Local Ice Races Decided Success

Victoria Driving Club Open Season On Harbor Yesterday—Large Crowd Witness Event.

The Victoria Driving Club's initial ice races for 1933 were held yesterday afternoon. The weather was very cold with a high wind, but that did not make any difference to the enthusiasts who journeyed to the ice to witness or take part in the events.

Owing to its being the first races of the season and to having been put on rather hurriedly, the preparations were not as complete as usual and considerable delay was experienced in running off the events, but this will be remedied and everything will be working like clock-work by next week, when the new stand will be ready, the finish wire strung and all the other details completed. Yesterday's racing was just a starter to get the boys limbered up, "feeling the itch" as it were, to cut loose with their speed over the glassy surface.

The track which had about three or four inches of snow on it was cleared off with a tractor drawn by horses and autotruck, the road machine being under the management of Sam Morrison, one of the club's most enthusiastic supporters, who directed it from nine o'clock in the morning until 2.15, in a cold, raw wind, in order to have a course to race over. Sam certainly deserves words of praise, also the track committee who laid out the track and put up the markers.

Now getting back to the races, there were three on the program, the first one, Class B Trot and Pace, being sent away at 2.30. This had Bingen Aubrey, Ruth S. and La Rico as starters. Bingen Aubrey won the trot was too good for the others and won in straight heats, driven by owner Rollie Wood, having a good two lengths of himself at the finish of each heat to spare. In the first heat La Rico was second, finishing third in the second heat, while Ruth S. was third in the first heat and finished second in the second heat gaining rapidly on Bingen Aubrey at the finish. Both La Rico and Ruth S. were raced to sleighs which handicapped them considerably. In their next start they will probably race to carts and will make much better competition with the Bingen horse. The best time made was in the first heat which was in .32¾ seconds.

Class C Trot and Pace. This also had three starters all making their debut as racers. Moneymaker, owned by Jimmie Power and driven by Pat McKenna was an easy first in the first heat being a full two lengths to the good. Ethel Aubrey owned by Notting and Ross and driven by Fred Ross, second, and Dewey Sett, Claude McMillan's four year old by Longset, third. In the second heat Ethel Aubrey showed quite a flash of speed and outfooted Moneymaker, winning by a full neck in a nice heat, Dewey Sett again third. In the third heat something happened to the harness of Moneymaker and he was drawn. Ethel Aubrey was again a winner with Dewey Sett second. Moneymaker will probably race to cart next start and should knock a couple of seconds off the time made yesterday. Ethel Aubrey is an attractive gaited trotter and gives the impression that she will be heard from later on.

Class A Pace. This was delayed considerably owing to Orola twisting his hind shoes and eventually losing two of them, which compelled his withdrawal in the third heat. In the first heat during his absence, Johnny Miles and Parker Boy decided to keep warm by racing between themselves until Orola returned from the blacksmith shop. They went away quite fast and about half way down the course Parker Boy made a break, Johnny Miles jogging along and winning easily in slow time.

When the second heat was called Orola was ready and the three got away on the first score, being on even terms for nearly half the distance, then Orola made a break and Parker Boy stepped away from Johnny Miles winning by half a length in thirty-one seconds. The third heat Orola was drawn and Parker Boy and Miles fought it out, racing almost as a team until the last fifty yards when Parker Boy gained a head and neck to win in .30½ seconds, good time for the first race of the season.

Parker Boy has a record of 2.09½ and is eligible to the 2.14 pace. He wears the hopples but was raced free-legged yesterday by owner George Buntain. He has perfect manners and is a real nice pacer. We understand he was brought here a few weeks ago by Mr. Wellington McNeill, who purchased him from a Toronto horseman, where he raced during the fall and early winter race meets.

Quite a flurry of confab was started by the announcement of the well known sportsman, Jimmie Power, that he was prepared to back his opinion re Volo Rico's speed with five hundred bones. Jimmie says "I can beat 'em all over the quarter mile route." So tune up your speed, Boys, but do not put up $500, it's too much these hard times; fifty dollars is quite enough and there is just as much fun in racing for fifty as for five hundred. In Volo Rico Jimmie has certainly a horse than he can crow about for speed, as last winter it will be remembered he was the champion pacer of P. E. I., having met and defeated the best the province had to offer.

That the cold and raw wind had no terrors for the hockey boys was evidenced by the appearance on the ice of Coach Chuck O'Connor, Hymie McArthur and Ron Hudson, but some of their well wishers became nervous, so they were hustled into an auto to keep them warm and they spent a couple of hours watching the performers.

The officials were: Clerk of the Course, John A. McDonald; Judges, W. S. Brown, N. Walker, Dr. E. Notting; Starter, Doug MacLeod; Timers, A. McInnis, M. Graham, Dr. H. McIntyre.

JIM CORBETT DOWN, BUT NOT OUT YET

NEW YORK, Feb. 16—(Associated Press)—Only a shadow of the man who knocked out John L. Sullaan but still a champion in courage, James J. Corbett today roused himself from a semi-coma in which he had lain for several hours and walked about his home.

Corbett, in his 67th year, has been seriously ill with a heart ailment since January 31. Yesterday morning his condition became so alarming stimulants were resorted to to prolong his life and he had lain since in a half stupor.

This afternoon, with friends momentarily expecting word of his death, Corbett awoke, climbed out of bed and walked through the house. He was prevailed on to lie down again but appeared none the worse for his unusual activity.

"You just can't predict what he will do," said his old friend and constant bedside companion, John Kelleher. "You get ready to say 'Goodbye Jim' and he says 'Hello John.'"

LADIES' NIGHT FOR Y'S MEN—The Charlottetown Y's Men's Club observed last evening as ladies' night, when upwards of thirty-five Y's Men, and their Y's Mennettes sat down to a sumptuous repast, served by the Ladies' Auxiliary. President Ruel LePage acted as chairman for the evening and in the customary manner introduced the Y's Mennettes and Y's Men. Y's Man Dr. McLaughlin was then called upon and gave an address of welcome to the Ladies, in his usual genial manner. Y's Mennette Marion Cudmore opened the musical part of the programme with a solo, which was heartily encored, this was followed by a club sing song, with everybody taking part with vim and vigour. Y's Man Prof. Roy Kendall rendered a piano solo, which also required an encore, with George Johnston coming next with a vocal solo followed by an encore. A stunt was then put on by Y's Man Ern Clawson consisting of a blindfold feeding contest with four Y's Men and Y's Mennettes taking part. This was won by one of our newly married Y's Mennettes. Past Presidents Whit Bentley, Jack MacNair and Cleaver MacLean were each called on in turn and gave a short talk each relative to club activities, also Y's Man Fred Holman. The evening's entertainment was then brought to a close with the singing of the King.

which is often overlooked even in these times, and after all the world's experience.

"One often hears it said that it is just as cheap to build a handsome building as an ugly one, but most builders of schools in Canada utterly neglect consideration of this aspect. The new Prince of Wales College, in contrast, is most pleasing to the eye, inside and out.

Surprised At Low Cost

"I marvel at the cheapness with which this fine building has been constructed.

"The right time was selected for your fire!"

President Stanley added that a few years ago it would have cost an extra quarter of a million dollars to construct this College on its present lines, and that even at present day prices the cost has been remarkably low.

LOOKING 'EM OVER

BY "TEC"

"LET'S GO—LET'S ALL GO!"

Tonight IS the night. Abbies, opening hostilities with the section leading Halifax Wolverines in the final drive for a commanding position on the pole in the race for the "Big Three" gonfalon will show everything in their reportoire to take tonight's clash from the men of Conn.

The largest crowd ever to grace the Forum is expected to view the epic struggle.

Should the Red Shirts finish on the top side of the scoring tonight, Moncton Hawks would do well to look to their questionable laurels, simply because "Chuck" O'Connor's aggregation, although sitting in the cellar position at present, is, nevertheless, the big menace in the camp of Nicklin—and further still should Abbies meet 'em in the finals, they will have to show something better than the reported "drab affairs" they have been taking part in of late.

Let's all get behind Abbies tonight. Show them by attending one hundred fold that the fans of Charlottetown and P. E. I. are loyal to the core and prepared to stake almost anything that they will come through this torrid struggle with colors flying.

"LAUGHABLE"

When Moncton Hawks lose a close game to Wolverines and vice versa, the sports writers of both New Brunswick and Nova Scotia alibi the defeats by way of stating that the Hawks or Wolves "have gotten another bad game out of their systems." Is this just a figure of speech or do said sport scribes really believe "the system" has anything to do with it? The above is laughable in the extreme. Supposing the Hawks or Wolves should lose the title in the playdowns, would they say so and so "got another bad year out of their systems."

"AN EYE OPENER—NOT AN EYE CLOSER"

According to the Moncton Transcript, Wednesday night's game between Hawks and Wolverines—the Hawks lost 2 to 1—was a sorry spectacle, with the fans almost falling asleep during the progress of the game. There will be a different tune or snore tonight. Those troubled with sleeping sickness would be well advised to get a seat, or at least standing room at the Wolverine-Abbie game tonight. In fact there won't be elbow room for those who desire to snooze.

Tonight's clash should produce enough thrills to last one a lifetime—or longer than that.

WOLVES WILL PLAY RAMBLERS

AMHERST, N. S., Feb. 16—(C.P.)—Halifax Wolverines, of the Maritime Hockey League, will stop off at Amherst on Saturday evening for a game with Amherst Ramblers.

Annual Meeting Charlottetown Steamship Co.

The annual meeting of the Charlottetown Steamship Co. Ltd., was held in the Board of Trade rooms, on February 14th, at 2.30 p. m., R. E. Mutch, President of the Company occupied the chair, and presented the report of the directors for the year ending December 31, 1932 together with the financial statement showing the result of the year's work, which under the conditions existing in all lines of business, and particularly in transportation business was considered satisfactory, although it did not permit the payment of any dividend. The service given was equal to that of any past year with the addition of a fortnightly trip to Pinette, this was made possible by a small additional subsidy provided by the local government, and this additional service was much appreciated by the section served. The incoming directors were instructed to press for a Federal subsidy of $5,600.00 for the season of 1933, as it was felt by the shareholders that the company could not be expected to carry on with a smaller amount.

A vote of thanks was presented to the retiring directors, manager, auditor and officers of the S. S. Harland. The following board of idrectors was elected for the ensuing year:

R. E. Mutch, President; J. O. Hyndman, Vice-President; J. E. Bell; Isaac Carter; D. D. McLeod; H. H. Horne; Angus McPhee; Geo. D. DeBlois, Auditor.

Mr. Albert Snelgrove will remain with the company as manager.

Summerside 4 Alberton 1

Good fast hockey was seen at the Alberton rink on Tuesday evening when the Alberton Regals and Summerside Hockey Club met for the first of the home and home games to decide the winner of the Western Section of the Island Intermediate championship.

The first period ended one all McDonald scoring for the Regals halfway through the period on a wing shot. Schurman for the S.H.C. evened the score in a pass out in front of the net, within five minutes of the bell.

In the second period Schurman marked up another goal for his team on a pass from Montgomery, period ending 2-1.

Although the Regals worked some fast hockey they failed to get past Herb Schurman who was in the S.H.C. nets.

The Summerside boys added two more to their list, Montgomery being responsible, scoring one soon after the opening on a long shot and a few minutes after put in another on a nice run down left wing and circling the defence picked off corner ice into the net. This made the score 4-1 in favor of Summerside.

Both Schurman and Lefurgey were kept busy stopping rubber as the boys were out to win for their respective teams. Excellent sportsmanship was displayed and the few penalties handed out were for minor offenses.

The teams will meet in Summerside on Friday to decide the winner to play Victoria or Borden for the right to play the winners of the Eastern Section for the Island Intermediate championship.
