There will be band at the rink on Thursday and Friday nights, also on Saturday afternoon.

ALAN CAMPBELL, Summerside, has The Guardian's thanks for a beautiful map of the world and calendar combined, issued by the Manufacturers' Life Insurance Company.

The following have passed the civil service qualifying examination: At Charlottetown: Albert G. Esery, Patrick Lynch, James H. McDonald, Daniel A. McKinnon, Ethel B. MacNutt, C. Grace Morison.

The services at the First Methodist Church Sunday were of more than ordinary interest. In the morning the Masons attended in a body and listened to an eloquent sermon on Strength and Beauty by Rev. G. M. Young. There was a very large audience in the evening. The pastor preached on The Passing of The Years. Special Christmas music was given at both morning and evening services.

SEVERAL days ago Joseph Gallant who some time ago leased the bar formerly conducted by George Arthur Bessy was served with a prohibition summons. Seeing the Inspector was after him he got out of the business and Joseph Pembroke took charge in his place. Yesterday Pembroke was the recipient of a summons for first offence. His case will come up on Wednesday next with that of Gallant.

The death took place at Rice Point on Dec. 12th, 1903 after a lingering illness of bronchitis of Alexander McFadyen in his forty second year. He leaves a wife, five sons and four daughters, two brothers and three sisters to mourn the severe loss of a loving and tender husband and father and an affectionate brother. The brothers and sisters have the double affliction to bear as their father passed away eight weeks previous. The funeral which was largely attended took place on the 14th to Canoe Cove Cemetery. The services were conducted by Rev. James McDougall. The deceased was well known and highly esteemed. Though his friends mourn they mourn not as those without hope, for they believe he will arise on the Glorious Resurrection Morn.

EASTERN NOTES.—Christmas is past, was more than usually dull on account of poor travelling. We have not had one hour's sleighing yet, but alternate periods of mud, and frozen iron-clad roads on which no one ventured without urgent necessity. As a consequence the attendance at our churches and all public meetings is necessarily small, and political, which generally create such an excitement in numerous circles, are almost unheard of at present, but will probably be awakened into new life, invigorated with refreshed energy, and re-animated by all the feelings which appeal to the cupidly, the partisanship and the prejudices of the "free and independent electors," when the genial, good looking and fur-coated candidates for political distinction will put in an appearance some of these days, driven by lackeys as pleased looking as their employers.

Though the weather has been changeable, sometimes severe, it has been comparatively healthy, with the exception of the colds and influenza, usually prevalent at this time of year.—The matrimonial war has not yet spent its strength. Miss Janey Stewart and Robert McGregor were married at the residence of the bride's father, Josiah Stewart, by Rev. J. W. Gardiner, before some eighty invited guests on the evening of the 23rd inst. The presents to the bride were numerous and valuable.—William W. Coffin, left to spend his Christmas at his early home Mount Stewart, William is one of our hard working progressive citizens.—Rev. Mr. Murray is spending the winter at the hospitable home of William Young. William is still making glad the hearts of the cattle sellers by his welcome calls.

THE BEST REMEDY FOR CROUP.

[From the Atchison, Kan., Daily Globe. This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all drug gists.

Call and see our beautiful line of... that we are now offering at a big discount.—W. P. Colwell, Sunnyside. 127 of mo

The semi-annual examination was held in Hamilton school on Dec. 2nd, in the presence of thirty visitors, when the school was impartially and thoroughly reviewed in all its branches by the teacher Miss Janie McDonald, assisted by Miss McDonald, (teacher of Indian River school), with results that are highly creditable to both teacher and pupils. For pleasant diversion between the hearing of the different classes, recitations were given by the children that were interesting and amusing. Formed in a double circle the scholars beautifully sang "Courage Schoolmates" whilst little Hattie Phillips played the organ with a grace and perfection unlooked for in a child so young. After the classes were examined the pupils and spectators retired to the adjoining room for a short time where a drill was quickly put in motion by the children, each of whom carried a hoop artistically decorated with red white and blue tissue paper, with affixed thereto miniature national flags. The scene was picturesque and interesting as the children with precision and regularity went through the different movements and marches to the changing strains of martial music masterfully rendered by the teacher. The drill was brought to a close by singing "Three cheers for the red white and blue" which was given with patriotic fervor. To the astonished delight of the children Santa Claus now appeared loaded with confectionery and apples. After a few remarks from visitors expressing satisfaction with the evident progress of the school the meeting dismissed with singing the "National Anthem" with Pearle Sinclair presiding at the organ.

System Poisoned by Defective Kidneys.

Results of the Most Dreadfully Painful and Fatal Ailments Known to Man.

DR. CHASE'S KIDNEY-LIVER PILLS

Of the food which is taken into the body, part is digested and assimilated and goes to form new blood and tissue, and a certain portion becomes waste matter which is poisonous to the system. Much of such matter is cast out or excreted by the kidneys in liquid form and passes from these organs through the ureters to the bladder.

When the kidneys become deranged this liquid poison forms into solid material, sometimes collecting in the joints and causing rheumatism, at other times in the kidneys, ureters, or bladder and becoming what is known as gravel or stone in the bladder, probably the most torturing and most fatal ailment known to mankind.

Don't wait for symptoms of these horrible diseases, don't wait for Bright's disease, diabetes, dropsy or apoplexy before beginning the use of Dr. Chase's Kidney-Liver Pills; but prevent these results by taking warning from the first symptoms, such as headache, deposits in urine, loss of flesh, and any irregularities of the urinary organs.

Mrs. J. Larter, 123 Cross Street, Charlottetown, P. E. I., and whose husband is a contractor, states:—"I had suffered a great deal with pains in the small of my back, my digestion was bad, and I was frequently troubled with spells of racking headache, I have been entirely cured of these distressing symptoms by the use of Dr. Chase's Kidney-Liver Pills, and find that my general health is greatly improved since I have been using this preparation.

"I can also testify to the merits of Dr. Chase's Syrup of Linseed and Turpentine, as I was cured of a severe attack of bronchitis by the use of this remedy.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmanston, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

COMING EVENTS.

City Council meets on the second Monday in each month. Dr. James Warburton, Mayor; H. M. Davison, City Clerk.

The B. I. S. meets on the first Monday of each month.
