Some people have the idea that "Kodak Season" and "Tourist Season" (alias summer) are interchangeable terms; in other words that the only time Kodaks come to the front is in the summer. This is not the case and in order to prove it Johnson & Johnson have on exhibition in their large new show-window on Prince Street, four excellent scenes showing pictures which for beauty and variety could hardly be excelled even in Summer. In order to stimulate interest in winter photography they have an interesting and liberal offer to make to any of their customers who desire to experiment along the line of winter scenes, which will be made known upon application at their store.

A special train will leave Charlottetown, Friday afternoon at 3.20, for Summerside, returning the same evening, with the Prince Edward Dramatic Club who will present "Christopher Jr" in the Summerside Market Hall. Return fare \$1.00—Corresponding rates along the line. 1-621.

The friends of patients also responded in larger numbers than previously, so that all received a present. The hall and stage with two well laden trees were beautifully decorated, a number were present from the infirmary and very little space was left in the hall for Santa Claus to move about after his arrival. While awaiting his approach which was observed through a large telescope, selections on the Angelus, Piano and Gramophone, with choruses and songs caused the time to pass pleasantly. On the following day Santa in full dress visited the patients who were unable through infirmity to be present at the entertainment.
