—HOCKEY AT ALBERTON.—The second Abegweits have arranged to play two games of hockey with the Alberton Rebels for Thursday and Friday the 19th and 20th of Feb. to be played at Alberton. These games are causing a lot of interest as the Alberton team is trying to win the Intermediate championship of P. E. I. and as they have only been defeated once this year, much depends on those games. The Second Abbies are also in the running for the honors, as they only lost one game this year. The Abbies are taking up their strongest team under manager Taylor, who says that although Alberton have a fast team, in fact faster than the second Crystals, we are going to win. That means two real fast matches, as both managements "know" they are going to win. The following men will leave Charlottetown next Thursday for Alberton. Manager Taylor, Capt. Ryan, Bourke, Diamond, Power, Large, Garnham, Prowse, Craig and Bryenton.

JOHN SUCKLING, General Sales Manager

Gentlemen:

The prevailing unsettled conditions of affairs will doubtless continue for some time to come; still, there is no reason why we all should not strive our utmost to overcome, as far as it lies in our power, some of the difficulties which confront us.

Primarily the chief difficulty is in procuring raw materials, and it is on these basic necessities that our future and that of every other business house in Canada depends.

Making rash promises and trusting to fate for their fulfillment is speculative besides being mighty poor business.

I have created a precedent by breaking away from the time-honored custom of sending representatives out on the road, commencing January 1st. Instead, I have devoted the whole of January in securing inventories from my Spinning Plants, Tanneries, Cotton Mills, Warehouses and factories. The exact knowledge gained places me in a position where I know just how I am situated and what I can offer you.

The tremendous demand for "Bob Long" products, the popularity they enjoy and the enviable position they occupy in the public estimation,—must perforce make me exercise great care in the quality of goods I deliver, and in the statements I make to the Retail Merchants of Canada.

All of my representatives are now on the road. Each one carries a complete range of "Bob Long" samples. One of these men will call on you in the very near future and it will be to our mutual interest if you await his arrival—he has many surprises in store for you.

Don't neglect to make use of my statistical bureau—it was inaugurated to enable you to procure authentic, world-wide market information regarding wearing apparel—this information is yours for the asking.

"Bob Long" brands are known everywhere—"from coast to coast." Our salesman will call anywhere—no place too large or small. If one does not call on you, write to me direct and I will have one come and see you at once.

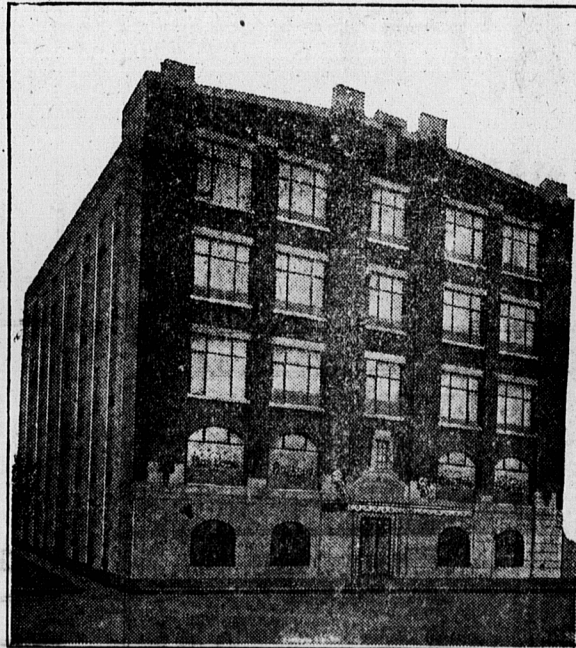

Wishing every merchant continued success for 1920.

Yours very truly,
