Guardian as follows:—"A five feet thick, or crashing through mountains of piled up ice have little idea of the exhilaration and even excitement possible on this little nine miles set trip in zero weather. Parties are now being organized almost daily for the round trip which is rapidly becoming one of the fashionable winter outings. A gentleman who writes the Guardian as follows:—"A five feet thick, or crashing through mountains of piled up ice have little idea of the exhilaration and even excitement possible on this little nine miles set trip in zero weather. HISTORIC OMEN OF ITS FUTURE UTILITY

Quebec is generally known to be the principal hospital/discharge depot for our returned wounded soldier lads. Landing at Halifax and St. John, thousands have been conveyed in the specially equipped hospital train to the Ancient Capital, and with the completion of the Quebec Bridge, it is now possible to avoid transfer by ferry at Levis. As a matter of fact, the first passenger train to cross the Bridge was one of these hospital specials, an honorable distinction for a structure of which it has authoritatively been said that "in the annals of engineering the construction of the Quebec Bridge, for immensity, uniqueness of design, excellence of detail, and boldness of organization, has rarely been equalled, and never excelled."

The Government Railways were the first in America to construct and adopt the Red Cross car, equipped with the regulation hospital beds for cot cases, and specially constructed exits and entrances for the same, and which with their complement of doctors, nurses, and qualified attendants, have been the means of alleviating an untold amount of suffering. Nor are the Government Railways' services in this direction without recognition, for letters and personal words of appreciation are frequently received from those who have had occasion to use them.

Again, it was only the other day that an enquiry was received from the Military authorities of the United States asking for full particulars as to construction and operation of these hospital cars—a request it is hardly necessary to state that met with prompt response.

Nerves of the Stomach. Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest. Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system. When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker. This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body. Mrs. Geo. S. Ellice, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and although he doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them." Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Mr. and Mrs. W. H. Inman and their daughter, Miss Ethel, drove from their home in Hampton to the City yesterday and returned in the evening. They say the roads are excellent.

SALTS FINE FOR ACHING KIDNEYS. We eat too much meat which clogs Kidneys, then the Back Hurts. Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. Also we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
