And the reason is there is nothing the matter with your glasses. The trouble is with you; you, yourself. Your head is congested, you are dizzy, you cannot see clearly, and you are all out of sorts.

**THE GUARDIAN LOCAL NEWS**

ADVERTISERS are again reminded that all "changes" should be in this office no later than one p. m. to insure insertion in following issue.

ANY persons, (ladies or gentlemen) desiring to see the Guardian's big Web Perfecting Press in operation should call at business offices any Wednesday at twelve o'clock, or Saturday at one o'clock sharp.

The Maritime Business Colleges, the proprietors of which are E. Kaulbeck, C. A. and R. Schurman, C. A. with institutions at Halifax and New Glasgow have issued a very neatly gotten up booklet with illustrations of their entire staff of instructors in both colleges. Within is printed the forcible expression "What we have done for others we can do for you."

The Canadian Press Association has learned that American apples are in larger demand in London, Eng. than Canadian. This is owing to their superior general quality. American prices ruled higher than Canadian, but this is partly due to the fact that American barrels contain twenty-eight pounds more than Canadian. Nova Scotia golden russets now fetch from 16s. to 28s. a barrel, and common apples from 8s. to 12s.

**ALBANY NOTES**—The continued cold stormy weather is causing a good deal of anxiety to the farmers here as their farms, which in former years were well filled, are this winter in the majority of cases almost empty. A number of farmers are already heavily in need of feed for their stock. "Hurry up the Government hay, no use shutting the door after the horse is gone."—Sickness is very prevalent here at present, and the long felt need of a resident physician in this place was realized to its fullest extent when parties on several occasions during the last two weeks had to break the roads for eight or nine miles in the middle of the night in the worst storms of the season to get a doctor. Why not some good doctor locate here?

H. Price Webber, the genial veteran actor, received a hearty greeting from his many Moncton friends. He has had the best business the last year he ever had and that is saying a good deal. Mr. Webber worked on "The Times" newspaper in Moncton in 1888, but soon got out. It was a lucky move for him. He has been on the road since 1875, playing an average of 300 nights a year. This is a record in the theatrical line. He must be getting along but the years press lightly on his shoulders and he is as gay and as spry as ever. His prosperity he has the reputation of never refusing to do a good turn for his less fortunate brothers. From Moncton Mr. Webber's company goes to Rexton, Richibucto, Newcastle, Bathurst and Chatham, thence to Fredericton.—Moncton Transcript.

**DUNDAS AND VICINITY**—If abundance of snow is an assurance of good crops then the farmers of this section will have full barns next fall.—There are quite a number ill here at present including Ernest McSwain and George Hewlett of Dundas and Mrs. Lavinia McKay and Mrs. W. E. Leard of Bridgetown.—The Dundas butter factory is idle this season for the first time since its erection.—Feed is getting pretty scarce, only about one half of the Government hay ordered having arrived up to the present time.—The Burns' concert which was to have taken place on the 25th was postponed owing to the storm until the 31st when it was further postponed to the 8th of February.—A very pleasant evening was recently spent by the young people of Dundas and Bridgetown at a reception given by Jas. G. McLeod, the popular representative of the North American life, on the occasion of his marriage to Miss Eva Hooper of Morrell. The evening was passed in games and songs and a beautiful supper was laid to which all the guests did ample justice. After supper speeches congratulating the happy couple were made by Archibald McLean and G. E. Saville to which the bridegroom fittingly responded. All the guests departed hoping that peace, happiness and prosperity would ever be present in the home of their kind hearted host and hostess and that their way, through life would be jewel like in its brightness.
