Robust Health For Young People

What a common sight it is to see a young person whose blood is thin and feeble frame, who shows evidence of poor circulation and weakness, who is bounding health and rosy cheeks should reign. Young people in such a condition are generally of an anemic nature and require a preparation containing iron to help improve the blood test. Milburn's Health and Nerve Food meets this requirement, as they contain three concentrated forms of iron of an easily assimilated nature together with other valuable nutrients indicated for building up the system, strengthening the nerves, and adding to your physical attraction.
