NEW CABINET TO BE NAMED MIDDLE OF WK.

Premier Macdonald Resting At His Native Village of Los-siemouth.

(By Thomas Champion, Canadian Press Staff Correspondent)

LONDON, Nov. 2.—No prospect was seen today that Prime Minister Ramsay MacDonald would be able to announce his reconstructed Cabinet before the middle of the week at the earliest.

The Prime Minister, after tomorrow's Cabinet meeting, will go to his native village of Lossemouth on the Scottish coast for a few days rest, and it is not expected he will be able to issue a complete list of the membership of the new Cabinet before he leaves. During his holiday, Mr. MacDonald will attend three receptions in honor of his victory at the polls, at Elgin, Forres and Lossemouth. All three will be of the simplest nature, and, on the advice of his doctors, the Prime Minister will spend the remainder of his stay in the north in complete seclusion.

Rt. Hon. Stanley Baldwin, Conservative leader and Lord President of the Council, today had an audience with King George, but did not reverse the substance of his conversation with His Majesty.

Conservatives Again Lead British Polls

LONDON, Eng., Nov. 2.—(Canadian Press Cable)—The avalanche that buried the Labor party in the general elections last Tuesday was evident again today in the municipal elections held throughout England and Wales. In over 300 cities and borough elections were held to determine the personnel of the local councils. At midnight eighty results were known. These showed the Conservative party had gained 149 seats and had lost five. The labor party had gained five and lost 206 seats. The Liberals had gained 17 and lost three. Independents gained 21 and lost nine seats.

COMMUNISTS ARRESTED IN TORONTO

Are Held Without Bail Due The Distribution of Circulars Calling For a "Protest Demonstration."

(By Jack Hambleton, Canadian Press Staff Writer)

TORONTO, Ont., Nov. 2.—Nine alleged members of the Communist party of Canada are held in the local jail tonight, following the refusal of Mr. Justice Wright, presiding over the county of York jail sittings, to admit them to bail when their trial was postponed earlier today.

His Lordship's refusal to grant bail came when he found that circulars had been distributed by sympathizers of the men calling for a "protest demonstration" against the trial. The circulars, Mr. Justice Wright declared, were clearly in

THE NAVY

(Special to The Guardian)

WASHINGTON, Nov. 2.—Charles Francis Adams, Secretary of the Navy has stepped boldly into the cross fire of the dispute between President Hoover and the Navy League to defend the navy against what he terms "extremely misleading" assertions that it is a burden on the country.

The U. S. navy costs per capita about half what the British navy costs and that the United States spends on its navy in proportion to national income far less than any other naval power, Secretary Adams states.

EARTHQUAKE IN MEXICO

(Associated Press)

MEXICO CITY, Nov. 2.—An earthquake shock, one of the sharpest felt here in months, shook Mexico City at 5.35 p. m. yesterday. Although no damage was reported, the severity of the shock caused fear that a more serious earthquake had occurred in some nearby state.

OUTPUT

(Canadian Press)

GLACE BAY, N. S., Nov. 2.—The output at the collieries of the Dominion Coal and Steel Corporation for October was 363,365 tons, as compared with 307,107 tons raised during the previous month of September. All districts increased their outputs this month with the exception of Springhill

First Sod Turned On Site Of New P. E. I. Hospital

Addresses By Lieut. Governor, Premier Stewart, Mayor Prowse, Mr. W. M. Lea, Hon. Dr. MacMillan And Others At Interesting Function Yesterday.

Yesterday at 3 p. m., before a large and representative number of citizens, the first sod in the construction of the new Prince Edward Island Hospital was turned by Mrs. J. Walter Jones, daughter of Mrs. Boyer, the new hospital's most generous subscriber.

A new Chevrolet truck, with a flight of steps leading from the ground to the storage area, was used as an official platform. On the chairs provided therein were seated His Honour, Lieutenant Governor Dalton and daughter, Mrs. Murray; Premier Stewart; Hon. Dr. W. J. P. MacMillan, Minister of Public Health; His Worship Mayor Prowse; Rev. A. C. Vincent, Mrs. J. Walter

Reviews Hospital History

Mr. W. K. Rogers, who presided, opened the ceremonies with a few introductory remarks. He read brief extracts from the printed reports of the Prince Edward Island Hospital, describing meetings to consider the construction of the hospital opened in 1884. In 1897 a new site was secured in the East end of the City.

Britain Going Back To Work

Exceptionally Bright Outlook In British Industry

(Special to The Guardian)

LONDON, Nov. 2.—Interesting if true, it is to be hoped both, is the Sunday Chronicle announcement that Britain is going off the dole and back to work. Concrete evidence supports this. Five more cotton mills opened in Lancashire today. Lord Melchett will have 35,000 chemical workers on full time shortly. Lord Aberconway wants 8,000 more steel workers. Thirty mil-

lion dollars worth of orders have come in for the British motor industry and Austins and Morris Motors are extending their works. Fifty thousand more men and women are working in the common industries. Day and night shifts are working in the hosiery mills and 75 per cent. of cotton spinners are now busy with prospect of one hundred percent employment by Christmas. Ship building has resumed.

Soviets Will Not Export Any Wheat This Yr. Or Next

(Special to The Guardian)

PARIS, Nov. 2.—"It can now be said quite definitely that the Soviet Union will export no wheat this year or next." This statement was made by M. Drogalevsky, Soviet Ambassador to France. The Ambassador added that the decision to discontinue the policy of wheat dumping by his country was made following the signing of a new trade agreement with France.

As the Soviet union exported a full 110,000,000 bushels last year and the wheat crop in other European countries is decidedly of low grade this year, the announced change in the Soviet's policy ought to result in considerable benefit to Canada for the reduction of the wheat supply thereby obtained will be more than sufficient to absorb the heavy carry over shown at the close of the last crop year in the Dominion. As a result of Russia's proposed inactivity on the one hand and the

SUBSIDY

(Canadian Press Cable via Reuters)

CAPE TOWN, South Africa, Nov. 2.—The House of Representatives today was summoned to a special session called for Nov. 18, to consider a \$10,000,000 subsidy to producers of primary products who have been hit by the instability of foreign exchanges.

PENSIONS TRIBUNAL AT S' SIDE

Will Sit In Charlottetown During Balance of Week.

The Pensions Tribunal to hear cases of returned men in Prince County opened at Summerside yesterday morning at the Court House. This is the first time that the Pension Board has held sittings in Prince County.

The board consists of Col. L. H. MacKenzie, D. S. O. of Stellarton, N. S., chairman, W. A. Bridges, St. John, N. B.; Major W. E. Macintosh, Ottawa; Major C. C. Thompson, Charlottetown and Dr. Douglas J. J. Scanlon acted as clerk of the court. Col. Lowther, pension advocate conducted the applications for the returned men.

Cases coming before the board are F. J. Gallant, Nail Pond; Daniel Ross, Pinet; John Andrew Jon-

MRS. PITTMAN'S DEATH WAS ACCIDENTAL

(Canadian Press)

DANVERS, Mass., Nov. 2.—Local police have discontinued their investigations into the death of Mrs. Lillian Pittman, Canadian born resident of this city.

Mrs. Pittman died a week ago under what police described as "mysterious circumstances." It developed, however, that she died while cooking in her kitchen and had been the victim of oxygen exhaustion. Authorities said she had failed to allow sufficient ventilation while cooking and that as she suffered from a weak heart she was quickly affected.

REPORT ON INFANTILE PARALYSIS

(Canadian Press)

MONTREAL, Que., Nov. 2.—There have been 680 cases of infantile paralysis from January to October 26 with 71 deaths in the city of Montreal, according to the weekly statement of Department of Health. In the week from October 18 to October 24 there was an average of four cases a day, as compared with 9.5 the previous week and 15.2 a month ago.

CUT HOLE IN SUNKEN LINER

(Associated Press)

BREST, France, Nov. 2.—A hole large enough to permit the extraction of gold estimated at \$5,000,000 was cut in the main deck of the sunken liner Egypt today by divers from the salvage ship Artiglio II. They went down 125 metres below the surface several times to do the job.

5 ARRESTS

(Canadian Press)

LAWRENCE, Mass., Nov. 2.—Five arrests were made here today as a strike of 23,000 textile workers entered its fifth week. A 10-percent cut in wages caused the strike. The arrests were made as thousands of strikers marched in picket lines outside the mills involved, with the greatest numbers in the vicinity of the Wood and Ayer mills of the American Woolen Company.

Canal Project Is Indorsed By Boards Of Trade

Evidence Unanimously Favorable To Proposition Heard In City By Chignecto Canal Commission. Extension Of Project By Canal Across Western Part Of Island Is Suggested.

In the historic Chamber in the Provincial Building in which the Confederation Fathers met to discuss a union of the Maritime Provinces, and where the idea of a Dominion of Canada was born, the Chignecto Canal Commission met yesterday and heard evidence unanimously favorable to the canal project from Board of Trade representatives of Charlottetown, Summerside and Alberton. The hearing was concluded at the morning sitting.

The witnesses heard were: Messrs. W. F. Tidmarsh, and Nelson Rattenbury, representing the Charlottetown Board of Trade, Mr. L. R. Allen, representing the Summerside Board of Trade, Mr. A. J. Mathieson, O'Leary, Alberton and West Prince Board of Trade; also Messrs. J. O. Hyndman and R. E. Mutch, Charlottetown. A letter from Mr. S. R. Burks, Alberton, also indorsing the project, was submitted.

The benefits to the Province in the shipping of fresh fish and produce and to the tourist traffic as well as the possible advantages of hydro development in the event of the canal being constructed, were especially emphasized.

It was pointed out that Charlottetown is favorably situated for the furtherance of shipments to all gulf ports and that canal traffic would increase the season here of open navigation to and from Montreal. It would also bring the southern markets for Island fish 230 miles nearer than at present and would afford cheaper water borne freight. The desirability of constructing a supplementary canal linking up the northern part of Prince Edward Island with the Strait of Northumberland was suggested by Mr. Allen.

At the conclusion of the hearing the chairman congratulated the representatives on their presentation. "In Charlottetown we have heard opinions backed up by statistics which will help us to arrive at our decision," he said, adding that this was not the case in most of the other places visited, where they received opinions without figures.

"I might say that we have all the engineering data available. We know the extent of the cost of several canal projects of various depths and widths of canal, so when we have finally gathered and

NO TALK OF CONFEDERATION WITH N.F.L.D.

It is Understood, However, That Certain Suggestions With a View To The Sale of Been Made.

(Canadian Press)

OTTAWA, Ont., Nov. 2.—While no comment was available this afternoon from government sources on the suggestion for possible confederation of Newfoundland with Canada and the sale of Labrador, it is understood that no official representations have been made to the Dominion administration on the question of confederation.

Certain suggestions with a view to the sale of Labrador to Canada, as was stated in an Ottawa despatch

BANKRUPT

(Canadian Press)

CALGARY, Alta., Nov. 2.—Announcement of the voluntary assignment of D. S. Dalgleish and Sons, Ltd., Brokerage Firm, was made today by P. L. Sanford, counsel for the Company. Mr. Sanford said that application for assignment would be made today and that it would affect only the Alberta part of the company. The Kamloops, B. C., office of the firm would remain open, he explained.

collected all the data which pertains to the business we shall be in a position to weigh the arguments for and against the cost, and to make our report accordingly to the Dominion Government.

"We realize that this trip only means that we get a birds-eye view
