Consider War As Crusade M.R.E.C. Urges

SAINT JOHN, N.B., Oct. 30 — (CP)— A resolution urging that the "all out war effort be in the spirit of a crusade rather than in vengeance" was passed tonight at the final session of the 23rd annual convention of the Maritime Religious Education Council.

The resolution expressed "growing concern over the increasing demand for hatred in the prosecution of the war" and stated "our opposition to this trend because of its detrimental effect on young impressionable life."

Another resolution demanded more temperance education by the church and more temperance legislation by governments.

Dr. George J. Trueman, President of Mount Allison University, was re-elected chairman of the council's general board. Rev. I.J. Levy, Charlottetown, was re-elected vice-chairman.

'Pacific Blackout' Brings Air Raid Thrills To Screen

Set in a large Pacific Coast city in the throes of a full-dress air raid alert, "Pacific Blackout" contains every thrill of that decidedly novel experience. To this is added a whale of a story, swift action, superlative acting on the part of a truly magnificent cast. The drama of a great American city on guard against enemy air raids is big enough by itself to make "Pacific Blackout an outstanding film. At times its feeling of suspense is positively terrific. Not satisfied with that, Director Ralph Murphy stirred in some artful comedy and ended up with a film blend that is a knockout.

Preston is cast as the brilliant young inventor of a range-finder for anti-aircraft guns. Enemy agents, out to steal his secret, get him out of the way by "framing" him on a murder charge. Condemned to death, he is taken through the black-out city, but escapes when a motorized anti-aircraft gun crashes into the police van. With the aid of Miss O'Driscoll, an adventurous telephone operator on the loose, he tracks down the spies, solves two murders and saves the city from destruction.

First Round

(Continued from page 1.)

reinforcements deemed by Tokyo to be necessary to retake the Island.

Before Knox spoke, the Navy department disclosed that American defenders of Guadalcanal had destroyed 17 Japanese tanks since the foe began his big push. The communique also revealed that American torpedo boats scored a hit on a Japanese destroyer trying to land reinforcements or supplies on the island. The destroyer was "stopped when last seen."

Knox supported war Secretary Stimson's previous assertion that there is complete co-operation between the Army and Navy in the Solomons area.

Knox declared that tanks mentioned in the earlier communique today as being used by the Japanese were light probably about 16 or 17 tons.

The repulse of the various Japanese attacks has been followed by a lull in the fighting on Guadalcanal. The communique said that recent activity ashore has been confined to small skirmishes between patrols.

However, American aircraft were busy destroying two enemy seaplanes at Rekata Bay on Santa Isabel Island 115 miles northwest of Guadalcanal and bombing and strafing enemy ground forces.

DESERT DRIVE

(Continued from page 1.)

mel's Panzers suffered considerable loss while our own tank losses were light. It is not yet certain whether the enemy is husbanding his air reserves. So far he has made little attempt to dispute the air superiority which the Allies have established.

This is the more intriguing because he should have no difficulty in obtaining aircraft reinforcements. Maybe his real difficulty lies in obtaining adequate reserves of suitable petrol for the air force. Petrol is most vulnerable to attack of all the supplies Rommel receives by sea and land and it cannot reach him in large quantities by air.

The Russians at Stalingrad have made another wonderful recovery from what a short time ago appeared to be a desperate situation This despite the fact that a break in the weather, which may have afforded a temporary respite, seems to have been of short duration.

The Germans have been able to renew their attacks on a considerable scale, but with surprisingly little success. On the other hand, Russian counter-attacks have been immensely effective considering the difficulty they must have in obtaining reinforcements and assembling reserves in the restricted area they still hold in the north section of the city.

Strain On Transport

Russian relief forces, both from the north and the south, have not made spectacular progress, but they have evidently maintained heavy pressure and must have added greatly to the expenditure of German material. It is not surprising, therefore, that Berlin comments dwell on the difficulty of maintaining supplies. These difficulties are apparently increasing.

The trouble may be due partly to the weather and partly to deterioration in transport vehicles. How far back on the German lines of communication the difficulties occur isn't revealed, but it is probable they are not confined to forward areas. The strain on immense stretches of railway must be increased by the growing necessity of bringing up material to improve winter conditions.

It is now becoming evident that a large part of the German army will require improved shelter and will have to be maintained at strength in forward positions.

Hard Fight In Solomons

In the far east, the progress of Australian forces in the Owen Stanley Mountains of New Guinea is meeting with strong Japanese opposition. In view of the difficult line of communications it is possible the advance has gone nearly as far as intended.

The situation in the Solomons is admittedly critical. The Japanese navy, in spite of heavy losses, is in stronger force and has more conveniently placed bases than the Allies can make available.

American naval losses, according to Tokyo reports, appear to have been serious, but so far Washington has remained silent. Numerically, the Japanese are superior in the air in this zone of operations, though it is satisfactory that their aircraft are evidently much inferior to those of the Allies.

The Americans have successfully repelled what were apparently major attempts by Japanese to recover Guadalcanal airdrome. The most unstatisfactory feature of the situation is that the Japanese are in better position to bring up reinforcements and at present to risk further naval losses.

Japan, of course, is able to concentrate the whole of her naval strength whereas the Allies' strength is widely dispersed. Although Japan's capacity to replace losses is so much less than the Allies, replacement of ships is a slow process.

The service was opened with quiet music followed with all singing "Praise God from whom all Blessings Flow". The pastor, Rev. A. D Stirling led in prayer. The chairman then read the call to worship and the opening hymn 485 was sung. The scripture reading was read responsively with the chairman leading and taken from Psalm 119, selection 736 in the hymnary. The chairman led in prayer followed with the Lord's Prayer in unison. Four girls, Ella Brookins, Marion Picketts, Ruth Stirling and Elaine Glover read four scripture readings from different books of the Bible. Hymn 698, When Mothers of Salem was sung. Four recitations were given by, Kenneth Blakeney, Gwenneth Davison Ralph Condon and Jean Davison. A duet, sung by the Misses Pearl Mann and Lois Macdonald was very nicely rendered, this was followed with a story "Looking Unto Jesus" was told by Rowan Profitt, the Rev. Mr. Stirling, taking as his theme the story "Looking Unto Jesus" gave a very inspiring talk, which the children were very interested in. A few remarks were made regarding the offering after which four boys Leonard Kelly, Ray Hately, Ensor Oatway and Jackie Thomson received the offering followed with the Thank offering prayer given by Mr. Stirling. The closing hymn 210 was sung, followed with the National Anthem. This service was brought to a close with the Benediction pronounced by the Rev. Mr. Stirling.

Mrs. J. Bradford Millman returned to her home in Kensington recently after a very pleasant visit spent with members of her family in different parts of the United States.

Miss Dorothy MacKenzie, Mrs. Ralph MacMillan, daughter Helen and Mrs. Archibald MacKenzie were in Summerside on Tuesday.—H.

Extend Time Re 35-Mile Limit On Trucks

Extension of one month has been granted in connection with the 35-mile limit on private commercial vehicles, it was announced today by Mr. G.H. Barbour, Prices and Supply Representative of the Wartime Prices and Trade Board, Charlottetown. The order, when it becomes effective November 30, limits the operation of trucks to within 35 miles of their registered address without a special permit. Originally the restriction was to go into effect on Sunday, November 1.

The extension is being granted to take care of the heavy movement which normally takes place prior to the onset of winter. It will give private operators another four weeks in which to rearrange their operations so that they can comply with the provisions of the order on and after November 30th.

After the deadline no private truck or trailer may operate more than 35 miles without a permit and the order will be strictly enforced.

The order is designed to preserve and prolong the life of existing trucking equipment so that essential delivery services may be maintained as long as possible.

Preparations For Conservative Convention

OTTAWA, Oct. 28 — (CP) — Young Conservative Associations across Canada today were preparing for the National Conservative Convention at Winnipeg on Dec. 9, 10 and 11 under a war-created handicap.

Christie Mcdonald, secretary of the National Young Conservatives of Canada, said that the enlistments of officers and members of the young Conservative groups — both men and women — in the armed forces had created "a major problem in organization."

He cited the case of the Federation of Young Conservative Clubs of Ontario with an executive of about 20 of whom all but four had enlisted.

Young Conservatives will hold a general meeting during the Winnipeg convention, to elect officers and review their constitution. The national president is Benjamin R. Guss, of Saint John, N.B.

Reports of election of delegates reaching National Convention Committee Headquarters indicated that the suggestion of having young people and women represented among the delegates from every riding was being accepted, officials said.

Some 900 voting delegates are expected to attend the convention which will review leadership and policy. The prospect was seen that almost half the delegates present would be women or representatives of young Conservatives.

The National Convention Committee recommended that in the selection of three delegates for each constituency, consideration be given having one a young person and one a woman.

Special Classification

In addition, a special classification for youth delegates was established, providing for nine representatives of young Conservative Associations in both Ontario and Quebec, and three in each of the other provinces.

Conservative officials said they hoped some young people now in the services and stationed in Canada would be able to obtain brief leaves to permit them to attend.

The National Young Conservatives Organization has written to all constituency associations pressing on them the importance of youth representation at the convention, Mr. Macdonald said.

While a considerable number of young Conservative women also had enlisted, Mr. Macdonald said it appeared that when men members of associations went into the services, women workers had continued the Association activity.

In Memoriam

JONATHAN D. MORRISON

The community of Mount Vernon, P.E.I., suffered the loss of one of its most highly respected citizens, in the passing away on October 6th, of Mr. Johnathan D. Morrison, who had in August, entered into the ninety first year of his age.

Mr. Morrison was born at Mt. Vernon, and spent his lifetime on the old homestead where he carried on successful farming operations. His wife, formerly Effie Matheson, predeceased him last March. He was an elder for many years in the Presbyterian Church of Wood Islands and throughout his life was a man who because of his fine character and personality, commanded the highest esteem of all who knew him.

The funeral took place from his late residence on Oct. 7th. It was conducted by Rev. A.S. Weir, of Vernon. Many friends and neighbours attended to pay their last tribute of respect to one who had lived so long among them. Interment was made in Wood Islands Cemetery.

He had raised a family of nine children, two of them a son and a daughter died some years ago. Those surviving and mourning their loss are: Mrs. John MacLeod of Vancouver; Mrs. Radcliff, of Boston; five sons, Duncan and Donald in Alberta, Murdock in Boston, Thomas at Orwell and Alexander at home.

The pallbearers were: Capt. MacDougal, Messrs. Charles MacLean, John A. Stewart, Donald MacLean (all four elders of the church), Hugh MacPherson and Levi Morrow. The sympathy of Mt. Vernon and vicinity is respectfully extended to all the members of the family in their bereavement.

Death Yesterday Of Mrs. H. J. Palmer

A widely known and esteemed lady passed away in Charlottetown yesterday in the person of Mrs. H. James Palmer. Death took place at her home, 14 Water Street, after an illness of about two months. She was eighty-four years of age.

Mrs. Palmer was a lifelong member of St. Paul's Church and of the Women's Auxiliary. She was a member of the Royal Edward Chapter of the I.O.D.E., and of the Provincial Council of the Girl Guides Association. At the time of her death she was also honorary president of the Charlottetown Women's Liberal Club.

She exemplified the finest type of Christian womanhood and enjoyed a wide circle of friends and acquaintances, by whom her memory will long be cherished.

Mrs. Palmer was the second daughter of the late Mr. Charles Palmer, K.C. Her husband, the late Hon. H. James Palmer, K.C., who died in December, 1939, was a former Premier of the Province and a son of Chief Justice Edward Palmer, one of the Fathers of Confederation.

Mrs. Palmer is survived by the following sons and daughters: Phillip E., of the Palmer Electric Company; Harold L., Judge of the Probate Court, Charlottetown; Rev. Charles Palmer, in England; Helen, (Mrs. John Reay), and Adele (Mrs. H. K. S. Hemming), both of Charlottetown; also one sister Miss Ethel Palmer, at present in Montreal, and two brothers, Robert E., of London, England, and William J., of Johannesburg, South Africa, to all of whom the Guardian extends deep sympathy.

Pays Tribute To P. E. Island Artillerymen

A warm tribute to the efficiency of Prince Edward Island artillerymen overseas was paid by Hon. J. L. Ralston, Minister of Defence, in a letter received here recently by Mrs. Andrew, wife of Major Wallace Andrew, whose battery has been on active service in Great Britain since the early part of 1940.

Col. Ralston writes that he had the pleasure of meeting Maj. Andrew while in England recently, and saw his Unit in a field exercise. "Most of them were Island boys," he writes, "and they were carrying on their job as gunners in accordance with the very best traditions of the Artillery for which Prince Edward Island has been noted."

Col. Ralston added that he understood that Maj. Andrew's battery "is probably seventy-five per cent Prince Edward Island men, and they certainly are a credit to their native Province."

John Smithers, Esq.,
RR. 2, Dibblestown, Ont.
Dear Mr. Smithers,

I want you to know how sorry I am not to have had the opportunity of writing sooner to thank you for your most generous offer of a pig to the war effort.

Please forward the pig to me in care of the Dominion Experimental Farm, Ottawa.

Be assured of my deep gratitude,
Sincerely yours,
W. L. Mackenzie King.

EASTERN GUARDIAN

..THINKS IT FUNNY—Says the Hartland, N B., Observer. A strange case has been engaging the attention of the court at Montague, P. E.I., where S.S. Hessian, a former speaker of the Legislature, is the defendant, in an action brought by T.V. Grant, Liberal M.P., for King's County in the House of Commons. He charges that the former speaker threatened to strike him with a baseball bat and when this weapon was taken away from him pulled the M. P.'s hair. We have often heard of M.P.'s getting their leg pulled but this is the first time we have heard of one getting his hair pulled. After all pulling the hair of an M.P. is not nearly as serious and costly an offense as pulling his leg.
