BANK OF NEW BRUNSWICK.

50 Shares of $100 Each. $5,000.00

Dividends 12 p.c. payable quarterly, January, April, July and October.

PRICE 28 P. C.

The Bank of New Brunswick stands at the head of Canadian Banks in regard to Reserve Dividends and earning capacity. The stock nets 4.30 p. c. upon the investment, an exceptionally favorable return upon this class of security. It offers an inducement to investors unsurpassed by any other bank stock.

Owing to an extremely conservative valuation of its resources this Bank shows assets apparently only 265 p. c of its capital. We have been informed on good authority that a fair valuation would place its assets far in advance of this. This statement is supported by the fact that a bona fide cash offer of $350 a share has been made by one of the largest Canadian Banks and has be refused.

ONE OF THE MANY REASONS

WHY you should heat your house with a "Sunshine" Furnace rather than stoves is that the former will save your carpets and furnishings and relieve you of the trouble of carrying so much coal up from the cellar. It has large double feed doors to admit large blocks of wood or coal. The ash pan is large and so placed that all ashes must drop into it. Made in all sizes at all prices.

RUMBLING BOWELS.

One of the very first lessons that ought to be taught every child is that the bowels must move regularly and freely every day, as more troubles arise from neglect of this duty than from any other cause. The effete matter that should pass out of the body remains in the bowels contrary to every law of nature. If it does not pass away by the natural channels then the other way to escape is through the pores of the skin. That is why people look so sallow and unhealthy. This causes pimples, blackheads and blotches For immediate relief take two or three Hutch before you go to bed. The whole digestive canal responds to the healing effect of this tablet. Rumbling bowels recover quickly under its treatment. It neutralizes the foul gasses. It sweetens the stomach. It gives a good appetite. It's a doctor for ten cents. A big bottle with 300 for $1.00. For sale by all druggists

HOLD UP SOLDIERS THEN SHOOT THEM

LONDON, Sept.6 —A St. Petersburg despatch to the Daily Telegraph says there were several successful raids yesterday on post offices by revolutionists. Considerable sums of money were seized. No merchandise is now forwarded to or from Warsaw, and merchants are afraid. The revolutionists operate in broad daylight in this way: Five or six soldiers are standing before the government building with loaded rifles ready to fire, when suddenly each is confronted with a stalwart youth, who points a revolver at each man's forehead, whereupon the soldiers stand as though they had been seized with a cataleptic fit. While this is going on other revolutionists thoroughly pillage the apartments within the building.

When the operation is finished the youths walk backward about fifteen paces, holding their revolvers pointed at the soldiers, and enjoining them to remain inactive. Then they start off on a run. The soldiers quickly raise their rifles to their shoulders A series of loud reports in quick succession are heard, the smoke slowly lifts, and nearly all the soldiers are seen sprawling on the ground, dead or wounded, other revolutionists, screened among the spectators, having deftly shot them from revolvers before they could fire at the fleeing youths.
