

Enriched Yeast Will Ironize Your Nerves

Produce Great Natural Nerve Strength, Yeast Should Be Ironized and Not Merely Mixed With Iron. There is Only One Ironized Yeast in the World.

Now, Mr. Man, tighten your fist and clamp your jaws. Tighter. Now fill tighter. As tight as you can. Notice how weak is the tightest you can get? Vitamins and iron in your yeast made it possible for you to do these two things. If you had still

He Run-Down, Exhausted? See That He Takes Ironized Yeast! More vitamins, ironized, you could tighten your fist and your jaws almost as tight as a vise. Ironized Yeast will enable you to do it, because ironized yeast combines concentrated vitamins with natural organic iron, in such strength that it gives amazing power to nerves and organs in half the usual time. It is the most powerful reconstructive in the world today for tired, exhausted men and women. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Give your nerves the natural food-strength they lack. They do not need stimulation, they need natural force. Here it is, Ironized Yeast! This will give you great blood power, great nerve power, an abundance of energy, brain clearness, stronger muscle, firmer flesh, a clear eye and memory—and you'll smile the smile of health and power. Ironized Yeast is sold at all drug stores, at \$1.00 a package. Each package contains 60 tablets, each tablet is equal. They never lose their power. Harold F. WEDDING BELLS—A quiet but very pretty wedding took place at St. Andrew's Church on the morning of August 30th, when Monica Marie, youngest daughter of Mr. and Mrs. Alex. MacDonald of West St. Peter's, became the bride of Mr. Paul McCormack a prosperous young farmer of Pointe-aux-Lacs. The bride who was one of our island's most popular school teachers looked charmingly attired in a suit of brown tulle with hat to match. She was attended by her cousin Miss Gladys MacDonald and the groom by Mr. Maurice Sheenan. After the ceremony which was performed by Rev. A. P. McLean, the bridal party motored to Charlottetown where dinner was served. The afternoon was spent in visiting places of interest, after which they returned to the home of the bride where supper was served to the immediate friends and relatives of both bride and groom. The bride's dress, for the evening was of gray satin, while the bridesmaid wore pink satin. A very large party of the youth of the community serenaded the bridal party filling the air with a very great variety of sounds more or less melodious. The many friends of Mr. and Mrs. McCormack wish them many years of happiness.

RADIO IS HEARD ACROSS ATLANTIC

NEWARK, Oct. 5.—Officials of the radio station WOR here, today, announced receipt of a wireless message declaring that the sound of woman's voice and strains of an orchestra that were broadcast from Newark last night had been heard in London.

A message which was sent broadcast by Sir Thomas Lipton did not carry across the seas however, Sir Thomas. It was announced, will make a second attempt next week. Officials at station WOR declare that this is the first time actual radio communication has been broadcast across the Atlantic. Arrangements for the test were made with Selfridges, a London department store, some time ago. Sir Thomas broadcast his message at midnight last night, the time agreed to start the test, and was followed by the singing of several songs by a woman and the rendition of numbers by a small orchestra. The following wireless message was received from Selfridges today:

"Large crowds in London awaited results of radio tests. Great interference from ship's sparking. Heard your test... music and woman singing."

HONOURING A CANADIAN EXPLORER

KOOTENAY INDIAN TIPI CAMP at Lake Windermere Celebration in Honour of David Thompson.

DAVID THOMPSON MEMORIAL PORT at Lake Windermere B.C.

At the year 1807 David Thompson, Canada's greatest geographer, landed on the shores of Lake Windermere, British Columbia, and in the fall of 1822, one hundred and fifteen years later, people from all parts of Canada gathered near the spot where he landed to do him honor, and to open in his memory, a large log building or fort, which takes the form of a museum to be utilized for the purpose of preserving historical relics.

The fort and museum were erected by the Canadian Pacific Railway and the Fibre Base Company in co-operation with one another.

The dedication ceremonies included a banquet, which represented the scene of David Thompson's first visit to Lake Windermere. Indians from the Shuswap and Kootenay reserves were there in large numbers. Their spears, pitched on the hillside surrounding the fort, were a splendid setting for the picture seen in the foreground. At night the Indians lighted their camp fires, and sang and played the favourite music of their tribes. The squaws were dressed in their finest costumes, their hair, beards, all teeth, gaily colored shawls and skirts being prominent. Children in possession, as the Indians call them, were fashionable miniatures of their mothers. The beavers appeared in distinguished numbers, including Bliss Carman, were present on the occasion which will long be remembered at Lake Windermere.
