AN ACCIDENTAL DEATH AT MONROE

of Charles Kennedy Son of Roger Kennedy, News From Fellow Employee.

ST. JOHN, Aug. 31—(Special)—Roger Kennedy of North End, received word of the death of his son Charles, which occurred at Monroe, Washington, on or about August 12th. News came in letter from fellow employe of deceased, which stated that death had been accidental but did not give particulars.

LATEST N. W. ESTIMATES

WINNIPEG, Aug. 29.—The Northwest Grain Dealers Association has issued a revised estimate of the production of the Canadian wheat this season as a result of a tour taken by members two weeks ago. It places the wheat acreage at 6,055,600, and the average yield at 17.7 bushels, giving a total production of 107,184,000 bushels.

TOLSTOI HARD ON SMART SOCIETY

LONDON, August 29.—Russian refugees and thousands of literary men and political radicals will today celebrate the eightieth birthday of Count Leo Tolstoy with a great meeting which will probably be the most enthusiastic tribute ever paid in London to a literary man. Preparations for the great occasion have been going forward for months and to-morrow's celebration will be a veritable public upheaval of love and admiration for the great Russian novelist. Hundreds of messages of congratulation signed by the most famous names in English literature and politics, will be sent from London to the venerable man who rules intellectual Russia by the power of his pen and who looms above the Czar as a giant above a pygmy. In connection with the Tolstoy birthday celebration, it is stated that a new novel has been completed by the great Russian and will make its appearance immediately after his death. The manuscript of the book has been read by an English friend of Tolstoy's, who states that it is perhaps the most terrible arraignment of smart society ever written. Dealing with the frailties and follies of fashionable women and the primal sins and passions of men, it is declared to be even more powerful than "Anna Karenina" and "The Kreutzer Sonata." "Father Sergius" is the title of the new novel, which will only see the light of day after the eyes of the author have been closed forever.

DUTCH WILL TALK TO GOVERNMENTS.

LONDON, Aug. 29.—The Standard's Rome correspondent says that the Dutch government has opened parleys to ascertain what diplomatic or other assistance Italy will render her in connection with the dispute with Venezuela. The correspondent adds that similar steps will be taken with London and Berlin.

THE MAKING OF TOMATO SAUCE

A detailed depiction of the manufacture of this delicious condiment.

Out of the ordinary, but full of instruction and interest is the featuring on canvas of the manufacture of one of the finest taste delicacies. The picture shows the tomatoes in large baskets being carried to the huge kitchens—the distributing and assorting of the fruit—the selection of only the best; the mixing, mingling, seasoning and final boiling in the immense boilers. Then the filling of the bottles and other holders, the packing, labelling and shipping—until the last scene presents a very pretty girl, giving the finishing touches to a delicious dinner ready to serve, and pouring over the principal portion of it a generous helping of Tomato Sauce, having a little taste of the tempting condiment as she does so.

AWFUL ACCIDENT IN NEBRASKA

Two Men Killed Outright, One Fatally Injured, And Another Hurt.

VALENTINE, Neb., Aug. 31—(Special)—George Kennedy and F. Spear were killed outright, Malcolm H. Hawkins fatally injured, and F. S. Betower suffered burns and bruises as a result of a rear end collision between two freight trains at Kingsore today. All four were stockmen of Wyoming and were riding in a caboose of a stock train, which was entering a siding, when the fast freight plunged into it. Men were all asleep when the accident occurred.

TEACHER STARTED TO RUN ON THE BANK

BERLIN, Aug. 29.—There were most exciting scenes around the Friedrichsberg Bank in the East District of Berlin, yesterday afternoon and evening, in consequence of rumors that the institution was in difficulties. Thousands gathered before the building, demanding the return of their deposits. The crowd became so dense that the street cars were forced to stop and a large force of police, which was called out, was unable to control the excited throng. The President of the police personally directed his forces. The directors of the bank obtained permission to keep the institution open until 8 o'clock. More than \$250,000 was drawn out in small sums and the bank was able to satisfy all demands for cash money with the assistance of the Imperial and Dresdener Banks, but other customers received only \$250 each on account, owing to lack of ready cash. The directorate of the bank declares that the institution is perfectly sound. It is stated that the rumor of the bank's difficulties was set on foot by a school teacher, who, during lessons, advised his pupils to inform their parents that the bank was insolvent. A warrant for his arrest has been applied for. An immense crowd of depositors were still shouting for their money at midnight.

WANTS TO MARRY A 45-YEAR OLD CRIPPLE

HAMILTON, ONT., Aug. 29.—Joseph Erwood, a city employe, is seeking to prevent the marriage of his thirteen-year-old daughter with a man 45 years of age. Erwood says his prospective son-in-law is a cripple, and is unable to support his daughter. The girl is 18 and engaged.

GOV. FORT WILL STAND BY SUNDAY CLOSING.

SEAGIRT, N. J., Aug. 29.—Governor Fort made the following statement today concerning his proclamation of yesterday regarding the enforcement of the Sunday closing law in Atlantic City: "I will stand on my proclamation unequivocally. I mean every word. The people will learn that I am attempting to intimidate by threats." It is fully believed here that Atlantic City will continue its defiance of the Governor, and there can be no doubt that a call for special session of the legislature will follow.

GREAT INTEREST IN RECENT RUMOR

That Dominion Government May be Urged to Attempt Reconciliation.

TORONTO, Ont., Aug. 31—(Special)—Considerable interest is displayed by the striking C. P. R. mechanics, in the rumor that the Dominion government might be urged to attempt reconciliation. It is generally agreed by men that Professor Adam Shortt, or some one of the like experience, would be very acceptable to the union, provided it is understood that the mechanics at least should hold what they had before the strike.

BELL'S AIRSHIP TESTED IN N.Y.

HAMMONDSPORT, N. Y., Aug. 29.—Two experimental flights were made with the airship Junebug here last night. The tail, or rear plane was entirely removed, leaving only the vertical rudder back of the propeller. The stability was plainly decreased, but both landings were made without accident, demonstrating that with practice the machine can be handled in winds and with greater speed than when the tail is used.

LIQUOR WITNESS EVADES ARREST

SYDNEY, Aug. 29.—Harry Jenkins, who is said to have been engaged by the temperance interests in the city as a witness in connection with the prosecution of offenders against the license law, has disappeared, according to the statement of the authorities. Last Thursday his testimony was required at the city court in several liquor cases, but he failed to appear. While discussing the advisability of issuing a warrant for the purpose of obtaining his evidence, a lady appeared on the scene with a charge that Jenkins had stolen a watch from her son. This lady subsequently laid information against Jenkins before Stipendiary Hearn on the latter charge and under the impression that he had left on the early train, a telegram was sent to the authorities at New Glasgow to detain the accused, but he apparently evaded arrest. It is understood that Jenkins is a ticket of leave man and that he hails from P. E. Island.

MACHINES CROSSI & SEAS

MONTREAL, August 29.—Between one and two hundred mechanics are now on the Atlantic Ocean on their way to Canada to take the places of Canadian Pacific strikers, and it is expected that a number more will follow them ere long, until the company has secured enough men to fill all vacancies in its ranks. Sixty more mechanics were taken on at the Windsor station offices today, and were all sent west, as the company stated that it has now enough men at the Angus shops and on the eastern division to keep its work going satisfactorily. The men here still stand firm and united, and there is no outside evidence of any break in the ranks. The men deny the reports that any of them are trying to break away and negotiate with the company for reinstatement. The C. P. R. authorities also state that they know nothing of any such move, and further state that there is nothing to negotiate. If any of the strikers want to go back to work, the officials say they must apply for jobs, and will be taken on as any other outsiders if there is an opening. But there will be no talk of reinstatement, since the company adheres firmly to its position that the strikers are all dismissed. It was stated today by C. P. R. officials that the reports on the train service being upset by the strike were not correct, and that all passenger trains were running as usual, while the freight service was disturbed. Particular emphasis was laid on the statement that the company was in a position to handle the western wheat crop and that there was no fear of any undue delay in getting it to the lake ports, whether the strike continues until then or not.

WILLIAM TODD IS CANDIDATE

Closed by the Liberals of Charlotte County For the Commons.

ST. STEPHEN, N. B., Aug. 31—(Special)—William Todd was this afternoon chosen by the Liberals Charlotte County as a candidate for the Commons. Pugsley was present and spoke, saying he had no real knowledge, when elections would take place. The candidates youngest son, the late Freeman H. Todd, represented this County in the local assembly from 1898 to 1902.

WAS KILLED BY FELLOW PRISONERS

Gossans, Who Was Lately Arrested For Bomb Outrages

CALCUTTA, Aug. 31—(Special)—Gossans the native, who was arrested with thirty others for complicity in the recent bomb outrages, and who turned Kings Evidence, was today killed by two fellow prisoners in the cell of Alipur Jail. The evidence given by Gossans revealed widespread rebellious conspiracy, which included plans to assassinate Vice roy, Lord Minto and other high officials. Two revolvers with which the man was killed were smuggled into the prison by relatives of other prisoners.

TRIBUTE TO ROSS RIFLE

FREDERICTON, N. B., Aug. 29.—Col. A. Barry of St. Andrews, Scotland, arrived here today en route to the Miramichi woods, where he will spend the month of September hunting bears and moose, under the guidance of Henry Braithwaite, the veteran guide. Col. Barry was formerly an officer in the Bombay Lancers, and spent thirty years of his life in India. He has hunted game successfully in India, Africa and the Rockies, and this is his second trip to New Brunswick. The colonel is familiar with the different makes of rifles, and discussing this subject with your correspondent today, he spoke in terms of the greatest admiration of the Canadian Ross rifle with experts in the old country, and they all seemed to regard it unquestionably as the weapon of the future. He was surprised to learn that the Ross rifle was a subject of controversy in Canada. The executive of the agricultural society met here this afternoon and decided to hold a ten days' exhibition next year. The dates chosen were from September 14th to 23rd, both inclusive. Ald. Farrell, who was deputed to Ottawa to urge the claims of Fredericton for a Dominion grant for the next exhibition, submitted an encouraging report.

FIFTEEN PEOPLE DROWNED BY FLOOD

TRINIDAD, Colo., Aug. 29.—A flood in the Cinnamon River, following a cloudburst washed away a number of dwellings at Folsom, N. M., last night. Fifteen persons are reported to have been drowned. Eleven bodies have been recovered. Ten miles of track and twelve bridges of the Colorado and Southern Railway were washed out. Messrs. advices received here today say the entire town was swept by the flood. Several houses were swept away completely and nearly every house in the town was damaged. Searching parties have been formed, and it is expected many more bodies will be found. Folsom is in the northeastern part of New Mexico on the Santa Fe Railroad. Its elevation is about 1,000 feet, and it is constantly in danger of floods.

MEANT STARVING.

TORONTO, August 29.—John O'Donoghue, who represents the engineers and firemen in their appeal for the appointment of arbitration to consider certain alleged grievances, makes the following statement with regard to the majority report in connection with the present machinist strike: "I do not believe that the two members of the board who made the majority report fully appreciated what they were doing. Their intention was apparently to provide a system by which superior workmen would receive extra pay, but their report ties down the best workmen to the minimum rate, and places all others where they can be graded down to starvation wages. The report establishes a most vicious system. It upsets years and years of work in the labor movement to get just treatment and a living minimum wage, so that if there are different rates of pay they would grade up from the minimum. You may quote me as saying that, for I do not blame the men at all for refusing to accept it."

THREW HIMSELF IN FRONT OF CAR.

WINNIPEG, Man., August 29.—The City Council will ask the Street Railway to use the Jenkins fender on all cars in the city as they regard it as the most satisfactory and safest fender now before the public. This was a result of a sensation test yesterday in which the inventor flung himself in front of a swiftly moving car, without warning to prove its effectiveness. Spectators were horrified at the sight, but the fender demonstrated its success by picking him up. Jenkins came here from Toronto.

TORONTO, September 1—(Special)—Moderate winds, fine and moderately warm.

PARTY TOURISTS STONED BY MOB

NORTH BAY, Ont., Aug. 29.—Bloody encounters here are frequent. Strike breakers come into town "liquor up" and then make trouble. Last night a party of fifteen tourists were stoned as they returned from French River. They were American from Pittsburg, the strikers taking them for strikebreakers, it is said. Strikeleaders say the strikers had nothing to do with the matter, and that it was strikebreakers that did it. Strikebreakers made a demonstrator last night, marching toward town armed with clubs, but were driven back to their cars by company police men.

LARGE STEEL BRIDGE.

LONDON, Aug. 29.—A steel bridge over the Blue Nile is being built at Khartum. It will be 1,700 feet long and 111 feet wide and will accommodate railroad trains as well as vehicles and pedestrians.

AMHERTSBURG, ONT. AUG. 29.

AMHERTSBURG, Ont., Aug. 29.—Mr. H. Burton of Detroit, has received a letter from Gustave Evtanurel, of Ottawa, in which the writer offers for sale two historic cannons used in the defence of the Citadel of Quebec, during the siege of 1759. The cannons are two pyramids of balls, now standing in front of the residence of F. E. A. Evtanurel, in the village of Alfred. Each gun weighs 1,600 pounds, and is set upon a carriage of the same weight. The barrels of the guns are about five feet long. Each pyramid has thirty cannon balls of thirty-two pound weight. The cannons were preserved in the Quebec Citadel until about seven years ago. Gustave Evtanurel has offered the guns to the city of Toronto, but thus far has received no reply. In the meantime he tells Mr. Burton that he will deliver both guns and balls at Windsor for \$1,100. The cat made its way to the roof and perching on a chimney waited there until the men appeared sprang at them. The cat crawled and bit several, then dashed back down the stairs. On the way it bit Mrs. Frieda Sokawitz on the neck hands and breast. The cat then ran into the street, and, screaming dashed to another house. It rushed upstairs to the roof where children were playing. It jumped on Pauline Wolf, three years old, and bit her fiercely. Benjamin Stein rescued her. Then the cat, after running about Blake Avenue, returned and entered No. 275 Wackins Avenue. It bounded on the roof and flew at Michael S. Kofsky, nine years, and Samuel Kofsky, twelve, and scratched and bit until they bled severely. The cat dashed downstairs again and sprang on five-year-old Sophie Kischer. In trying to protect her, Cashnor Bart, fifteen, was also bitten severely. Policeman Joseph Becker then shot the cat. Its body was sent to the Board of Health to be examined. Police patrol wagons were turned into ambulances, and the eight who were bitten were hurried to hospitals, four to East New York Dispensary and four to the Bradford Street hospital.

BREAKING GROUND FOR NEW RAILWAY

TORONTO, Aug. 29.—According to a high official of the Canadian Northern Railway before the first of the new ground will be broken for a new steam railway line between Toronto and Buffalo. The Canadian Northern purchased the right of way between the two cities some years ago, but so far no use has been made of it. There has been considerable talk about building the road, and it was understood that operations would commence this fall. However, for some reason or other work was delayed, but operations will probably begin before the new year. The new line will be about a hundred miles long and will cost in the neighborhood of \$3,000,000 at \$30,000 a mile.

CAT BITES SCORE IN A MAD WHIRL

NEW YORK, August 29.—A large cat, jet black, appeared in Brownsville last night, and in a mad dash through street and houses, bit eight persons so badly that they had to be taken to hospitals, and inflicted ugly scratches on a score more. Those who saw the strange apparition fled to the doorways frightened—all except ten-year-old Yetta Mendelsahn, who heroically stayed to get her sister Rebecca, two years of age, and her brother Harold, four, out of the way of their home the cat flew at little Rebecca. After giving her a deep scratch on the breast, the cat flew by the neck and fought it away. She was bitten half a dozen times on the face and arms.

ST. JOHN, Aug. 31—(Special)—Alex. McCrae was the choice tonight of the Conservatives to contest St. John City and County against Hon. Dr. Pugsley Minister Public Works.

FREIGHT TRAIN HAS CLOSE CALL

MONTREAL, August 29—C. P. R., freight train had a narrow escape from wreck this morning as the result of tampering with a switch at Jacques Cartier Junction, just outside the city. The lock of the switch had been broken and the switch thrown so as to sidetrack approaching trains, while stones had been placed in the mechanism to hold it in place. A freight came in at 2 o'clock, with the sign of a clear line, and while travelling at a good pace was suddenly thrown onto the siding. Fortunately there were no cars on the siding, or there would have been a bad smash. The train was at once stopped, and examination showed that a deliberate attempt had been made to wreck the train. It was stated by C. P. R. employes that this was the third time within as many days that this particular switch had been tampered with and the lock broken. The men blame the strikers.

QUEBEC GUNS MAY GO TO THE U. S.

AMHERTSBURG, Ont., Aug. 29.—Mr. H.
