## MEXICO MAKES PROTEST TO BRITAIN

LONDON, April 26.—The Mexican Government has communicated to the British Foreign Office a formal protest against the action of Captain Vivian of the British sloop Shearwater in landing marines at San Quentin, Lower California, which action is described as an interference. Announcement of this effect was made in a very brief despatch received at the Foreign Office today from S. D. Hohler, British Charge d'Affaires at Mexico City since the departure of Minister Tower. Mr. Hohler stated that the text of the protest was going forward by mail, and no action in the matter will be taken here pending the receipt of the text and also the explanation of Captain Vivian which he has mailed to London.

## BOARD OF CONTROL FOR HALIFAX ALSO

HALIFAX, April 17.—The Civic elections were made interesting because of the febrile state of the proposed Board of Control form of government. The Board of Control proposition carried by a majority of 3 to 1.

"A very popular shape in soft hats is the Fedora with dip front. This shape is shown here in pearl, slate, green and black, and is a fast seller, \$2.25 and \$2.75. Other shapes and colors at \$1.80, \$1.40 to \$3.00, at Bruce's."

All unsettled accounts after that date will be placed in attorney's hands for collection. By order of F. L. HASZARD, G. W. HANDRAHAN, Executors.

Charlottetown, April 21st, 1911.

## RECIPROCITY

OTTAWA, April 26.—That the government must abandon reciprocity or go to the country was the decision arrived at by the conservative members of parliament this morning. Reports received from all over the country, especially from the west indicate that the popular verdict will be overwhelmingly against the pact. The opposition are, therefore, convinced that it is their duty to prevent the Fielding-Knox agreement being ratified until a mandate is obtained from the electorate. At the conservative caucus this morning the greatest enthusiasm was manifested. The fighting spirit was strong and the proposition to resist the government to the last extremity was acquiesced in by all.

R. L. Borden gave out the following statement:—

"The line of action in fighting the reciprocity proposals was discussed. There was a unanimous resolve and conclusion to offer a firm and determined resistance to these proposals to the bitter end."

"The liberal-conservative party will make no trade on this question, which involves the national existence of the country and gravely affects its relations to the empire."

Hon. W. J. Bowser, attorney-general of British Columbia, and Hon. Mr. Ross, minister of lands for the same province, were present during a portion of the time and were accorded an enthusiastic reception. Both of these gentlemen briefly addressed the caucus and assured their hearers that British Columbia at the next federal election would send a solid conservative delegation to Ottawa.

It is by no means certain what course the government will pursue. A caucus has been hurriedly called for tomorrow when the policy of the party will no doubt be enunciated. At present the impression is general that the reciprocity agreement will go over and that an early prorogation may be expected.

## AN UNEQUALLED BASEBALL RECORD

BATTLE CREEK, Mich., April 25.—A baseball record, said to be unequalled, was made here yesterday afternoon when the Battle Creek team of the South Michigan league, made two triple plays in a nine inning game with Grand Rapids, of the central league. Battle Creek won 6 to 3. The first was made by the catcher catching a bunt and retiring men at second and first. The second was a line drive to the short stop, the remaining putouts being at third and first. Three players figured in each performance.

## SUMMERSIDE, ALBERTON AND PRINCE COUNTY

—It pays to buy in this Province.

—Capt. Rhynard is rapidly getting the ferry steamer Bedeque in order to take up her service on the Summerside-Bedeque ferry and expects to have everything in readiness to make his first trip on Monday next. This will be somewhat later than of previous years, the first trip being made on April 11th last year and April 26th in 1909.

—Thomas Johnson, Summerside, has decided to make material changes in his business. He has admitted through partnership his son Frank A. and Herman Calbeck and the company will be known as the Thomas Johnson Co. During the coming summer he has decided to erect a two story brick building fronting 36 feet on Water St. on the site of his present store which will be moved back and used as a work shop. This new building will make a decided improvement to Water St. and the Guardian congratulates Mr. Johnson on his new move.—S.

—The steamer Empress with a full cargo consisting of 1525 bags of oats, 135 cases of eggs, 270 bales of hay and straw, 1 car of mixed freight and 2 cars of machinery (from Charlottetown) also 4 passengers left Summerside at 5 a.m. yesterday and arrived at Pt. Du Chene about 8 a.m. and left there on return at 3.55 p.m. with 5 cars of flour and 1 car of glass show cases, besides 7 passengers and 21 sacks of mail, arriving at Summerside about 6.35 p.m. The officers report considerable loose ice in the straits but not enough to interfere with the steamer making her usual trips. She will commence the summer service this morning leaving Summerside on the arrival of the express train from the east, taking mails and passengers besides a full cargo of freight.—S.

—A dastardly act was perpetrated at Casumpeque Harbor on Tuesday night or early Wednesday morning which might have been the cause of more serious harm than it was. A gasoline boat owned by Clifford Matthews was anchored near his lobster factory at the mouth of the harbor and when he started the engine on Wednesday to go out and set his lobster lines a terrific explosion took place, the top blowing off the engine and all the packing blew out. The engine had evidently been tampered with by some one so far unknown, for it was discovered that some bolts had been loosened about it which was the cause of the affair. Mr. Matthews used his boat the previous evening quite late and the engine was then in perfect running order. He received a fright when the report is above repeated, and why such a cowardly act should be done against him is hard to imagine. The engine was temporarily repaired after an hour's delay.—A.

## TYPHOID'S SOURCE STILL A MYSTERY

WOLFVILLE, April 26.—The typhoid cases at Acadia seminary, are progressing favorably. The source of the infection is still a mystery, as samples of the milk used, and water from dairymen's wells having been tested by the provincial bacteriologist of Halifax, have not revealed the typhoid bacillus. The town water is above suspicion, as it stands the most rigid tests. The acting health officer and board of health, are doing their utmost and more wells outside the town, used by milk dealers, are to be examined and a thorough inspection will be made of all possible sources of contamination. The patients in the seminary are cared for in the well equipped hospital with trained nurses in attendance. Those ill are Miss Swartz, teacher; Miss Mary Black, Amherst; Miss Godfrey, Shelburne; Miss Marianna, Lockwood, Lakeport; Miss Pearl Anderson, Jersey City; Miss McPhail, Woodstock; Miss Verge and Miss Prosser.

—The Kensington Dairying Association will begin butter making on Monday, May 1st.

—The Morning Daily Guardian can be obtained at Lafferty's Tonsorial Parlors, Summerside.

—All news, advertising and subscriptions in Alberton and Vicinity should be handed to H. Clark, Agent, 1-25drf.

—The May Standard Fashion book and Designer are in. Call and get a fashion sheet free at Winslow J. Lidstone's, Summerside.

—The D. McKenzie Co. Ltd, have a large shipment of Rennie's famous XXX Clovers due here this week in sealed bags, thirty lbs. each. On sale at Kensington and New London stores.

—The members of Prince Edward Lodge, I. O. O. F. Summerside, will celebrate their natal day by attending Divine service in the Methodist Church on Sunday morning next when the Rev. J. Stothard will preach them a sermon appropriate to the occasion.—S.

—All advertising in Summerside and vicinity for The Morning Daily and Rural Daily as well as all new and renewal subscriptions, should be handed to Miss Amy G. Burrows, agent, Summer Street. All news should be given to J. F. Lafferty, Guardian Correspondent, Water Street. 1-25drf.

—The auction sale of the farm, stock and farm implements of Charles McLean, Searlestown, held yesterday by auctioneer Wright of Summerside was well attended and good prices were realized. The farm consisting of 68 acres was knocked down at \$2,775, Johnson Leard, Searlestown, being the purchaser.—S.

## PLOT BY CAPITAL AGAINST LABOR

INDIANAPOLIS, Ind., April 25.—Detective William J. Burns tonight was served with a warrant charging him with complicity in the alleged kidnapping of J. J. McNamara, secretary of the International association of bridge and structural iron workers, said to be implicated in the Los Angeles Times explosion. Three lawyers were arraigned today on the same charge and they spent two hours in jail because of delay in obtaining bonds for them. They are Walter Drew and J. A. G. Badorf, of New York, counsel and assistant counsel for the National Erectors' association and W. Joseph Ford, assistant district attorney of Los Angeles.

Burns was arrested in a street car as he was going to the court of Justice to appear on a charge of rendering himself. Constables had searched for him all day. He was released under \$10,000 bail, to appear before the grand jury. The hotel at which Drew, Ford, Badorf and Butts and his operatives have been staying, was searched for Burns by constables, who seemed bent on going into every corner, until the hotel management declared that they should not intrude on guests. NEW YORK, April 25.—Timothy Healy, president of the International Brotherhood of Stationary Firemen, one of the best known labor leaders in the country, joined with Samuel Gompers here today, in denouncing the arrest of the McNamara brothers and McManigal, as a plot against labor by capital. During the recent car strike at Philadelphia he said he had frustrated a plot to "plant" dynamite in his hotel room, and then blow up one of the transit companies power houses. "Knowing that they were willing to stoop to in my own case is it not reasonable for me to believe," he said, "that the men under arrest are the victims of a similar and successful conspiracy? Capital will stoop to anything to retain its grip on the throats of workers of this country. I know Jim McNamara personally. I know him to be an honest law abiding citizen and incapable of the outrages attributed to him by the enemies of labor."

SPRINGHILL MINES, April 26.—Some sixteen English miners with their families arrived in town on Monday, having been brought out under contract with the Dominion Coal Company. It appears that they understood they were to work in Glace Bay, and when they arrived here and found a strike on they sent a committee to interview the officers of the Local Union of the U. M. W. They did not show up for work on Tuesday, but today nearly all began work, the remainder leaving for Montreal where they will probably go to the West for employment.

Last evening some nineteen Spaniards arrived to work in the mines here. They were also brought out by the Dominion Coal Company and are the first of their nationality to arrive in town. It is claimed that they are good miners and present a fine type of manhood.

Tonight twelve more English miners arrived and will add to the list of employees of the colliery. They are experienced miners and will add materially to the working of the mines.

The news of the Glace Bay tragedy has caused considerable excitement here and many are of the opinion that it does not speak favorably for a strike in that colliery in order to help the cause at Springhill.

There was another break in the ranks yesterday when George Patterson and John McCarron, two prominent miners, went to work for the company. This is the first break for several days, and what will be the immediate outcome of the struggle is very difficult to conjecture. The order of the town is splendid. No arrests or disturbances of any kind have taken place for weeks. Everybody has words of praise for the Provincial Police.
