

Lung Rest Your lungs have all they can do. They work night and day, and are faithful to the end. Then use them well. If they are rasping and tearing themselves by hard coughing, come to their relief. Give them Ayer's Cherry Pectoral. It heals, soothes, quiets. Your doctor will explain its action to you. Ask him all about it.

A MOTHER'S STORY She Tells How Dr. Williams' Pink Pills Saved Her Daughter.

Anemia is the doctors name for bloodlessness. It is an ailment that affects almost every girl in her teens. Womanhood makes new demands upon her blood supply that she cannot meet. Month after month her strength, her very life, are being drained away. No food and no care can do her any good. No common medicine can save her. She needs new blood. New blood is the one thing—the only thing—that can make a healthy woman of her. Dr. Williams' Pink Pills actually make new blood. That is why they never fail to cure anemia. That is how they save from an early grave, scores of young girls whose hearts are straining to depend upon their blood supply. Mrs. Anson Clark, Arden Ont., says: "Dr. Williams' Pink Pills have been a great blessing in my family as two of my daughters have used them with marked success. When my oldest daughter was about seventeen she began to fail in health. Her blood seemed to have turned to water. She was troubled with headache and dizziness; the least exertion would cause her heart to palpitate violently and she could not walk up stairs without stopping to rest. She doctor for upwards of a year, and the doctor said she did not have much blood in her body as an ordinary healthy person would have in one arm. The doctor's treatment did not do her a particle of good. She seemed slowly fading away. Then she became afflicted with salt rheum and her hands were almost raw. About this time a neighbor advised the use of Dr. Williams' Pink Pills and she began taking them. After using the pills for a few weeks we could see an improvement. Her appetite began to improve and a trace of color came to her cheeks. She continued taking the pills until she had used thirteen boxes when she was as well and strong as ever, every trace of both the anemia and salt rheum had disappeared and she has since enjoyed the best of health. Later on my youngest daughter aged fifteen began to lose her health, but thanks to our experience with Dr. Williams' Pink Pills we knew where to look for a cure and after using four boxes of pills she was all right again. I have also used the pills myself for nervous troubles with complete success."

Rich red blood is the secret of health—Dr. Williams' Pink Pills is the secret of rich red blood. They actually make rich red blood, that is why they cure anemia, nervous prostration, heart palpitation, neuralgia, rheumatism, salt rheum, St. Vitus' Dance, and the ailments that make the lives of so many women and growing girls miserable. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
