LIVING TOO HASTILY CANADIAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Caused by Lydia E. Pinkham's Vegetable Compound. Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not one

Miss Irene Haggood

woman in twenty-five but that suffers with some derangement of the female organism, and this is the secret of so many unhappy homes. No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacements, spinal weakness or diseased organs.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—female trouble.

Read this letter: Dear Mrs. Pinkham:—I suffered for four years with what the doctors called inflammation of the fallopian tubes, which is a most distressing female disease, undermining the constitution and sapping the life forces. If you had seen me a year ago when I had begun taking Lydia E. Pinkham's Vegetable Compound, and had noticed the swollen eyes, swollen complexion and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine which restored me to new life and health in five months. My friends all marvel at the change it has made in me, but none can appreciate it better than I can myself. Miss Irene Haggood, 1022 Sandwich St., Windsor, Ont.

At the first indication of ill health, painful or irregular periods, pain in the side, headache, backache, bearing-down pains, nervousness, or the "blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

The Flour of the Family. Spring wheat makes strong flour suitable for bread only—lacks the delicacy and flavor of the Fall Wheat. Beaver Flour. a blend of both, combines the best qualities of Manitoba Spring Wheat and Ontario Fall Wheat. It is the best family flour. Makes light nutritious bread; delicious pastry.

Many Guardian readers in East Prince are interested in the change in drug business recently effected in Kensington. For many years the name of Dr. Darrach's drug store has been synonymous with all that pertains to business integrity and professional skill, for it is now thirty years since the general doctor launched forth upon the sea of drugs. Along with this he practised the medical profession with eminent success until 1883 when he retired from practice to enter the mercantile firm of Reuben Taplin & Co. Through all those thirty years he held to the highest degree the confidence of the public, and it is gratifying to state that, since he has withdrawn, it is in favor of a gentleman eminently qualified to conduct the business with equal satisfaction to his patrons. Dr. Darrach's successor is Edgar Keir, who inherits the taste for all things medical. Mr. Keir is a son of Dr. Keir of Malpeque and is a druggist of no ordinary experience. He served for about seven years in New York and Boston, in the former city with Schieffelin & Co., analytical and pharmaceutical chemists. While in Boston he was in charge of the dispensing department of the widely known firm of Mahoney & Co. Mr. Keir is a graduate of New York College of Pharmacy, affiliated with Columbia University. His aim now is to conduct a thoroughly up-to-date drug store. He has large consignments of fresh new drugs to arrive in a few days. These with new fixtures and silent salesmen cases, an affable proprietor and obliging clerk, will combine to render the Kensington drug store an institution of which the residents may well be proud.
