New Glasgow

Mr. Frank Andrew of "The Mills" New Glasgow is at present confined to his home by illness. His many friends are looking forward to his recovery in the near future.

Mr. Blair Andrew is being kept busy looking after his many customers. A large quantity of finished lumber has been manufactured for the farmers of the surrounding country.

In common with many other communities New Glasgow farmers have done a larger amount of lumbering this year than for many years, owing no doubt to the easy access to wood and lumber lots on account of the light snow fall of last winter. This increased output will no doubt result in greater building activities this season.

Our general butcher Mr. Lemuel Crawley has one of the most up-to-date refrigerator plants in the province with a capacity of from twenty to thirty carcasses, where the product is kept at a temperature of 26 degrees continually.

The grim reaper who comes as a thief in the night has been busy and we regret to chronicle the sudden death of Mrs. Garfield R. LePage of Rustico, which occurred on April 23rd. Mrs. LePage was a woman honored and esteemed by all who had the honor of her acquaintance and her sudden demise came as a great shock to the entire community. Her funeral was held from her late residence on Sunday 25th under the direction of Cutliffe and Andrews, to St. Marks Church Rustico where the impressive burial service of the Anglican church was conducted by the Rector Rev. E. O. Lancaster assisted by Rev. W. A. Patterson of Cavendish. Mr. Gordon Carew of Hunter River sang the appropriate solo "Shadows". The pall bearers were Messrs Charles and Stanley Houston, John Clarke, Rouel LePage, Edison Rollings and Cyril Toombs. Besides her sorrowing husband she leaves to mourn one daughter Helen, three sons Elwell and Fred of the staff of the Royal Bank of Canada, and Weston at home, also two sisters Mrs. Percy Dickerson of New Glasgow and Mrs. Hamilton Horne, Milton, and one brother Mr. Ernest Bulman, Rustico. The sympathy of the entire community goes out to the bereaved.

It is also our painful duty to record the death of North Rustico on April 24th of Mr. William A. Houston at the age of eighty-four years. Mr. Houston had been in his usual good health almost up to the day of his death having been in Charlottetown on the previous Tuesday. The deceased spent his entire life at Rustico where he owned and operated a large farm. In his earlier years he built many large fishing boats used in fishing industry when sail boats were in fashion. His wife Matilda MacKenzie predeceased him twenty-six years and one week having died April 17th, 1911. Mr. Houston was a prominent Mason having been a member of Prince Edward Lodge A. F. and A. M. at Stanley Bridge for fifty three years and was the second oldest Past Master of his lodge having been Master in 1895. He also represented the state of Delaware in this order for the past twenty six years. His funeral was held from Cavendish church on Monday April 26 under the auspices of Prince Edward Lodge Rev. W. A. Patterson officiating at the church and grave. The pall bearers were Norman Nicholson, Alfred Fife, Herbert MacEwen, Joseph I. Stewart, Weston Rollings and James E. Andrews.

BUFFALO BARBECUE - SWIFT CURRENT, Sask. (CP) - A buffalo barbecue in City Park will feature the Coronation Day celebration in this town, 100 miles west of Regina.

ANNOUNCEMENT To Farmers Near Charlottetown

Thursday, April 29th, we will open for business our new Frost Proof Warehouse, built on the approach to the Railway Wharf.

- 1st I want to thank you heartily for your patronage, which helped me to supply you with better warehouse facilities at Charlottetown for marketing your Potatoes and Turnips. 2nd With your continued support we can make this the principal trading post for farmers on the Island. 3rd I cordially invite all farmers, dealers, and shippers to come and inspect the warehouse and see the new Haines Electric Potato Grader in operation. Let me assure you it is the latest and most up-to-date Potato Grader ever set in operation. 4th Our stock for the opening consists of the following: Fertilizers, Lime, Flour, Feeds, Bran, Middlings, Seeds, (Timothy, Clover, Turnips, and Vegetable - all varieties) and Seed Potatoes. 5th VERY IMPORTANT. I am of the opinion that a different method of marketing the farmer's Potatoes and Turnips near Charlottetown should be adopted. To illustrate why, there are growers in this section who accepted bags last January from small loaders, who sometimes call themselves agents, who make a habit of advising farmers not to haul the price will go higher, in some cases promising to pay more than the market would stand, and when it comes to paying, they settle with the farmer a few cents below what they quoted, and in many cases the farmer still has his potatoes. To overcome this situation, which has been prominent for some time, I would ask my customers to do business with the office direct. In the fall, when produce will be moving in volume, I will have the boys that scouted for me last fall and this spring, supplied with trucks and they will work on a salary. 6th I have in stock a limited quantity of Government Certified Clear Field Mountain Seed No. 1 SMALL, quite a quantity of Cobblers, No. 1 Grade, also No. 1 SMALL Seed Cobblers, and a few Blues, and will exchange same for Table Stock. 7th We have a weak Potato market, but I am in a position to buy all the Potatoes, Seed or Table Stock, and Turnips, in the section. Why not exchange your holdings for whatever Lime, Fertilizer, or Seeds you want, we can kill two birds with the one stone-truck your Fertilizers out and haul in your Potatoes and Turnips. 8th I would advise against increasing your Potato acreage this spring, as it looks as if prices may not be high this fall, and above all, plant Seed Cobblers, NOT Table Stock Cobblers. 9th Why not buy your Fertilizers from firms that will buy your Turnips and Potatoes in the fall. 10th Take into consideration that last winter, on account of practically no snow in your fields, you must use a little more Fertilizer per acre than before, especially Potash. 11th Some farmers have more potatoes on hand today than they should, unfortunately they listened to anonymous newspaper reports on short crops. Usually these short crop reports have long strings that are sometimes very elastic. In future, consult the firm whose name is on the bag, not an agent. 12th Why This Is The Place For Farmers To Trade. I feel confident that my overhead is less than any other Produce Dealer in Charlottetown, no rent, all my help, with the exception of one employee, work by the hour. When there is no hauling I am under no expense, and I welcome competition, and remember this-anything I buy I guarantee my price to be as high as is going, anything offered for sale or trade our price will be competitive. I respectfully solicit continued patronage from my old customers, and will be glad to take on new ones. All orders accepted for Fertilizer after May 1st are subject to prevailing price when delivered, we expect an advance on Fertilizers about that time-book today and assure yourselves of today's price.

Employees Praise Time Reduction - Pay Increase - At Colgate

Leading Soap Company Announce Important Wage and Time Adjustment, effective May 3rd. Workers to Get Holidays With Pay.

In a letter from the Employees' Council of the Colgate-Palmolive-Peet Company, Limited, workers signified their appreciation of the Company's plan to reduce working hours and increase wages. The letter reads as follows: Mr. C. R. Vint General Manager, Colgate-Palmolive-Peet Company, Limited, 64 Natalie Street, Toronto, Ont.

Dear Mr. Vint, The employees of the Company, through their Plant Council, wish to take this opportunity of showing their appreciation for recent benefits bestowed upon them by the management.

EMPLOYEES' COUNCIL This letter is in response to the following notice which was posted on the bulletin board of the company's office yesterday.

To Factory Employees of the Colgate-Palmolive-Peet Company Limited.

Over a period of approximately twenty-five years that this Company has been manufacturing in Canada, there has been gradual developments in the working practices that have applied. The underlying policy has been constant, but the supporting policies upon specific points in the Company's relations with its employees have undergone change, along with the general thought and opinion of the time.

STANCHEL W. I.

The Stanchel W. I. met at the home of Mrs. John T. Kelley on April 7th, 1937. The President presided. There were eight members and four visitors present.

EARNSLIFF W. I.

Five members and six visitors met at the home of Mrs. Roy Mutch for their April meeting, which opened in customary manner. Roll Call was answered by exchanging flower slips. Minutes were read and signed and reports from committees heard. Sick committee visited sick bringing fruit etc. New Committee, Mrs. Roy Mutch and Miss Reta Morrissey were appointed for next month. It was moved and seconded that balance on book-case for school be paid. A letter was read by Secty. concerning library at Vernon and after some discussion it was decided to find out what our non-members who used books from library thought. A letter was also read from Red Cross society also letters of thanks from members who received fruit etc. One new member joined, Mrs. B. Doyle invited members to her home for next meeting. Roll Call to be answered by drawing from grab-bag. Meeting adjourned and Mrs. Mutch served a delicious lunch.

LEISURE DAYS NEARLY OVER

KENTVILLE, N. S., April 27 - Kentville jail soon won't be the place it used to be at all, at all; and those who looked upon it as a comfortable place to rest are in for a surprise. Carpenters and prisoners are enlarging the jail yard so that in future prisoners will be able to spend their time sawing and preparing firewood and doing other jobs which close quarters prevented before.

WAKE UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rarin' to go The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get on the case. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no catalyst or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. See.

me Reduction - Pay Increase - Palmolive Plant

It was appropriate, therefore, at the start of this year to take stock of what policies were being followed today on the various points that were of immediate concern to our employees. In this connection the Company decided as of January 1st, 1937, to put into effect for all Factory Workers a 5% wage increase and to make during the first few months of the year additional adjustments of many wages to more justly equalize some.

In addition consideration was given to the granting of Vacations, but since the vacation period was still months away no definite decision was reached. The Management is, however, extremely pleased to announce the following changes:- EFFECTIVE MAY, 3rd, 1937

1. Working Hours-5 Day Week - Reduced weekly hours from 48 to 45 hours per week; Reduced working days from 5-1/2 to 5-9 hour days per week. (Special operating conditions excepted).

2. Wage Rates-Increased Pay-Hourly wage rates will be increased so that earnings for a 45 hour week will be equal to the present 48 hour week. Plus: an additional increase of 2 1/2% per hour.

3. Vacation With Pay-One week's vacation with pay for all Factory Employees who have been employed by us not less than one year as of June 30th, 1937.

-R. C. VINT General Manager. NOTE-The above changes do not effect temporary employees hired for special work now covered by Code Regulations.
