Big School Meet At The Abegweit Grounds To-Day

Over Two Hundred Entries For Provincial Intercholastic Field And Track Competition—Finals At 5.30

Fifteen schools mustering more than two hundred juniors, intermediate and senior athletes, all under the age of nineteen years, are congregating in the C. A. A. grounds this evening for the second annual Provincial Interscholastic Track and Field Meet.

Conscientious training by the majority of the schoolboy runners has been carried out for a month and a Martiime record may be broken here and there as the score of events whittle down to semi-finals and finals.

It would be impossible to run off the overcrowded events in a single evening, and accordingly the preliminary heats of the dashes are being decided this afternoon, commencing at 2.00 p. m.

Spectators from all the school districts represented, and hundreds from the city will tax the capacity of the Abegweit grounds.

Schoolboy competition of any kind is deservedly patronised in Charlottetown as the enormous crowds which attended the school ice meets at the new Forum, are witness. Parents, brothers and sisters, and the retired athletes in city and country derive real pleasure in watching the earnestness of the younger generation in the struggle for athletic recognition.

The boys compete from the purest motives—the desire to win cleanly, and for the honor of their individual schools. The meet is one of first importance in Island sport, and is worthy of the patronage of every lover of athletics.

The Meet Today

Give the school boys a break by attending their field and track meet at the Abegweit Grounds today. The preliminary heats are being run off this afternoon, starting at 2 o'clock and the finals this evening at 5.30. A large crowd of people is expected.

Former Athlete Visiting Here

Ches Garrett's many friends are giving him the "glad hand" these days. "Smoothy," who is at present located in Arlington, Mass., is spending a short vacation in this city with friends and relatives. Ches was an interested spectator at the ball game last evening—a game he once played well himself. He seemed lost more or less, as all the old faces have disappeared from the lineups that once upon a time cavorted over the diamond—where he played many hard fought games.

Boston Braves, unconsidered no better than a second division club at the start of the season, served notice again yesterday that they might have something to say about the 1931 National League pennant.

The Braves, who appear to be at their best against the strongest teams, made it two straight wins over Chicago, 9-3, and advanced to within two games of third place. Bill McKechnie's men are within seven contests of the Cardinals, pace-setters.

Sherdel allowed the Cubs eight hits but was effective in the pinches, while the Braves hit timely to pile up an early lead off Smith and knock him from the mound in the fifth.

Manager Hornsby, who has made but one hit in the Cubs' present home stand of nine games, benched himself yesterday and Blair played second base.

Philadelphia retained its three-game leadership in the American League by turning back Cleveland yesterday 4-1, behind the five-hit pitching of Rube Walberg, Phil Todt, first baseman, and formerly with the Red Sox, led the Athletics' attack on Hudlin and Donohue, with a home run and a single.

Washington kept pace with the Athletics by defeating St. Louis 4-3. It was the Senators' tenth consecutive victory. Marberry's strong relief pitching featured the contest, while Cronin's single, West's double and a long fly by Bluege gave Washington what proved to be the winning marker in the eighth inning.

"One Born Every Minute"

If anyone had laid an ear to the sod that covers the grave of Brian Boru he might have heard the bones of that doughty warrior stir in anger as his fleshless hand reached for his rusted sword. Well might Brian Boru have been exasperated. Far off in America, under the glare of calcium lamps which shed a pitiless white light through the rain which was falling on Ebbett's field, cutting out of the intense blackness one section which lay in vivid relief, Pat Redmond, of Ireland, champion of the Emerald Isle, folded on the sodden canvas after half a dozen blows from the mighty fists of Primo Carnera.

Twenty thousand spectators paid good legal tender and sat in the discomfort of a wet night to see the over-rated, over-publicized Irishman join the swelling ranks of the heavyweight "punks, palookas and stumble bums." Redmond lasted just 140 seconds and was receiving allthe time. Carnera started him rolling down the chute as soon as the fight started and before the round ended he had disappeared forever into pugilistic oblivion.

Unusual Golf

Golf is now fully underway, and some unusual happenings are being related. It is said that Robert Tatum at Jacksonville, Fla., drove into the rough on the seventh hole, but a crow picked the ball up, dropping it close to the hole when attacked by other crows and enabled Tatum to get a birdie. K. B. McCarthy, of Sacramento, was approaching the tenth hole when his pitch shot struck and killed a bird in flight. The ball caromed toward the green and gave McCarthy a chance to get a par five. O'Hara Watts of Southern Methodist University in the annual Southwest Conference Tournament at Dallas, Texas, on the sixth, a par 3, 120-yard hole, tee shot arched over a lake and landed directly in the cup without once touching the green.

AUXILIARY HOLDS ANNUAL MEETING

STARS TAKE C. N.'S INTO CAMP 8-5

BY TEC

The Eastern Stars moved up on even terms with the Rovers in the City Baseball League race, by walloping the Canadian National Recreation Club 8 to 5 in an eight inning twilight bill that was witnessed by only a fair crowd of fans.

A quartette of hits coupled with a few costly Railway errors and followed in the second frame by another pair of wallops and an error, gave the "east enders" a margin which they easily held throughout the tilt. Once and only once did the losers show a threatening advance and any likelihood of hitting, and this was in the seventh stanza when Gus McDonald, Star hurler was pushed to the pin of his collar to stop a rally that seemed to be labelled for numerous runs. As it was he was nicked for five hits and three counts before the barrage lifted. McDonald was in a tight corner in this frame, but gamely pitched himself out. His slab work last evening was commendable, especially for the first six innings when he only allowed the opposing batsmen two lone hits. Ayers, on the other hand appeared to be erratic all evening, which was mainly responsible for the Easterners' consistent attack with the stick. He allowed ten hits.

The Stars were a tought outfit to beat last night, and playing errorless ball behind MacDonald's superb pitching, gave their opponents, who gathered five errors, little chance to head them on the evening's play.

A feature of the game was the sensational fielding and hitting of "Pump" Bolger, Star right fielder. On two occasions he robbed batters of what looked like sure three baggers, and at the plate leaned on the ball like a veteran.

A regretable accident happened during the game when Jackie Kane, C. N. R. C. left fielder was hit on the left elbow with a pitched ball. The injury was so painful that Kane was forced to leave the game.

N. S. Riflemen Win Mar. Shoot

(Canadian Press)

HALIFAX, N. S., June 18—Nova Scotia's eight man rifle team came within five points of the record in scoring a victory in the Inter-Maritime rifle shoot at the Bedford ranges today. Nova Scotia's score was 774 out of a possible 840. The record of 779 was set up by Prince Edward Island in 1928. New Brunswick was second today with 764, and Prince Edward Island third, with 754, ten points separating each team. Today's high man was Private W. V. Eisan of Sydney, who scored 101 out of 105. Sergeant A. Peverill, Halifax, was second with 100 as Sergt. A. Emery, Saint John, A. M. Allen and Sergeant C. G. Coleman, both of Prince Edward Island, shot 99's to tie for third. Team scores were:

Nova Scotia: Private J. D. McEachern, 95; Sergeant A. Peverill, 100; Lt. Col. R. B. Simmonds, 95; Lt. Col. H. J. Stech, 93; Q. M. S. Gladwin 96; Pte. J. B. Saunders, 98; Pte. W. V. Eisan 101.

New Brunswick: Pte. R. M. Seely, 97; Lt. J. P. H. McAvity, 94; Cpl. H. J. Parker, 98; Pte. A. G. Gunter, 89; Pte. E. C. Thompson, 94; Sergt H. J. Coles 98; Sgt. I. C. Bunnell, 95; Segt. A. S. Emery, 99.

Prince Edward Island: Sgt. A. Gormley, 94; Sgt. A. J. McCabe, 97; Lt. A. L. MacDonald 81; Sgt. A. O. F. Gill 97; Pte. Hooper 89; A. W. Allen, 99; J. Landrigan 98; Sgt. C. G. McLennan 99.

dustries and between 600 and 700 branch factories have been established in Canada. The obvious reason for this is that when the Grundy tariff went into effect here Canada promptly raised her tariff rates against us in reprisal. A widely published news dispatch from Toronto records that the largest aluminum enterprise in the world, employing a city full of people, is now going up in Quebec, and behind this project is Secretary of the Treasury Mellon's Aluminum Company of America. The article states that it will have a capacity to supply 60 per cent of the world's consumption of aluminum.

LOSE EXPORT TRADE

"Such incidents mean that not only is America deprived of the investment of capital and employment consequent on such plants, but that the export business which we formerly had now goes to Canada. The Dominion has one tariff in which co-members of the British Empire are favored, an arrangement that works both ways between her and her sister British states and colonies. She had another tariff that involves reciprocity with foreign nations.

"Under these agreements the American factories now domiciled in Canada not only escape the high retaliatory duties levied by Canada against the United States but do not have to pay the high duties that Europe and certain South American countries have levied on American products as an answer to our embargoes on their goods."

of Commons would be minus "his bland and smiling countenance." If ever there was a political party in this country which should never raise its voice regarding the Canadian National Railways, Mr. MacDougall declared amid Conservative applause, it was the Liberal party. Older Parliamentarians would recall the efforts of the Liberal party to prevent the amalgamation of the Canadian National Railways.

Old Age Pensions

Leaving the railway question, Mr. MacDougall took up the subject of old age pensions. A scheme had been put into effect whereby the provinces would have to contribute fifty percent of the cost in order to receive the benefits of the plan, but Nova Scotia, New Brunswick and Prince Edward Island, having the largest number in regard to population of aged people in respect to the other provinces, were unable financially to enter the scheme. Premier Bennett promised the people that the Dominion Government would bear the whole of the burden. At the present time the "bitter economic straits in which the whole world finds itself," did not permit the payment by the Dominion of 100 percent of the cost, but the Prime Minister has "shown his good faith by increasing the Dominion payment up to 75 percent." Already, Mr. MacDougall said, Prince Edward Island has stated it would accept this proposal, and insofar as his native province of Nova Scotia was concerned, that offer would be accepted until such time as the Federal Government may take over the payment of the whole cost.

Recital By Pupils of Prof. Thompson

The fourth annual vocal and piano recital by the pupils of Prof. Louis D. Thompson was given before a large audience in Zion Hall last evening.

In the piano department the work of the younger pupils was particularly good. They played artistically and with correct expression. Their memory work was also good. The playing of the more advanced students was very favorably commented upon, brilliancy and abandon being in evidence in their style.

In the vocal department careful training was in evidence. Good breath control, diction and clear enunciation were noticeable features, which reflected great credit on teacher and pupils.

The stage was prettily decorated with ferns, iris and columbine, while the furniture was kindly loaned by Messrs. Holman and Co. The fine Mason and Risch piano was kindly loaned by Mr. A. E. Toombs.

The program was as follows:—

PROGRAMME

untiring work of the Ladies Auxiliaries and other committees.

The Endowment Account has been increased by the addition of $3,000 and now shows a balance of $11,700 and promises to be further increased in the coming year. A list of all bequests will be found on another page.

Your trustees are pleased to announce that the long desired objective—namely the wiping out of the Debt—has now been attained, and for which all interested are sincerely grateful.

Our Day School continues to give good satisfaction. The June term closed with twenty four pupils enrolled in eight grades and on opening in September, under a new teacher, we had twenty-six enrolled and the ninth grade was added.

Attendance has been maintained at 100 percent.

One boy, aged twelve, took school leaving examinations in June and passed with high marks.

All school supplies are being generously furnished by Prince Edward Preceptory Royal Arch Masons through Mr. R. H. Rogers. Miss McKenzie is carrying on in the same painstaking way as her predecessor as evidenced by the report of the public school inspector appended hereto.

The trustee Board extends their grateful thanks to all friends within and without the province, the Clergy, the Press, the Auxiliaries, the Individual Collectors and all others who assisted in making the year 1930 the most successful in the history of the P. E. I. Orphanage.

Medical Report

The medical report was presented by Dr. F. W. Tidmarsh as follows:

I have the honor to submit herewith my annual report for the year ending December 31st, 1930.

During the year there were 32 complete physical examinations made on children prior to admission. There were few physical defects found in these children but the majority were considerably undernourished.

Six children were admitted to the Prince Edward Island Hospital for removal of diseased tonsils and adenoids and two children with defective vision were supplied with the necessary glasses. This work was attended to by Dr. Lantz.

All dental work was done by Dr. Ayers.

There was no epidemic of any sort during the year and any illness among the children was of a very trivial nature. There have been no deaths in the orphanage for seven consecutive years.

By arrangement with the Red Cross Society all the children were protected from diptheria by the giving of toxoid.

The daily average of children was fifty-five, thirty of whom are under six years. Eight infants receive special feedings.

The food supply is of the highest quality and suitable to the needs of growing children.

I would again express my appreciation of the excellent care given to our wards by Miss Beers and her assistants, to whom is due the very satisfactory state of health of all the children.

Adoption Committee Report

Following is the report of the adoption committee:

During the year 1930 we had a daily average of fifty-five children in residence, an increase of four over the previous year. Thirty two children were admitted and twenty six discharged.

Of all admissions only three were born out of wedlock. Fifteen were received from Prince County; eleven from Kings; four from Queens; one from Charlottetown and one from outside the province, making the total as above of thirty two.

All children admitted subject to our adoption rules.

Eleven were admitted into foster homes and fifteen returned to parents making the total of twenty six.

A very high standard of health is being well maintained and we are deeply grateful to Dr. Tidmarsh for his medical supervision; to Dr. Ayers for his attention to the dental requirements; to Dr. Lantz for his attention to the eyes, etc., and to Miss Beers, the nurse in charge and her staff for careful observance and strict adherence to health rules.

Still another year is labeled no deaths in the Institution.

The report of the home committee by Mrs. H. H. Horne showed that the institution had been conducted economically and efficiently, The building was clean and sanitary at all times.

Superintendent's Report

Miss Eva Beers, Superintendent of the Orphanage, in her annual report, stated that the interests of the children in the orphanage were rapidly becoming the interests of the people of the Province even in remote sections.

In 1930 there had been a larger number of children cared for than in any year previous. There had been fifty-five children enrolled in the institution. It was not an easy task to take a child from its home and place it under group care. Social service work for the preservation of the home, was necessary in this Province. There had been a great change made since old days in the attitude of institutions toward orphans, Miss Beers stated. Mentally and morally, the children from orphanages equal those of the average home, and as often make useful citizens.

More than 6,000 visitors had been welcomed during the last year. Many expressed surprise at the standard of the home. There had been many improvements affected both within the building and without, Miss Beers said in conclusion.

A beautiful bouquet of roses was presented Mrs. H. S. Henderson, President of the Ladies' Auxiliary, by little Miss Betty Bruce, on behalf of the ladies' organization.

The four retiring directors, Mrs. Arthur Henry, Mrs. H. H. Horne, Mr. W. Allan Stewart and Mr. T. G. Beaton, were re-elected.

Votes of thanks were passed to St. Paul's Hall corporation for the use of the Hall, to the Ladies' Auxiliary for its work, to Miss Eva Beers, Superintendent of the Home, to those who loaned cars for the use of the delegates.
