THE BACK STRETCH

(Continued from Page 7)

eleven heats raced off during the afternoon and that a crowd of 7,500 attended. Had there been no betting the crowd would probably not have numbered more than half that, but the chance to bet two to five dollars and get a lot back is very attractive to many. The biggest price paid was $212.80 for a five dollar ticket when Brown Berry won the three year old trot, driven by Fred Egan. It was a $5,000. American Stake event and the feature of the day's racing. The best three year olds in America, those who will start very shortly in the $60,000. Hambletonian Stake, were participants and Brown Berry was not thought to have a look-in, but he came through to a real good win, beating the highly favored Mary Reynolds and other big leaders, Spencer McElwyn and Sir Raleigh. What an upset! And what a thrill it must have been for the holders of those five dollar tickets!!

We were glad to see Walter Dickerson win the fast trot the same day at Rockingham Park with Calumet Crusader and also to hang up a new world's stallion record for three heats, trotting in a race of 2.02, 2.01 1-2, 2.03.

Peter Patch 2.01 was the former holder and is now racing in California. However, the world's record trotting for three heats is held by Tronia Britton a daughter of Great Britton 2.02 1-2, formerly in the stud at Truro, N. S. It was one-quarter of a second better than the performance credited to Calumet Crusader.

The horses are drifting in for Exhibition and a good meeting is assured. By the end of next week most of the stalls will be filled up and then there will be lot of fun every day watching the workouts. The track is fast, as evidenced by the better time made by various horses that ship in from other parts. We would say that the home stretch quarter mile was never faster than it is this year. It would be a safe bet we think, to say that both the $50. for the track record pacing and the $50. for the track record trotting will be claimed. The former is 2.07 3-4 held jointly by Marjorie M. and Nell Frisco and the trotting record is 2.10 1-4 made by Abbe Worthy. We are sure Secretary Boulter will be glad to hand over the dough to whoever accomplishes the feat!

Entries for the Provincial Exhibition races close with Secretary J. W. Boulter, Charlottetown, tonight. The office in the Tweel Building will be kept open until ten o'clock in order to accommodate anyone who desires to visit it, but mailing your entries will be more convenient.

The program, purses, prizes, etc., are the most attractive in the Maritime Provinces this year and while not as big as other years are generous considering the conditions. The track is a fast, safe one, the officials are always selected for their fairness and reliability and everyone is assured of good, square and fair competition at Charlottetown.

Montague next Wednesday and we miss our guess if you won't see the best races of the season so far. The McIntyre boys have picked a good program which will bring together well balanced fields of horses and with their lightning fast track and many improvements it only needs good weather conditions to make it a race meeting that will be talked about for a long time.

Thomas W. Murphy was an onlooker at Toedo, Ohio, night races when Vandandt trotted in 2.01, equalling the world's gelding trotting record. He was asked if in his opinion horses could trot as fast at night as in the day time and his reply was "No, but," he said "the Toledo track is, I think, the fastest piece of dirt in the world and what a horse could do there at night he might find it diff cult to beat anywhere else."

Bill Duffy in the American Sportsman continues his own opinion. "As a general thing horses cannot be expected to go as fast at night as during the day. Nature takes a daily toll from both man and beast as the hours progress and his vitality ebbs towards evening. Strength, a great essential towards producing extreme speed, decreases in consequence. However, there are some horses that are disturbed by the heat in summer that will show to advantage in the evenings. These are referred to generally as fall weather horses, which like some people are rendered dull, listless and disinterested in excessive heat."

Zombro Hanover 2.00, last season's greatest money winning pacer and one of the fastest performers in 1932, has been declared out of his engagements this year due to puffy hind ankles. We would like to have that bird down here to get him ready for the Exhibition. He would never see the race track, all his work would be given him in the "briny" with a pair of reins and "Gib" Weir holding on to his tail!

"Gib" is the inventor of this new method. Formerly the boys got on their backs, but this was too much weight to carry. "Gib's" daily roster of charges include Golden 2.12, Johnny Miles 2.19 1-4, Bud Axworthy, Kitchen, Leila Frisco 2.08 3-4, etc.

Johnny Conroy has a great 3 year old in his stable, the pacer Baronet by Guy Axworthy out of The Great Miss Morris. He is bred in the purple and is a full brother of Sturdy 2.10 1-2, undefeated in all the two year old events on the Bay State Circuit this year. The Great Miss Morris is a full sister of Peter Volo (4) 2.02, the world's greatest living sire.

Fairs in Ohio are now permitted to instal pari-mutual betting machines as well as receive the State aid. This additional sources of revenue is expected to help keep in operation several that were just staggering along.

The barrier, which was used last year quite extensively at trotting and pacing meetings, has not been very much in vogue this year. There is great cry for it in many places as the scoring evil has disgusted a great many of the spectators at the race tracks. There is no doubt that in order to keep our sport popular with the public scoring must be kept down to a reasonable number of times.

Walter Cox, whose sobriquet is "Longshot" because he had the faculty for many years of priming a horse and keeping him under cover for some big betting event and then winning, has not been very successful lately, but this year is said to have the best rounded aggregation of performers since 1929. Cox does not do any driving now but attends to the training, while Harry Stokes handles the ribbons. Harry is one of the greatest drivers in America but is not considered a great trainer.

MORNING MARKET GOSSIP

New York, Aug 4—Wall Street Mirror says: "And still no change. The market continues to be a purchase on setbacks and stocks are likely to have another slight sinking spell today. The drop as measured by the Dow Jones averages fo rthe Industrials could very easily carry to the 90-91 level against a closing of slightly above 94 on Thursday.

Wall Street is not particularly perturbed by the new stock exchange rules regarding margin requirements, because so many houses already are demanding the margins promulgated by the powers that be. One judge that should be quite noticeable, is that the work of the jiggler will be curtailed to a large extent.

Stocks called to your attention on Tuesday of this week have been the features of the market on the side of advance. This group comprised, among others, Chrysler CDP, the repeal issues and particularly National Distillers.

Speculations in the ship-building issues from this time on will be more pronounced. Those listed on the exchange and which have received government contracts are Bethlehem Stee, NY Shipbuilding and Electric Boat.

Wall Street continues to hear good reports from the Motor Industry. In addition to the most excellent half year reports, it is now said that Chrysler for the month of July will show earnings of approximately eighty cents a share and General Motors will report sixty cents a share.

Investment trust buying is reported in Warner pictures. One group declared to have purchased 10,000 shares of the stock to be held for the pull.—Mirror.

MORNING MARKET LETTER

New York Aug 4—The market was alternately strong and weak yesterday, but made little real progress either way. Final prices were somewhat lower on the day, but volume was the lowest in some time. Grains were stable. During periods of strength yesterday the market was unable to better materially the prices of the previous day. If more strength is not shown today, we would anticipate a reaction to previous support levels.

NEW YORK, Aug 4—Stocks opened heavy and quiet. Gt. Britain too is having excitement in its beverage securities to say nothing of growing activity in the industry itself as a result of growing hopes that we will soon discard prohibition. There are many Americans in London and Scotland today making all sorts of contracts to bring the well known beverages of both England and Scotland to this country when, as and if the 18th amendment is repealed.

Attendance in the street is lighter today than it has been in a long while. Holiday Saturday and a quieter series of markets in the offing, hundreds have left the street and will not return until Monday. The strength in amalgamaed leather is attributed to intimations that the usual summer slump had not developed during July, and that business was continuing at the high rate of May and June.—Red Drug Div.—Dow Jones.

"PRODUCTION GREATER"

MONTREAL, Aug 3—Production of gold by Siscoe Gold Mines Limited for the month of July totalled $98,534, exclusive of premium as compared with $89,055 in same month of last year.

Tonnage for the month was 91467 tons, which is the largest handled in any single month in the company's history. It compares with 8,962 in June, which was the previous highest total. Recovery was $10.75 owing to the greatest percenage of development and low grade ore, which is being put through the mill.

MONTREAL, Aug 4—An easier tendency prevailed on the Montreal dairy and produce market today. Wholesale butter prices eased an eighth of a cent a pound selling at 19⅞ to 20 cents for no 1 butter in carlots or less as compared with 20 to 20¼ cents yesterday. Arrivals totalled 1,752 boxes.

On the cheese market no change in prices was recorded, Ontario whites continuing to bring 10¼ cents a pound and colored 10⅜ to 10½ cents with Quebecs holding firm at half a cent beneath these levels. Receipts were 6,550 boxs.

Graded shipments in carlots or less of eggs were steady to slightly weaker with extras easing half a cent to 18 to 18½ cents a dozen and firsts and seconds holding steady, the former at 15 cents and the latter at 12½ cents. Some improvement is looked for in the egg market, the advent of cooler weather bringing reduced production. A total of 1,764 cases of eggs was received.

No change was recorded in the potato market, old Maritime stock selling at $1.25 to $1.35 per 80 pound bag, new New Brunswick at 75 cents per 50 pound bag and new Quebecs at 90 cents per 80 pound bag.

Little Mary had been with her mother to see an aunt who was very much the opposite of slim.

The following day the aunt was surprised to hear a knock at the door and to find her small niece standing there with a school friend.

"Well, Mary," said the surprised aunt, "did your mother forget something?"

"Oh, no," responded the child, "only I had to bring Margery along to make her believe how fat you were."

"What is the rent of this room, including the useo f the piano?"

"Well," suggested the landlady, "perhaps you'd be so good as to play me something first."

A lady approached an Edinburgh surgeon and asked him if he would perform an operation.

"What for?" he inquired.

"Oh, anything you like. You see, I attend a lot of women's bridge parties and, never having had an operation, I simply can't take part in the conversation."

Secretary of P. R. A. at once so they can arrange transporation, reservations and location at Ottawa. They will be required to leave here on Saturday the 12th in order to be ready for the opening matches on Monday the 14th. It is expected ten or twelve riflemen will represent Prince Edward Island in the various matches, and a team of eight will shoot in the London Merchant Cup team matches.

Rought house at wrestling matches is not confined to Canada or the U. S. A. In a recent event at Springfield Park, Wigan, England, between Bill Riley, middle weight champion of the British Empire and Jack Pye, light heavyweight champion of England, the referee became mixed up in the contest while trying to separate the men and Pye accidentally got hold of him and threw him out of the ring going over the ropes with him. Earlier on a large proportion of the crowd broke through into the ring, smashing a section of the rails and chairs. Several thousand people were in attendance.

A Japanese, Shozo Makine, Olympic Champion swimmer, has smashed the world's record for 80 metres (about 90 yards) free style swimming, held by the Frenchman Jean Taris, by covering the distance in 10 minutes 8 3-5 seconds.

"Kid" Chocolate, featherweight champion of the world, is touring Europe and has successfully engaged in several bouts in Madrid, Spain.

Hon. Brian Lewis, son of Lord Essendon, was the winner of the "Round the House" race for big motor cars at Douglas, Isle of Man recently. The race was about 250 miles and the winners time was three hours, 34 minutes, 52 seconds. After the race he said, "The course is one of the most sporting I have ever driven over and gives the driver a thrill a second." Kaye Don, famous motor boat racer was one of the starters in the race, but was disqualified after completing 49 laps.

John Cobb, an Englishman, hopes to recapture for Great Britain, all world's records up to 24 hours with a new racing car that is being specially built for him by Reid Ralton, the designer of Sir Malcolm Campbell's "Bluebird". This car is said to be capable of a maximum speed of 170 miles per hour.

Jack Doyle, the Irishman who recently boxed Jack Peterson for the British championship and was disqualified for a foul in the second round, will forfeit £2740 of the £3000 purse he was promised and in addition will be suspended for six months. This decision was arrived at by the British Boxing Board of Control.

The greatest and most talked of jockey in England is Gordon Richards, who is likely to beat the record for winning mounts established by the late Fred Archer who rode 246 winners in the 1885 racing season. At one meeting in England he won the four last races on the program.

A new world's record for bicycling, or cycling, as it is called in England, was established by W. T. Melia, when he won the Anfield Bicycle Club's 24 hours continuous race, covering 401 miles over rough and hilly Cheshire roads in stormy weather, which is recognized as one of the hardest tests of endurance in the cycling world.

The fastest miles ever covered by humans in the order and with the nationalities of the runners, are as follows:

Jack Lovelock, New Zealander, 4.07.6.

Bill Bonthron, American, 4.08.7.

Jules Ladoumegue, Frenchman, 4.09.2.

Glen Cunningham, American, 4.09.8.

Paavo Nurmi, Finn, 4.10.4.

The world's indoor record of 4.10 is held by an American, Gene Venzke.

Professional football games in England are attended by immense throngs of people and the players get big salaries. They are also heavily insured. The English team which played against Italy and Switzerland at the International Matches was insured for $420,000. Two members C. A. Bastine and C. A. Hapgood were insured for $70,000 each.

Only one fighter in the history of the American prize ring has ever won both the welterweight and middleweight championships. That man is Mickey Walker. A Canadian, Lou Brouillard, who recently defeated Walker, if he wins the middleweight title next Wednesday from Ben Jabey, will have accomplished the same feat.

Bob Fitzsimmons was the only one in the history of the ring that was ever able to win three distinct titles. Bob held the middleweight, light-heavyweight and heavyweight crowns.

For six years Frenchmen have been supreme in tennis, having held the Davis Cup for that length o. time. The only other uninterrupted tennis reign that endured longer than France's was when the United States were supreme for seven years from 1920 to 1926. Great Britain now holds the Championship.

Primo Carnera is expected to make one of the most popular heavyweight kings that ever sat on the fistic throne on account of his wonderful good nature and good humour. John L. Sullivan was the idol of the American people when champion from 1880 until 1891, then came Jim Corbett, known as "Gentleman Jim", Bob Fitzsimmons, Jeffries, Tommy Burns, the negro Jack Johnston, Jess Willard, Jack Dempsey, Gene Tunney, Max Schmelling, Jack Sharkey and now the "Ambling Alp"—Primo Carnera.
