Canadian Dollar Dips Slightly

NEW YORK, Sept. 8.—(CP)—The Canadian dollar dipped 1-16 of a cent to a discount of 12 1/2 cents in terms of United States funds in Saturday's foreign exchange trading.

New weakness developed in the usually stable Swiss franc. The Swiss money closed .02 of a cent lower at 22 3/4 cents.

Exchange dealers said the decline indicated a fresh transfer of money out of Switzerland, now Europe's international banking centre.

DOWN ON SWASTIKA

KIRKLAND, Ohio.—(CP)—Reported by aviators, a fire of leaves raised up in the form of a swastika by a 16-year-old farm boy caused quite a stir among the authorities.

R. C. A. Band At Nat. Exhibition

The smart Royal Canadian Air Force band now playing at the Canadian National Exhibition at Toronto is the forerunner of a number of bands in Air Force blue destined to lead the marching feet of Royal Canadian Air Force units all over Canada. The Air Force bands are now in process of organization. Full bands of brasses and reeds will be organized at first, based on a central band at Ottawa, which will provide training school for other bands to come. A number of trumpet and drum bands will be organized as well to lighten the tedium of Air Force marches. Flying Officer Norman Gilchrist left a Toronto brokerage firm to assume the task of organizing and training the R.C.A.F. bands. He studied music in Canada, the United States and Europe and became a concert pianist and a professional musician before coming to Canada. The central Air Force band recently won high praise for its performance at the graduation of the first class of students from No. 1 Wireless School at Montreal and the Air Force route march the same day. The fine showing of the band at a number of official functions in the capital and elsewhere led to suggestions that a number of similar organizations be formed to the credit of the Air Force in other parts of the country. The brass and reed bands will average around 30 pieces each. The drum bands will be turned out smartly in Air Force blue uniforms and equipped with gleaming silver instruments. All R.C.A.F. band work must be voluntary. A talent search within the air force has been in progress for some time, and all prospective recruits to the Air Force are being urged to mention any musical experience they may have had. It is pointed out, however, that musicians are not being recruited into the air force as such. R.C.A.F. bandmen must be skilled tradesmen first and musicians second. All applicants must have trade qualifications or other specialized requirements for R.C.A.F. service. The bands will be trained by qualified bandmasters and led on the march by smart, experienced drum majors. Musicians in the R.C.A.F. who do not find places in the bands will have an opportunity later to play in R.C.A.F. orchestras to be organized at the various stations and training centres.

Official Western Opening Of Through Highway Wednesday September 11th, 1940

The through paved HIGHWAY from Souris and Montague through Charlottetown and Summerside to Alberton will be finally completed, and the official western opening will take place at The Alberton Exhibition on Wednesday afternoon, September 11th.

It is a significant omen that the date of the Alberton Exhibition should happen to coincide with the completion of the through Highway. This Exhibition is noted for its fine display of Prince Edward Island Products—Cattle, Horses, Hogs, Sheep, Poultry, Fruits, and Vegetables and is well worthy of your attendance, especially this year.

A novel feature will be the horse pulling contest which is probably one of the first of its kind ever held on Prince Edward Island. There will also be a dance in the evening. Meals served. Band in attendance.

From East to West come to the Exhibition and the official Highway opening. See Prince Edward Island and its beautiful harvest fields from one end of the Province to the other and do it on lovely paved roads. Bring the family.

This day will in our history mark the time when east and west are united by a through modern highway. It enables us to transact business and to see our own land in a way that we have never been able to see it before.

TAKE THIS BEAUTIFUL DRIVE WEDNESDAY. THE COUNTRY IS SO LOVELY THAT YOU WILL BE PROUDER THAN EVER TO REALIZE YOU ARE A PRINCE EDWARD ISLANDER.

THANE A. CAMPBELL, Premier
