W. H. PROWSE Secretary Murray Harbour November 15th 1918. 2478-11-19Mtuessat5i.

synopsis of Canadian Northwest Land Regulations. THE sole head of a family or any male over eighteen years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency but not Sub-Agency on certain conditions. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in use vicinity. In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead. Price \$3.00 per acre. Duties Six months' residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions. A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$500. The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions. W. W. CORY Deputy Minister N.B.—Unauthorized publication of this advertisement will not be paid.

HAPPENINGS OF THE WEEK

(Continued from page four)

Methodist Church which was thronged with people. The specially arranged program with stirring patriotic address by Dr. Fullerton was in every way worthy the occasion.

Letters received from Captain (Rev. Principal) Clarence McKinnon state that he is at present stationed in Paris, after having been on a round of the forestry camps in France, establishing educational centres.

The Emperor of Japan has sent a message to King George thanking the British ruler for the reception tendered to Prince Yoshito, who recently visited London and the British Royal family. He adds that he and the Japanese people deeply appreciate the entertainment given the Prince. The Japanese Prince, after visiting Canada, went from Halifax to London. He was received here by a guard of honor. A U. S. seaplane sailed over his steamer as he left this port.

Toddle skirts are the very latest—less than thirty inches of circumference at the hem. It was carefully explained at the New York Fashion Show that the gowns are not intended to be worn by women engaged in useful work.

Regretful farewells were said to Col. and Mrs. Ings and family who left Thursday for their new home in Richmond Hill, Ont.

It was a graceful act on the part of the Rotary Club to present the Convalescent Home with a gramophone and is just another evidence of their sympathy and appreciation of the splendid part these noble boys have taken in the recent struggle.

Mr. C. H. B. Longworth entertained at dinner Thursday evening upwards of sixty guests at the Victoria Hotel as a fitting termination of the Victory Loan Campaign. It was a most sociable affair, the toast list being excellently responded to, by the speakers named. A pleasant surprise was given Mr. Longworth as the dinner progressed when on behalf of those present Mr. Neil McLeod of Summerside presented the host with a beautiful gold watch suitably engraved, as a souvenir of the occasion and as an expression of the esteem which he enjoys.

One of the most prized possessions of Princess Mary of England is a magnificent bracelet bearing the flags of England, France, Russia, Belgium and the United States, done in jewels and gold enamel.

Mr. and Mrs. J. T. Morris left yesterday on a visit to Montreal.

Miss Minnie Campbell left yesterday.

day morning to spend the winter in Montreal with her friend Mrs. Harris.

Lieut. Philip Palmer has gone to Halifax where he will take a vocational Training course.

The American-born Duchess of Marlborough, who was recently honored with election to the London County Council, has the reputation of being one of the best golf players among English women of title.

After nearly four years of service with the Canadian expeditionary forces on the fields of France and Flanders, Lieut. Col. (Dr.) John Pringle has returned home to take over again the work of the church in Sydney, which has given him its unqualified and unreserved support, and the work of which has been so successfully carried on by Rev. T. A. Rodger during his years of absence. The Doctor, who is known by everyone in P. E. I. is well and in good spirits. He was glad to be home again and will for a time be the guest of A. N. McLellan. He did not stay long in the house, says a Sydney Exchange after his arrival, but immediately he had got rid of his luggage and greeted his hostess he started down town and from that time until noon hour the reporter of the Post followed his course along the streets of the city, just missing him at every step. He had rapped on the windows of the stores and greeted his friends there. He had rapped on the doors of the houses and called a greeting to the inmates but he did not have time to stay anywhere as he had many to call upon. It is hoped Dr. Pringle will find time to visit the Garden Province in the near future.

Few people realize that nervous ailments often arise from the digestive troubles. The stomach fails, for some reason, to digest food properly. Then the system languishes and the nerves become exhausted in striving to continue their work. Impure blood causes nerve troubles, but frequently it is in the stomach where the mischief starts. As the nourishment is carried to the nerves by the blood, it will be seen what an important connection exists between the stomach, the nerves and the blood, and how such trouble as nervous headaches, nervous dyspepsia and insomnia may begin. In such cases relief is easily obtainable by means of Dr. Williams' Pink Pills. These pills replenish the blood with the food elements on which the nerves thrive; at the same time they exercise a tonic influence on the digestive organs, enabling the system to derive nourishment from the food taken. By this perfectly natural process nervous ills are steadily dispelled by Dr. Williams' Pink Pills. If you are suffering from nerves, or require a blood-making tonic, give these pills a fair trial, and see how speedily the best of health will be yours. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Watkins

THOUSANDS OF ACRES LAID IN RUINS

Miss Katie M. Cormac, Souris, has received the following letter from overseas:—

Francis, Oct. 6th. Dear Katie,—Just a few lines in answer to your very welcome letter of August 25th which I received the other day and was very glad to know that you are all well as this leaves me at present.

This is Sunday but you would never think so to see us here in our jungle as I call it. It is the same old story here every day, plenty of work to be done in all the time and loads of work. I have just come in, have been out with a detail policing. This is some joint where we are now, nothing around but great hills and woods. It is a place like where we used to go after the cows and very unhealthy for them. Usually they are in a while and sometimes they try out their skill at climbing us but as yet they have not succeeded in getting us.

I have a little shack made out of corrugated iron, my bunkie and I built it ourselves. It is some shack, I wish you could see it. There is just room enough to sit up under the roof and there isn't very much rotation to it but it will probably stop a storm if they come that close. We are getting pretty good eats considering the place we are in; but I would like to put my feet under the table to a good spread of mother's. There is nothing can take the place of that.

I suppose you won't believe me when I tell you that I can look over hundreds of acres of land there all turn up with shell fish at intervals of not more than ten yards apart. It is some sight and hard to believe but yet it is true this country won't be worth a nickel when this thing is over, that is this part of here. I have passed through village after village with not a whole building standing nothing but a mass of ruin. It is too bad. The houses here aren't wooden ones like home but built of grey stone, I would call it limestone and they are very nice, that is, when you go through a village that is not destroyed. I don't think I have seen a wooden house since I came to France.

It was a year ago yesterday since we landed. We had a show yesterday in the woods here and our General gave us a little talk on the anniversary of our landing in France. It was very nice. The General of our division is a fine man and is well liked by us and he himself likes his command and tries to do everything in his power to make things as easy as possible for us but it is some job. We can't have it easy and lick those Huns and we are doing our part in that respect. Every place we strike they start moving towards Germany and they don't waste much time packing up either, they just simply get out themselves and leave everything they own behind and that is the best thing for them to do as we are bad actors when we get going. Now, I think this is all I can say for now as I have to see to my horses. I received a letter

from Christina Ryan, she is probably here by now as she told me she was coming across shortly. I received your Messenger to say I had read every bit of it as we don't see much reading matter. The trouble is we can't read at night as we are not allowed to have any lights. Now I will close hoping to hear from you soon again. I remain Your adopted brother, JOSEPH.

ISLANDER IN AMERICAN ARMY

Mrs. Thomas Trainer, Morell, has received the following letter from her son Willie in Spruce Division, Washington, U. S. A., Fairfax, Wash., Nov. 2, 1918:

Dear Mother,—Just a few lines to see if you are all dead, I have not heard from any of you since the letter I had from Winnie. Have you all got the Spanish flu too. They all had it in Boston. I haven't got it yet but it is sure raging out here in all the towns and cities and we are all quarantined in camps and it is just like being in jail, can't do a thing but just work and sleep and work and to and we are having desperate weather here now. It is raining all the time. Last Sunday I had to work all day and the wind blew so that all you could hear was trees falling and the rain would knock one down; talk about a soaking we sure got it right.

I guess the Spruce Division is doing their bit to win the war. Besides all the hard work on the Lord's day for the fourth Liberty Bond, they sent word around all the camps that they were behind on the money and before night they had made up over eight million dollars, I think that is pretty good for a bunch of lumberjacks. We have only forty-one soldiers here at this camp and we bought over seven thousand dollars

Children's Aid Society Annual Meeting

The Annual General Meeting of the Children's Aid Society of Charlottetown, and all citizens interested in the welfare of children, will be held in the evening of Friday, the 29th November, at 8 o'clock. By order, A. McDONALD, President

Belgium Needs Your Help MORE THAN EVER!

As Homes are Freed from Grasp of Germans New Horrors Revealed.

Belgium! Belgium! Belgium!—the papers are full of heart-rending news-items from Belgium. Delirious with joy at being rescued from the hellish tyranny of the Germans, yet the poor Belgians are in large measure in the last stages of want.

Every cent you can send to them NOW will help to feed a famished patriot or clothe one whose meagre rags will never keep out this winter's cold.

Raise Your Fund and Send It In!

Perhaps you cannot spare as much as you would wish, but go around among your friends, plead Belgium's cause, collect all you can in every possible way, and turn it in QUICKLY to your local Committee or to Headquarters.

Picture these hungry and stricken people, of whom the Master said, "Inasmuch as ye have done it unto the least of these . . ."

This is an imperative call for HELP!

Make cheques payable and send contributions to
