Near the Spring Park there is a small bridge or drain stretching across the road, and the horse, which suddenly bolted, drove too close to the edge of this with the result that the carriage went over, throwing the occupants out as the carriage upset. Mr. Ford was the only one seriously injured, and was conveyed as soon as possible to the Hospital, where it was found that his spine was badly injured, and his body paralyzed from the chest down. Deceased was 45 years of age, and is survived by a widow and three children, for whom much sympathy is felt in their sudden bereavement.
