Owing to the bad condition of the roads and disagreeable weather there was not as large an attendance as usual. **EXPERT HUNTER.**—Mr. George Whiteway, Murray Harbor, is one of the most successful trappers and hunters of fur bearing animals in this Province. He seems to have the secret of trapping the wily animal without any apparent difficulty. When the fox craze arose some years ago Mr. Whiteway got deeply interested and ten years ago secured a pair of red foxes and started a ranch and raised foxes. When asked how he got such a very dark red fox he said he secured the darkest furred and then bred them and as the fur is very beautiful he found no difficulty in disposing of them on the market. He has now sold out his ranch and given up the breeding of foxes and has gone into partnership with Mr. S. Hume as keeper for the Murray River Company where he is meeting with the best success. As Mr. Whiteway is well adapted to his work his many friends wish him and his partner Mr. Hume every success.

Hall's Cathartic Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
