HEATING SYSTEM NEEDS TO BE CLOSELY CHECKED

When anyone purchases a home the heating system should be carefully checked if it has been used. Serious damage to boilers is often incurred during the summer months, one of the principal causes being corrosion. This is caused from the combination of moisture in the cellar air and sulphur in the soot, ash and residue.

A thorough cleaning by a competent heating contractor will prevent this corrosion. Cleaning of the boiler sonsists of the removal of soot, ash and residue from all heating surfaces and the removal of clinkers, cinders and ashes from the firepot, grates and ashpit.

Broken or warped grates should be repaired before fall to prevent the waste of fuel. Partly burned fuel may pass through a warped grate and fall into the ashpit. Outer surface of the boiler should be cleaned and the application of a preservative paint to parts normally painted is effective.

STOCK QUOTATIONS

MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, July 9—France is to increase taxes in an attempt to balance its budget and restore order to its finances. The last Republic Steel plant in Cleveland was reopened and about one thousand aluminum workers returned to work at Alcoa, Tenn. Business news this morning is mixed. Gasoline consumption in the first six months set a new all time record. General Electric orders received in the first half were up 69 per cent over 1936 and just short of their 1929 high mark. General Motors sales in June showed a further drop in comparison with last year. For the first 5 months of 1937 Wheeling Steel showed earnings of 05.18 a common share. Dividend meetings scheduled for today include Kerger and Minn. Honeywell. Would favor such stocks as Int. Harvester, Int. Nickel, Loews, Mont. Ward, Sears, U. S. Steel Amer Smelting and Paramount.

MONTREAL July 9—Cons Smelters—Gross earnings show gain of $9,000,000 in first half of 1937. This very substantial increase was due partly to increased output but mainly to higher average prices prevailing for lead and zinc. First quarter was up about $4,900,000 and second quarter $4,300,000. Larger zinc output helped. Large portion of this gain could fairly be applied to improvement in net earnings.

MONTREAL, July 9—Understand from reliable authority that meeting will be held next week to appoint Thomas Hogg new chairman of Ontario hydro commission with McGuest and Christie as commissioners. First thing they will do will be to make new long term contract to take all available McLaren power, second to make a contract with Beauharnois for at least 50,000 H. P. S.

FLOWER SLEEVES ARE NEW FOR SUMMER EVENINGS

Some evening frocks have little sleeves made entirely of flowers. White spotted organdie with white flowers looks most attractive on a young girl.

Grain

WINNIPEG, July 9—(CP)—Nervous selling based on expectations the United States Government winter wheat crop report after the close would be bearish resulted in wheat futures closing 1 to 1 7-8 cents lower on the Winnipeg grain exchange today.

Wheat rallied from low points of more than three cents under the previous close on a buying splurge believed to have resulted from the oversold condition. July wheat finished at $1.44, October $1.37 1-4 to 3-8 and December $1.33 7-8.

Slump in prices was checked during the first part of the session by export sales of Canadian wheat estimated at 500,000 bushels.

Only time the market traded above Thursday's close was during first two minutes when wheat reflected strength at Liverpool.

All North American's wheat eased despite poor conditions in spring wheat areas. Southern Manitoba received beneficial showers overnight but again Saskatchewan and Alberta were missed.

The only coarse grain to hold steady was July rye which finished on the same level as July wheat at $1.44. Oats and flax futures eased more than a cent, barley as much as three cents and October and December rye nearly four cents lower.

CHICAGO, July 9—(AP)—Facing uncertainties relative to United States and Canadian Government crop reports after the close, wheat prices failed to develop much rallying power late today.

Rains in Canada and continued big record-breaking receipts of new domestic wheat acted as a weight on values. In some cases, the day's lowest prices on wheat were touched just before trading ended.

At the close, wheat was 1 3-4 to 2 1-2 under yesterday's finish, July 1.22 3-8, Sept. 1.23 3-8 to 5-8 corn 1 3-8 off to 1 1-2 up, July 1.28 1-8 to 1-4, Sept. 1.14 5-8 to 7-8, and oats 1-8 to 7-8 down.

MINING

TORONTO, July 9—(CP)—The Toronto stock market fell into a mild downward slant today following a week of rising prices but action tapered off on the decline. The cheaper golds and some of the base metals held up, giving the miscellaneous mines index a firm appearance.

While losses out-numbered gains in the gold group, recessions were mainly narrow. Hollinger, Lake Shore and McIntyre finished unchanged and Dome registered a minor loss. Buffalo-Ankerite was off 20 cents in a slow action. Kirkland-Hudson Bay drifted down to 1.45 but snapped back just before the close.

The few narrow gains included 4 to 8 cents for Beattie, Central Patricia, Coniarum, East Malartic, Paulore, Parkhill and Premier.

Buying in Eldorado increased and the price advanced 18 cents to 2.98. Other silvers were quiet. Senior base metals churned about and closed unchanged while among the cheaper issues Chromium, Falconbridge, Ventures and Waite-Amulet were lower by a few cents each.

Junior oils were down narrowly.

Produce Prices

(By The Canadian Press)

MONTREAL, July 9 — Trading on Montreal open produce markets was featureless today with few changes in prices.

Graded egg shipments in carlots or less were quoted at 24 to 24 1-2 cents a dozen for grade A-large, 22 to 22 1-2 for A-medium, 20 for grade B and 18 for C.

Butter was quoted at 25 1-4 cts a pound for carlots or less of No. 1 while lots to retailers were 26 to 26 1-2 for solids and 26 1-2 to 27 for prints.

Cheese was quoted at 14 1-4 cts a pound for Ontarios while Quebecs were 13 1-4 to 3-4.

Potatoes: N. B. No. 1 Mts. 80's .90 to 1.05; Que. new whites No. 2 80's 1.10 to 1.15.

ORANGE CRUSH

2 1-2 lbs. granulated sugar
4 large oranges
2 oz. tartaric acid
3 pints boiling water

Method: Put the sugar into a bowl and squeeze the orange juice over it. Add the grated orange rind and the tartaric acid. Pour the boiling water over this and stir until the sugar is completely dissolved. Let stand over night and then strain and bottle.

To serve, use 2 or 3 tablespoons of the syrup to a glass of iced water.

Ginger beer is not, as the name may suggest, an intoxicating beverage, but a mildly fermented one that most people very much enjoy. It should not be bottled for about 24 hours after it is made, and it is used full strength, not diluted with water.

HE, WHO IS WISE, PREPARES

A king, in order to test out the wisdom of his attendants, invited them to a banquet but did not set an exact hour for the feast.

The wise ones among them dressed fittingly and held themselves in readiness for the call as they said, "We might be called any moment."

The foolish ones, on the other hand, said, "there will be plenty of time to prepare," and went about their affairs making no preparation whatever for it.

Suddenly the king announced that the banquet was ready and the wise, who were ready and fittingly attired, were admitted and seated at the table but to those who had foolishly delayed preparing themselves and came in their work clothes, he said:

"Those who are properly attired for the banquet may sit down and dine with me but those who did not properly prepare themselves, after being invited, shall stand and look on."

It was Rabbi Eliezer who said, "Repent one day before thy death."

"But," asked his pupils, "how does a man know on what day he will die so he may repent before that day?"

"Ah," responded the sage, "that is the secret. Let him prepare today and every day lest he die tomorrow and, doing so, he will be prepared every day of his life."

GRAHAM ANRDEWS NUPTIALS

A very pretty wedding, of interest to a wide circle of friends, was solemnized at the home of Mr. and Mrs. Herbert Andrews, Wheatley River, on Wednesday evening June 30th, when their daughter Mary Alice was united in marriage to Mr. Kenneth Graham, of Bradalbane. As Lohengrin's Wedding March was sweetly played by Miss Emma MacNevin the bridal party took their places under an arch beautifully decorated with a variety of June flowers.

The ceremony, which was performed by Rev. B. G. Manzer of North River P. E. I. was preceeded by an effectively rendered solo "I Love You Truly" by Miss Emma MacNevin and concluded with "Oh Promise Me" sung by Mr. Herbert Stevenson. The bride, who was given in marriage by her father, was very becomingly gowned in white slipper satin, with a pointed radium lace yoke, embroidered tulle veil arranged in cap effect with a band of orange blossoms. She carried a lovely shower bouquet of pink roses.

Miss Mable Ling, as bridesmaid wore a very pretty flowered chiffon and carried a bouquet of red roses and maiden hair ferns.

Mr. William Graham, brother of the groom, capably acted as groomsman.

Following the cermony a reception for more than forty guests was held in the dining room where the tables were prettily decorated with candles, white flowers, and foliage and adorned with two beautiful wedding cakes. After the reception the remainder of the evening was pleasantly spent in singing, instrumental music and congratulations from a large crowd of serenaders.

Later in the evening amid showers of confetti Mr. and Mrs. Graham left for their home in Bradalbane. Mrs. Graham wore a pastel pink hat and dress with crushed wool coat of a deeper shade of pink and white accessories.

Mr. Graham, son of the late Mr. and Mrs. James Graham is a successful and prosperous former. Mrs Graham, was for a number of years an efficient school teacher in this Province. Sincere good wishes for future happiness are extended to them by their many friends.

FAREWELL TO PASTOR

On Tuesday evening June 29th a great number of people from all parts of the circuit as well as many from neighboring church gathered in the Bedeque United Church to bid farewell to the pastor, Rev. Arthur Organ, and his wife on the eve of their removal to Saint John where Mr. Organ has been called to the pastorate of Centenary Church.

Mr. William Callbeck was chairman and a splendid program was carried out by a massed choir, representative of the entire circuit. A mixed quartette from Bedeque consisting of Miss Winnifred Wright, Mrs. Charles Green, Mr. Fred Moyse and Mr. Arthur McFarlane rendered a splendid number and Miss Mary Muttart of Carleton sang a solo clearly and with much expression. The Junior Choir from Borden, twenty-one strong, under the leadership of Mrs. Ralph Toombs sang two numbers, one of which, "He loves me" was composed words and music by Mr. Organ.

Addresses were given by Rev. Fred M. Young of Tryon and Rev. J. W. A. Nicholson of North Bedeque. An address read by Mr. William Callbeck embodied the sentiments of the entire circuit on whose behalf he presented to Mr. Organ a purse of money. Addresses were also read and gifts presented from the Bedeque Young People's Union by Arnold Henderson, from Bedeque Study Group by Alden Leard, from Searletown Young People's Union by Lewis Wright. Previously, in their respective meetings Cape Traverse, and Borden Young People's Unions had made presentations. Mr. Organ, who was deeply moved responded to the addresses and presentations, expressing his thanks for co-operation and fellowship during his ministry, and commended to the congregation his successor, Rev. Ralph Barker. The meeting closed with the benediction.

"The Spy Of Beausejour"

Continued from page 4

Achives, and the gift of these volumes as a special publication of the Provincial Archives is a handsome tribute from one who has done, and is doing, much for historical research. Dr. Webster has taken the keenest interest in Beausejour, and this publication, making the orginal documents accessible to the English reader, is an arduous labor which will be highly appreciated, throwing as it does additional light on an exciting and troubled page of our early history.

Peters Road And Vicinity

Mr. John McLean, Peter's Road is having the basement of his residence extensively improved. Ample cellar space has been obtained and the substantial concrete walls form a firm foundation sanitary and permanent. This work now about completed is in charge of Mr. Edward Munn, Greek River.

Mr. George A. Macdonald, Peters Road, has improved the appearance and comfort of his residence by the erection of a verandah which has a most pleasing effect.

Mrs. R. Westway of Lower Montague, accompanied by her granddaughter, Miss Wellner, have been recent visitors at Peters Road, guests of Mr. and Mrs. D. Horton and family, and other friends.

Miss Myrtle McKinnon, Toronto, Supt. of the Presbyterian Home for girls in that city recently arrived here on a short vacation to be spent among her relatives and friends, at Peters Road she is the guest of Mr. and Mrs. George A. Macdonald and family, where her mother resides, and of Mr. and Mrs. J. L. McKinnon and family, also of Mr. and Mrs. Fred Johnston and family, Murray Harbor North and others. Miss McKinnon needs no new introduction to Guardian readers, as she is a native of P. E. I. and held responsible positions here, before becoming affiliated with the institution of which she has been Superintendent for some considerable time. Her many friends with the Guardian join in wishing Miss McKinnon, a happy holiday season here.

Mrs. Katherine Jenkins of West Medford, Mass., is now visiting her many relatives and friends at Peters Road, Greek River, and Gladstone at or near her former home in Prince Edward Island.

Mr. and Mrs. Harold Jordan and son, Sheldon, of Charlottetown have been recent visitors to Peters Road, Alliston and Cambridge where they were guests of Mr. and Mrs. S. Davidson, Mr. and Mrs. J. Herbert Campbell, and Mrs. James Davidson, Cambridge Road, respectively.

Mr. Benjamin Horton, Mt. Albion, accompanied by Mr. Benj. Robertson, motored to Peters Road on a week-end visit to his brother and family Mr. D. Horton who is confined to his room through a long illness.

All crops look well after the copious rain and sunshine. Maybe 1937 will be a banner year for agriculture in P. E. I. —P

RHUBARB SHRUB

6 lbs. rhubarb
3 cups water
3 cups sugar
3 oranges, juice and grated rind
4 tablespoons chopped ginger
Juice 2 lemons

Method: Cut the rhubarb into short lengths cover with the water and cook until it is very tender. Strain and add the sugar, orange and lemon juice, the chopped ginger and grated orange rind. Simmer for about 5 minutes, then strain and bottle. If you intend to store it for later use, it will be necessary to bring the juice to the boiling point and boil for 5 minute, instead of simmering.

When ready to serve, fill the glass 1-3 full of the syrup, then add iced water to fill and more sugar if you prefer a sweeter beverage.

ABUSE

Have you ever thought of it? The VALUE of your eyes. What would you do without them? Probably you would not part with them at any price.

What you may not understand is that abuse and neglect wear the eyes down. Experience shows neglected eyes fail early.
