 SAINT JOHN, N. B.

Tribute To An English Gentleman

Under this heading the Ormskirk (Eng.) Advertiser reported that the funeral service of Mr. T. C. Stretch, held in the Parish church, the Rev. J. R. Bate "paid a touching and deserved tribute to one who was formerly a popular scholar in his school." It may be remarked that the Mr. Stretch referred to was a cousin of the Messrs. Stretch of West River, in this Province. He lost one of his feet in the war and contracted disease of the lungs of which he died on the 22nd of June last.

Mr. Bate said, "I am sure you will forgive me for a moment whilst I try to interpret your thoughts; your thoughts in saying farewell to Tommy Stretch. We are parting with the body of a very gallant English gentleman, and I think the best English gentleman I have illustrated in three ways that were typical of Tommy Stretch. An English gentleman who is gallant is high spirited. I can remember—but after all it may be a fable—but I was told that he was always in mischief. That was his chief and artistic. I was told that he and another tried to light a fire under the dining-room table—that was characteristic of the boy. That was illustrated also when he grew to manhood. He answered the call of King and country and he was a keen sportsman. Of Tommy Stretch we might say that though he was a keen sportsman, he was a clean sportsman, and we can say "Well played." I have a letter from an old colleague who gave his life in the war. I remember so well his words to me: they were the words of a kind reception good fortune in their new abode. Mr. Leslie Woodside very capably filled the position of chairman and kept the assemblage in the best of good humor. He introduced the event in a short but eloquent speech, proposing the guests to state of agreeable attention. Mr. Hugh McKay nicely displayed the innermost feeling of the guests by reading the following address:

Mr. Chas. Dinns, Mrs. Dinns and daughter.

Dear Friends,

Your neighbors and friends here assembled, tender you our cordial good wishes for success and happiness in the community in which you intend soon to take up residence. During the years that you have lived among us, you have discharged the duties of neighbor and citizen with consummate skill and sociable intercourse.

You have advanced the best interest of every good cause that appealed to you, and your support of this given has been a contributing cause of good effects in the community, in the school, in the church, your noble work has been most cheerfully performed and has attained the ends for which it was accomplished. It must then be a source of gratification to you, to know that we recognize and appreciate this, and we bespeak for you in your new home, a most kind reception and perpetual, amicable association.

Accept the accompanying gift as an endorsement of the sentiments herein expressed, and be assured that we will ever hold you in kind remembrance.

Signed in behalf of your many friends,

Mr. Dinns, for self and family

replied in language that spoke the promptings of the heart, and earnestly he thanked their many good neighbors and friends for the many deeds of kindness that they had performed through life, and would that he would ever treasure their precious worth in his mind. He thanked them for the thoughtful present that was proffered by Miss Miss Elsie Heaney, and affirmed that this practical gift of gold is an endorsement of good wishes.

The remainder of the evening was spent in pleasant diversion, music vocal and instrumental, absorbing games and enjoyable conversation. Ice cream and cake in abundance were served and thoroughly enjoyed. To the significant strains of "He's a Jolly Good Fellow," and piano selections by Miss Nellie Dunning, Miss Annie Riley and Mr. Ernest Dunning, the guests departed, assured that they had bid adieu to one of the best families in Charlottetown.

That Car Of Yours

10 HINTS FOR OLD HOME WEEK

(By HARRY E. PORTER)

Both auto and team drivers should read this carefully and act as it applies to respective vehicles.

1. There is nothing expensive or elaborate and nothing that is hard to do. All roads will be greatly congested with traffic of all kinds. Traffic perhaps unprecedented so protect yourself and others for a week at least.

2. All horse drawn vehicles that will be traveling out of town should carry a light at night. This is very important. The law compels auto to do so.

3. Auto drivers should start for the city earlier and go slowly. Set an example.

4. Pay strict attention to police officers and their signals. They will assist you in protecting yourself and others.

5. Observe traffic laws regarding intersecting posts or "silent policemen." Read the signs on the law.

6. Park cars and teams close to the curb and reasonably close to the vehicle ahead. Do not park on main streets, it is against the law.

7. Use legal head light lens and dim lights at all times in the city. Keep license plates clean.

8. Go to the next intersection before making a complete turn. Do not turn on the middle of the block.

9. Have your brakes and horn working properly and use them judiciously.

10. Drive slowly and protect the man on the right.

11. In case of accident and injury, take the injured person to a doctor immediately, and act upon his instructions, after which report to the police.

Endorsed by
 J. W. SHAW,
 Chief of Police

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with Crop conditions in all sections of the districts mentioned.

GENERAL.

Wheat is now heading out all over the Prairies and crop conditions generally continue favourable. Extremely hot weather has prevailed during the week in Alberta and southwestern Saskatchewan but rain has improved matters. In Ontario there has been a decided improvement in the crops during the week and all grains promise a good yield. In Quebec the crops show good promise but warm dry weather is needed. In the Maritime Provinces all crops are progressing favourably. In British Columbia a good average hay crop is being gathered and wheat grain crop has been reduced to 60% of average. Details follow:

PRAIRIE PROVINCES.

EDMONTON DISTRICT—Growth advanced. Wheat heading out. Eastern section becoming dry but relieved by recent rain. Hay crop promising. **CALGARY DISTRICT**—Heavy rains on Monday. Crops spotty in eastern section. Hay damage severe in middle northern section. **LETHBRIDGE DISTRICT**—Suffering from heat and lack of moisture but relieved by Monday's rain. Yield will not be as expected. **NORTHERN SASKATCHEWAN**—Fostered by good weather and light showers wheat is in good condition, growing rapidly and now commencing to head out. So far there has been little damage from hail or other adverse features. There is every indication of an early harvest. Crop condition generally satisfactory for season. **SOUTHERN SASKATCHEWAN**—With favourable growing conditions wheat generally is advancing rapidly and looking promising with the exception of districts near the Alberta border where rain is needed to bring relief from hot, dry winds and to ensure fair yield. Coarse grains making rapid growth. Hay and pastures through Province in first rate condition. **MANITOBA DISTRICT**—Conditions continue favourable except where low flat lands was flooded as a result of excessive rains. Wheat and some barley heading out. Rye complete headed. Hay and pasture good.

PROVINCE OF QUEBEC.

Crop conditions generally continue to show good promise although excessive rains have adversely affected grains in low lands and the cold weather has retarded growth generally. A period of continuous fine weather is needed to bring along roots and corn. Haying has started and the yield is expected to be well above the average. Small fruits promise a good average crop. Strawberries are now being gathered.

PROVINCE OF ONTARIO.

Fall wheat has filled well, is ripening fast and indications point to a good average crop. Spring wheat, barley and oats are short in straw but promise good average yield. Haying operations have commenced. In eastern and northern parts of the Province hay is good, but in other sections it is light. Corn is doing well but needs warm weather. Root crops are excellent. Apples and pears are above average and peaches promise a heavy crop. Pastures show further improvements and are good for this season of the year.

MARITIME PROVINCES.

In New Brunswick and Nova Scotia a large hay crop is now practically assured. Grass pastures and other vegetables promise well. Estimate Okanagan apple crop now reduced to under 60% of average. Stone fruits negligible. Cherries 30%, practically over. Small fruits disappointing. Tomatoes doing well. Hops very good. Pastures still good.

PROVINCE OF BRITISH COLUMBIA.

Hay cutting general. Crop good average. Grains average. Crop short in straw. Rain needed. Roots and other vegetables promise well. Estimate Okanagan apple crop now reduced to under 60% of average. Stone fruits negligible. Cherries 30%, practically over. Small fruits disappointing. Tomatoes doing well. Hops very good. Pastures still good.

Peters Road And Vicinity

Judging from the large number of patrons who send milk to the Cheese Factory at Sturgeon, which is now doing a big business, we need not fear any hold-up in this important industry.

Mr. Edward Munn, road master, for District No. 90, has been busy these days in manipulating the dike over the roads, which now present a hard and smooth surface, and one on travelling over these roads in a renaissance mood his mind reverts to the days of old. When the famous roads of the Romans were built.

When Rome the Empress of the world Of yore her eagle wings unfurled.

All the boys who were lobster fishing at the North side from this locality have returned home. They were all located at Black Point in the employ of Mr. George McIntyre, and are well pleased with their treatment there.

Mr. W. E. Jenkins, with his family and a party of friends, motored to Bangor recently to visit relatives there. Mr. Jenkins in his new car easily made the return trip of 30 miles in one hour and twenty minutes. The party were enthusiastic over the splendid condition of the roads.

Misses Marjorie and Henrietta Veniot, and Master Harvie Veniot of Pictou, N.S., are due to arrive here on Thursday, 9th inst, and will be guests of Mr. and Mrs. W. L. McLean, Peters Road. We wish them a pleasant trip.

Mr. Edward J. McFadyen, of the United States, one of our former esteemed citizens, is visiting relatives here, the guest of Mr. S. Johnston and others. We wish him a refreshing holiday season.

Mr. and Mrs. Howard Finlay, of New Glasgow, N.S., are visiting the old home in Cambridge, guests of Mr. J. R. Finlay and Mrs. Finlay, Sr. The Guardian joins in best wishes for an enjoyable vacation and a refreshing rest during the Old Home Week.

The continued rains gave growth the crops a most luxuriant growth, and the prospect is pleasing. Some hay fields which threatened to be light are now much improved. Weeds (annuals) in early cultivation of lands or in land with a tendency to produce the same are very evident in some grain crops. Perhaps the gayest and most alarming weed growth we have is the ubiquitous Ox-eye daisy which is now strongly entrenched in P. E. Island, and there is also a yellow asparagus now covering large areas in certain localities. These two enemies of agriculture may very properly be designated respectively: "The White Menace" and "The Yellow Peril." These weeds in many cases seem to be tolerated, and the natural consequence is that farms heretofore free from such a pest, must shortly be overrun. They are fast displacing the hay crop now on P. E. Island, and their presence is certainly no commendation to our agricultural progress, especially in the eyes of our ever increasing summer visitors and tourists. There are inspectors appointed to round up other evils, and right here is one requiring attention. Could the local farmers not do something in the line of teaching the farmers how to eradicate these weeds, and then make it compulsory to deal with certain fields each season? In the absence of such legislation, I would suggest that the Secretary of Agriculture in every School District be authorized to take charge of this important work. The executive to direct the procedure could be formed from all the school secretaries in each Lot or County. Would like the opinion of others in this matter. Don't let it drop.

"This is a cigar you can offer to anyone."
 "Thank you. I want one which I can smoke myself."

One Week of Joy

Old Home Week and Fireman's Tournament July 13th to 18th is being looked forward to by thousands of Ex-Prince Edward Islanders now living under the Stars and Stripes and by thousands of Maritimers in Nova Scotia and New Brunswick as well as by our own native sons and daughters.

It is a program brim full of sport, music, pageantry and everything that will cater to the amusement and happiness of the vast throngs who will visit us this memorable week.

A FEW FACTS ABOUT IT
 Biggest sporting proposition ever staged in the Maritime Provinces.
 Biggest purses ever offered for midsummer horse races.
 Greatest number of Firemen ever competing in a Fireman's Tournament.
 Largest and best display of decorated floats ever seen in a Maritime City.
 Complete program calls for expenditure of nearly \$10,000.00, being greatest amount ever expended in a similar week in the Provinces.
 Something doing every day and every night.
 Big Ben William's Shows with five cars full of paraphernalia every evening on Market Square.

Yacht Races, Bicycle Races, Motor Boat Races, Canoe Races, Rowing Races, Swimming Races, Diving Contests and other Water Sports and Reception to Visiting Firemen, etc., July 14th.

WEDNESDAY, JULY 15th
 10.30 A. M. Street Parade, Naval, Military and Firemen with Bands. Farmers Picnic Dominion Experimental Farm.
 11.30 A. M. Official Welcome to Visiting Firemen at the Strand Theatre by His Worship, Mayor John McKenna.
 1.30 P. M. Horse Races on grounds of the Charlottetown Driving Park. These races will be of exceptional interest as they bring together the very best horses in the Maritime Provinces in competition with our own gallant steeds. Do not fail to see them.
