Outcome Depends On Star's Vitality

(Canadian Press) BOSTON, Dec. 18.—"Age" Bailey started giving ground today under the terrific strain of the two delicate brain operations he was forced to undergo, but late tonight it was announced his condition was slightly improved over late this afternoon. Dr. Joseph Hahn, one of the specialists who has attended the Toronto hockey player since he suffered a skull fracture in the National League game against Boston Bruins here last Tuesday, told of the improvement. Late this afternoon when the hockey star appeared to be growing steadily worse, Dr. Donald Munro, another of the attending medical staff, said Bailey's life depended entirely on his superb vitality. "His local brain condition," the surgeon's latest report said, "is well in hand and is not causing any trouble. But his general condition is not as good as it was. He is definitely weaker. He is now beginning to show the effects of the terrific strain he has been under but I hope the

ELECTED PUBLICITY SECRETARY—At the regular monthly meeting of the Revere Men's Club held in Butler Hall, Revere, Mass. recently Mr. Waldon L. Crossman was elected publicity secretary. Mr. Crossman is well known in this province where he spends his annual vacation.

TRAIN ARRIVED—The train from the mainland arrived in the city last evening at 8.30. The delay was caused by the heavy traffic on the mainland. The train reached Tormentine about an hour and a half behind schedule. The ferry now requires a slightly longer time to cross the Straits than formerly due to the increasing heaviness of the ice.

EXTRAORDINARY SALE—Despite the presence of "Old Man Depression" there is apparently not going to be any reduction in the volume of Christmas mail handled by the Post Office this season. In proof of this is the fact that \$1,000 worth of stamps were sold by the stamp vendor in the Charlottetown Post Office yesterday.

ANNIVERSARY PREACHER—The special preacher at last Sunday's anniversary service in the Metropolitan Church, Toronto, was Rev. J. Sydney Bonnell, B. D., pastor of Westminster United Church, Winnipeg, and a native of Charlottetown. The pastor of the Metropolitan Church, Rev. Dr. W. H. Sedgewick was formerly pastor of Zion Presbyterian Church here.

Daring Robbery At Summerside

Three young men came before Stipendiary Magistrate E. H. Strong, K.C., on Monday morning at the Summerside Police Court, charged with breaking and entering the store of Mr. Alban Arsenault on Second Street and removing a safe valued at \$100, which contained \$145.00 and books, ledgers, etc. The robbery took place in the early hours of Sunday morning. Mr. Arsenault notified the Police after he had made the discovery, shortly after 8 o'clock Sunday morning. The police located the safe on the harbour ice about 1 1/2 miles from the store. It had been broken open and the books, etc., thrown about. The money was gone. Fortunately there was not much wind and the books were returned very little the worse for their adventure. Later in the afternoon two of the young men, suspected of the crime, were located and arrested. The third was arrested at his home about four o'clock Monday morning. The greatest part of the money was recovered. A quantity of cigarettes and tobacco was also stolen. No evidence was taken and the prisoners were remanded until Wednesday at 11 o'clock.—S.

MEETING OF SUMMERSIDE TOWN COUNCIL

SUMMERSIDE, Dec. 18.—The adjourned meeting of the Summerside Town Council was held last night in the Council Chamber, Mayor Manson presiding. The minutes of the last regular meeting and subsequent meetings were read and approved. Town bills were passed as follows:—paid bills \$24,221.03; unpaid \$1,220.40; Electric light paid bills \$3,667.05; unpaid \$291.32. Several communications were read and will be dealt with at a later date. Some discussion arose as to whether the Town should purchase four acres of wood to produce poles and brush for the western approach. Coun. Phillips thought they should not waste money in something that was not permanent. Coun. Grady said the work done last year was the best that had been done for many years and would be good for at least 30 years. The work proposed this year was to complete what had been started last year and would provide work for the labouring class right now. Coun. Schurman also spoke along these lines. The matter was laid over for the Council as a whole to look into. The reports from the different committees were read and passed. The police report showed fines amounting to \$92.00 had been taken in. A request from the leading business men of the Town asking if they could have the loan of the Town tractor to open up the road between Summerside and Kenning-

How Santa Pal Parcels Are Handled

A Santa Pal of last year gives the excuse for not adopting a child this year that the articles she sent did not reach the intended recipient, that she understood the parcels were opened in the Guardian office and the contents taken out for redistribution. It is well this complaint should reach us, as it affords an opportunity of explaining the system. The parcels received are, as far as possible, opened, examined, and added to, as to each parcel goodies (orange, apple and some candy) are supplied by the Guardian. But another reason for opening parcels is to make sure that the articles enclosed are suitable for a child of the age and sex selected. Where two parcels directed to the same child are received one is transferred to another of the same age and sex. Several years ago the clergyman back to the Guardian a parcel sent her—a year's issue of a fashion journal! all done up in tissue paper, ribbon, etc. One can well realize the feelings of such a child on opening what purported to be Christmas toys and gifts.

On another occasion a parcel returned to us consisted of a parcel of overcoats books and the preceding year's Christmas card. A widowed mother brought us back a pair of rubbers, without toys or goodies, sent to a baby of three which were far too large for her. Experiences like these indicated to us the necessity for supervision over the parcels received for distribution, and so we instituted the system of opening and examining the bulk of the parcels, adding to them where necessary, but never withdrawing anything unless unsuitable to the intended recipient. Santa Pals may, therefore, rest assured that their parcels will reach their destination intact with additions such as mentioned.

The parcels will all be distributed under the supervision of the Rover Scouts, whose honor is to be trusted.

Reports Success Of Radio Auction Although all the returns have not yet been received, it is expected that the sum of \$1,150 will be cleared as a result of the Rotary Radio Auction held last Thursday evening in aid of crippled children's work and other charitable objects. This was the announcement made by the chairman of the committee, Neil D. MacLean, at the Rotary Luncheon held yesterday with Past President Archibald Irwin in the chair.

Rotarian MacLean extended his thanks to all members, to the auctioneer, to Etalon CHOK, to Mr. Walter E. Burke (who was at the centre of all the evening) for courteous services, to Walter S. Grant and the Telephone Company for their valuable co-operation, to Arthur R. Cooper, Manager of the Prince Edward and Capitol Theatre for the use of his window for display, to R. E. Mutch for receiving large donations from firms abroad, to Mr. MacLean's secretary for her valued help, to W. M. Rowe for the donation of a posting board, to G. F. Hutchison for giving the use of his office for collecting the payments, to Premier MacMillan and other members of the Government for the use of the Provincial Building, and to the press for valuable publicity. It was decided to hold similar sales next year, and a standing committee was appointed consisting of the incoming President, also R. E. Mutch and Al Fisher, to begin preparing for the sale of 1934. The four auctioneers were reappointed: A resolution of sympathy to Rotarian Hon. G. S. Sharp, recently deceased by the death of his brother, was passed. It was decided to pay \$100 to the Free Dispensary, also \$200 to the Red Cross as a part payment or emergency donation on account of crippled children's work, an additional sum to be paid later. It was decided that J. M. Murley and other Rotarians will assist Miss Earle in the distributing of gifts from the Free Dispensary Christmas tree. The Free Dispensary read a letter received from Paul Harris, enclosing a tribute in memory of the late James W. Davidson, ambassador at large of Rotary International. Rev. Canon Malone, who was a guest yesterday, made a brief address congratulating the Rotarians on the result of the auction and commending the Club as a real asset to any community.

The whole family chose this \$99 radio AS THEIR CHRISTMAS GIFT

"It's my gift to every one of them—and to myself as well. I'm playing Santa Claus in our home this year, and—like good old Saint Nick—I always try to fill up the stockings with things that will please. That's about the best thing father does at Christmas time. "But this year it was easy. My wife and children all got together and decided that, instead of a gift to each, they'd like me to combine them all in one and get something we've wanted and needed for a long time—a modern radio. "Since they'd named the gift, I decided we'd all better have a hand in choosing it. So out we trooped together, and came home with this new Victor— and everybody happy! "We've made sure of our Merry Christmas—and the same to all of you!"

FRANCE OPPOSES

An important point in the direct, ambassadorial talks so far held concerns the French attitude that if Germany is allowed the army of about 300,000 men she wishes, that number should include Nazi storm troopers, regarded here as a military force, although in Germany they are considered merely party members.
