Order From Georgia For Experimental Station Cockerels

"If a man build a better mouse trap, the world will make a beaten path to his door." Evidence of this has been furnished recently with respect to the flock of Barred Plymouth Rock hens at the Charlottetown Experimental Station. This lot of birds is one of the outstanding breeding flocks in the Dominion.

Pullet year production stands at well over two hundred eggs per bird with an average egg weight of better than twenty-six ounces per dozen. Body weight of laying females is an outstanding feature, averaging well over seven pounds per bird with individuals weighing over nine pounds. Last week the station received an order from Texas for all R. O. P. pedigreed hatching eggs or R.O.P. individually pedigreed chicks that could be supplied. This week an order has been received from Georgia for 50 R.O.P. breeding cockerels for delivery September 1st. In neither case was price mentioned, the Station being left to set its own figure for stock of such quality. Station officials verify the fact that eggs and breeding stock have been supplied to many of the best breeders in Central and Western Canada and that orders for such stock always exceed the available supply.

Potato Price Increase Explained

An increase in the price of potatoes, which came into effect this week, is to take care of shrinkage, rot, sprouting and storage loss, it was explained yesterday by Mr. G.H. Barbour, Prices and Supply representative of the Wartime Prices and Trade Board. This seasonal advance will be followed by a similar advance June 1.

From now until May 31 primary producers in Prince Edward Island —that is the farmer—may not sell potatoes in the Province to merchants for re-sale at more than $1.36 a bushel. However, he may sell directly to the consumers and householders at $1.60 a bushel, Mr. Barbour states.

Wholesale potato dealers must not ask more than $1.36 a bushel and merchants should not pay more than this amount to such wholesalers or to farmers—if they do they as well as the dealers are violating the price ceiling regulations.

The maximum retail price of potatoes in this province for the present month is 46 cents a peck if sold in 15 pound lots, and $1.60 if sold by the bushel. Householders who are charged more than this should report the matter to the Wartime Prices and Trade Board.

Potatoes referred to above are Canada No. 1 and include container. The figures are based on less than carload lots, which are fifteen cents higher for a seventy-five pound bag than carload lots.

Able Candidates Nominated For Fourth Prince

Messrs. Heath Strong And Hugh F. Morrison Chosen At Rousing Convention.

Mr. Heath Strong, K.C., of Summerside and Mr. Hugh F. Morrison of Summerside, were nominated yesterday at Bedeque to contest the next Provincial election on behalf of the Progressive Conservative Party for the Fourth District of Prince as assemblyman and councillor respectively.

Mr. W. S. Grant, president of the Queen's County Conservative Association, and Hon. Dr. W. J. P. MacMillan, provincial leader of the party, addressed the gathering. In spite of very disagreeable weather every polling district was represented and the hall was filled.

Much enthusiasm was evidenced by the applause given the various speakers.

Mr. Strong's nomination was moved by Preston Kennedy, Kensington, seconded by Earl Duffy, Kinkora, and was passed unanimously. For Councillor two names were before the meeting, Mr. Morrison and Mr. John Pilliman, New Annan. Mr. Morrison's nomination was moved by E. C. Bell, seconded by Frank Murphy; Mr. Pillman's by John LeFurgey, seconded by Murdock Dawson. On the vote Mr. Morrison received a majority and his nomination was made unanimous on motion of Mr. Pillman.

The names of Keith Boswell, Tryon, Preston Kennedy, Kensington, and T. W. Bentley, Charlottetown, were also placed before the meeting for Councillor. Mr. Boswell and Mr. Kennedy declined to offer and Mr. Bentley's name was withdrawn when the meeting was advised that he did not care to run.

On nominations being completed Mr. Strong and Mr. Morrison both thanked the delegates for their show of confidence in them. Mr. Strong stressed to the delegates the need of organization and paid tribute to the ability of Dr. MacMillan.

Mr. W. S. Grant, who was the first speaker, also stressed the need of organization.

Dr. MacMillan began by paying tribute to the Fourth District of Prince, pointing out that the three County Court Judges came from that district, also three of the provincial Premiers in the last twenty years. He complimented the delegates on their selection of candidates.

He then entered into a detailed discussion of the condition of agriculture, scoring the failure of the present provincial government and federal representatives to look after the welfare of Prince Edward Island farmers. He referred to the Government's action last year in first cutting out the grants to exhibitions and restoring them only on the insistence of the opposition. He dwelt in detail on the car ferry question.

Dr. MacMillan announced that Hon. John Bracken, Dominion leader of the Progressive Conservative party, will be on the Island in June and will visit Charlottetown, Summerside and other centers.

Mr. J. F. Arnett of Summerside spoke briefly on behalf of the Victory Loan.

Before the meeting adjourned several of those present spoke, congratulating the candidates and paying tribute to Dr. MacMillan.

Resolutions

The following resolutions were passed unanimously:

That this convention heartily endorse the selection of Hon. John Bracken as leader of the Progressive Conservative party, and we note with approval that his policies are the most hopeful that have yet been offered the people of Canada.

"That this convention strongly endorse the Hon. Dr. W. J. MacMillan as leader of the Progressive Conservative party of this province, we note with pride his splendid record as leader of the opposition in the Provincial Assembly, and look forward to his election as premier at the next provincial election.

"That this convention get behind our candidates, Mr. Strong and Mr. Morrison and give them one hundred per cent support.

Victory Loan Meeting At Alberton

An enthusiastic gathering filled the Alberton Hall to capacity at a very successful meeting of the Fourth Victory Loan campaign held last night.

Rev. Mr. Davies was chairman and gave a forceful appeal for support of the campaign. "It does not make sense to ask our young men to go to war unless we back them up," he declared. "We must make this war my war," he said.

Premier Campbell urged all to do their part so that the war will end victoriously for the Allied nations and so that victory will not be unduly deferred. He commended the people of the Province for their support of the previous war loan, and the Red Cross campaign. He also had words of praise for the high percentage of enlistments and the increased production maintained by the farmers of Prince Edward Island despite farm labour shortage.

Mr. B. Graham Rogers showed the film "All These Things" which was very well received. He also made an earnest appeal to the citizens of Alberton and vicinity to help make this Fourth Victory Loan campaign a decided success.

Moncton Ministers Oppose 'Disgraceful' Liquor Situation

MONCTON, N.B., May 5—(CP)—Rev. F. Burton Long, President of the Moncton Ministerial Alliance, announced last night that a committee of Alliance members and Sunday School superintendents had been appointed to deal with the "disgraceful" liquor situation here.

He made no further comment regarding the liquor distribution system and lengthy lineups at liquor stores but said the committee had decided upon an educational temperance program in Sunday and bible schools. In addition, each minister will preach at least one temperance sermon a month.

(The Saint John Ministerial Association adopted a resolution Monday requesting appointment of a successor to R.G. Fulton, Commissioner of the New Brunswick Liquor Control Board. Mr. Fulton was formerly a Minister of the United Church.)

"Of the remainder, three are the result of operations in North Africa, two are for action with enemy U-boats and one for service in air operations against enemy shipping," said the Minister.

He termed the awards "still further evidence of the very effective service being rendered by the men of Canada's Navy."

Mark-up Control On Vegetables

OTTAWA, May 5 (CP)—The Prices Board said today that an order establishing a "strict mark-up control" on early spring vegetables including lettuce, tomatoes, celery, cabbage, carrots, green peas and green or wax beans will become effective shortly.

Rapid price rises in recent weeks together with evidence that "some importers and retailers are taking higher than their normal mark-ups" were given as the reason for the proposed order.

"The mark-up control will be based on actual laid-down cost of imports or the laid-down cost based on United States ceiling prices, whichever is lower," the Board said in a statement.

launched from Djebel Makna, a ridge on the east side of the river line.

It was this latter American thrust aimed at Tebourba, 18 miles west of Tunis and about the same distance southeast of Mateur, that was threatening to outflank the Germans who have been holding up the 1st Army east of Medjez-El-Bab.

Meanwhile the 8th Army's artillery still was pumping shells into the Axis mountain nests, and its patrols had several clashes with the enemy north of Enfidaville.

For the third day clouds limited air operations over the battlefield, but light naval forces blew up a Tunis-bound ship carrying munitions and mechanical transport and sank its 650-ton Italian torpedo boat escort off Cap Bon.

Long-range American bombers of the desert air force also got in destructive blows on southern Italy, hitting harbor targets at the Italian naval base of Taranto and Reggio Calabria.

All the bombers returned to their bases.

Nazis Seek Assassins Of Col. Panteff

BERNE, Switzerland, May 5 (AP)—All transportation was stopped last night in the Bulgarian capital of Sofia as police conducted a raid there in an effort to find the assassins of Col. Athanas Panteff, former police chief who was killed Monday.

Other elements rebellious against the Axis-dominated Government of Bulgaria also were sought.

Fear More Outbreaks

A Sofia dispatch disclosed a fear by the Bulgar authorities of more outbreaks. Yesterday when funeral services were held for the former police chief, only representatives of the government, the military academy and close relatives were permitted to attend on special passes.

The Sofia radio meanwhile warned the people, hour after hour, to keep their windows closed and not go into the streets. Traffic was suspended; all stores except bakeries and milk shops were closed. Only children and servants, accompanied by soldiers, were permitted at certain hours to go into the streets to shop.

Trouble In Hungary

Trouble also stirred in Hungary, another Axis Balkan satellite. The Regent, Admiral Nicholas Horthy, who recently returned from a conference with Hitler, suspended parliament sine die on the proposal of his foreign minister, Nicholas Kallay.

Dr. Dawber Addresses Conference On Rural Life

"Rural life and people occupy a very major place in the events of the world today," said Rev. Dr. Mark Dawbor in an outstanding address given at the closing session of the Rural Life Conference held in Prince of Wales College last night. His theme was "The Challenge of the present crisis to rural life."

"Two-thirds of the people in this world are rural," the speaker emphasized, "so that what we do or leave undone for the children in the country determines the morality and standards of life in the city." He lamented the declining birth rate, especially in the cities today. There is no hope for a surviving civilization in the urban centres he declared.

Stressing the sacredness of the soil, Dr. Dawbor said "show me anywhere an impoverished soil and I'll show you an impoverished people."

He emphasized the tremendous responsibility of the church in this stewardship of the soil and maintained that permanent prosperity of agriculture is necessary to the well being of the nation.

He contended that it was no longer a question of not having room in the world, for, if the whole human race were placed in the State of Texas there would be only 10 persons on every acre. Neither is it a question of insufficient food supply, but it is a matter of having enough religion to distribute these.

He deplored the inequitable distribution of the national income which leads to economic problems, for example, in Canada farmers make up one third of the population but receive only 17 per cent of the national income.

He deplored the practise of giving relief, and the lack of community consciousness in the cities, and emphasized the importance of conserving, enlarging and enriching the community as the basis of life. He warned against the tendency of churches to become class institutions.

Defining democracy as "political expression of our Christianity" he saw the hope for democracy not in the cities but in the rural areas where the community is the basis of life. In closing Dr. Dawbor emphasized the need of building the new order on a religious basis and of penetrating all life with religious ideas.

The speaker delighted the audience with a number of humorous stories.

At the request of Rev. W. S. Godfrey, who introduced him Dr. Dawbor played his own piano arrangement of "The Rosary," which was received with warm appreciation. He also sang a humorous song "When I Was a Boy at School" at the conclusion of his address.

Other Speakers

Rev. D. K. Ross presided at last night's meeting and brief addresses were given by Hon. J. Walter Jones and Rev. Dr. J. A. Murphy, rector of St. Dunstan's University.

In his address Hon. J. Walter Jones, speaking of improving conditions of rural life, visualized the opening of apprenticeship schools, vocational and home craft schools following the war. These, he believed, would receive grants from the Dominion Government. He suggested the teaching of all grades above VI in separate schools from the earlier grades, as a necessary step in the improvement of the educational system of this province.

Rev. Dr. J. A. Murphy, rector of Saint Dunstan's University gave a review of the extension work carried on by Saint Dunstan's during the past few years. He told of the short courses for farmers and farmers' sons begun in 1937 where everything from soil analysis to public speaking was taught. He also described the short courses for fishermen and the leadership course given in 1939. He believed that the college should go to the people and that its influence should extend to the backbone of the country, the farming and fishing population. This can be done by study groups, etc. He commended the work done by Dr. Croteau in this connection. In concluding he stressed the importance of formulating plans for a better world order with Christ for its cornerstone.

Vocal solos by Mrs. Jack McRae of Cherry Valley and Mrs. A. E. Todd of North River contributed greatly to the evening's program. The accompanists for these numbers were Miss Etta Ross and Prof. John Inch.

Margaret Cangley, Merchant Navy stewardess, twice torpedoed in the Atlantic, received the British Empire Medal (Civil Division) at a recent investiture at Buckingham Palace. She comes from Tipperary, Ireland.

British university undergraduates and technical college students may revert to kindergarden days to do their lessons. An acute shortage of exercise books has caused the Board of Education to encourage the use of slates and pencil.
