—WEDDING BELLS ARE RINGING—On Wednesday morning at St. Mary's Indian River, Mr. John T. Mullin, Kensington, was united in the holy bonds of matrimony to Miss Malvina Mullyally, daughter of the late Richard Mullyally, Kensington. Mr. Port Mullyally and Miss Ella McMahon did the honors for the contracting parties. Rev. Mr. D. J. Gillis, P. P., performed the ceremony, and celebrated the nuptial mass. Appropriate music was rendered by the choir, Miss Morica McLellan playing the accompaniment. Miss Mamie McIntyre played the wedding march.
The wedding dinner was served at the home of the bride, Mrs. Richard Mullyally, where a few of the intimate friends of the contracting parties were present. In the afternoon the party motored to Borden, where they took the boat for the mainland. On Thursday evening a number of the friends of the bride elect waited upon her at the home of her uncle, Mr. Joseph Higgins, and treated her to a magnificent banquet, including a number of beautiful and useful gifts.

WESTMINSTER'S DEAN WANTS COLORS OF CANADIAN BATTALIONS FOR ABBEY
LONDON, July 17.—In connection with the appeal which has been issued by the Dean of Westminster for £250,000 to save the Abbey from falling into complete decay, the Dean makes an interesting reference to the association of Canadian troops with the Abbey during the war.
"No account of the Abbey in war time," says the Dean, "would be complete without a mention of the Canadian battalions and their colors. Being suddenly appealed to whether we could submit their colors in the Abbey while some artillery went to the front, I gladly consented on condition that the transfer was carried out with the regular service of prayer and worship. This was readily approved of. And so, to cut a long story short, we soon had a whole series of services at which the officers, N. C. O.'s of Canadian battalions committed their colors into our keeping—and we laid them on the high altar with a short solemn service. We afterwards, in the presence of the officers and men, deposited the colors upon the monument of General Wolfe. After the armistice, one after the other, the officers of these battalions came back to claim their colors. Once again the colors lay upon the altar, and were restored with an office of thanksgiving, combined this time with commemoration of the men who had fallen. Wolfe's monument is now quite bare. There was 80 or 40 flags which we had taken temporarily in charge. There was much pathos in those color services.

—GARDENING—The gardeners in Prince Co., in some sections the crop is fully up to the average while in Lots 1 and 2 the hay crop which has suffered for want of rain will not be up to the average. In Lots 4 and 5 wheat, oats and potatoes show every prospect of abundant crops. H.
—GOOD CROPS.—Hay is now on in Prince Co., in some sections the crop is fully up to the average while in Lots 1 and 2 the hay crop which has suffered for want of rain will not be up to the average. In Lots 4 and 5 wheat, oats and potatoes show every prospect of abundant crops. H.

—BALL GAME.—The postponed game between the Vets and Pioneers which was to have taken place last Friday was played Monday evening. The game all through was a bumper although the night game was better, ending a close finish in favor of the Pioneers. The batteries for Pioneers were Noonan and Lynds and for the Vets W. Daley and F. Daley. Messrs. McCullough and Durant were umpires.

—MANNILA, July 26.—Thousands were rendered homeless by a typhoon which accompanied by torrential rains, swept the island of Luzon during the past ten days or two weeks, causing tremendous damage. A dyke of the Turia River, Central Luzon, was broken, flooding thousands of acres of rice and sugar lands, carrying off hundreds of small houses. Loss to life was reported small.

Splendid Type of Settlers Coming to Canadian West! OTTAWA, Ont., July 27.—That Canada is looked on as the land of promise by the people of the British Isles and that we are on the eve of the greatest period of immigration from that quarter in our history, is the message which W. E. Scott, and Messrs. Wilson have brought back with them after six months spent in the old country selecting immigrants under the plan of the Soldiers' Settlement board. Mr. Scott was formerly deputy minister of agriculture in British Columbia and Mr. Wilson has all his life been engaged in farming and pioneering in Saskatchewan. They were sent over to the old country last December to examine and select applicants to settle under the plan of the Soldiers' Settlement board in different parts of Canada. An immediate result of their work, six hundred picked settlers, all well suited by experience, natural ability and means, will be added to the farming population of Canada. They are the first of an influx which will be limited only by transportation facilities.

The requirements insisted on in choosing these immigrants were that they should be men who had seen active service, that they should be thoroughly qualified for life in Canada and that they should have capital of not less than one thousand dollars. The Imperial government pays their ocean transportation. Nearly all the men selected are of the officer class, principally men who have won promotion on the battlefield. In the great majority of cases they have ample capital. They will average probably not less than five thousand dollars and many of them are bringing from twenty-five to fifty thousand dollars each. The destination of the settlers has been left to themselves. The majority of them will be pretty evenly distributed between British Columbia, Saskatchewan and Alberta with a few for the Maritime provinces.

In the case of some of those who seem especially well qualified but had not the complete amount required, help has been given by the national fund raised by private subscription for assisting immigration. In addition to those who are coming under the Soldiers' Settlement board, a great many have been examined by Commissioners Wilson and Scott, and although they could not comply with one or more requirements, were still evidently of the type required. They were given every encouragement and large numbers of them will come as soon as they can get transportation.

The majority of the newcomers are English, Scotch and Welsh, the latter particularly being the very best class. Although the commissioners visited Ireland they found conditions there so unsettled that they could not accomplish much at present. "You cannot impress it too strongly upon the people of Canada," said the commissioners, "that there are thousands of the best type of settlers in the British Isles anxious to come to Canada, and as soon as transportation facilities are adequate, there will be a wave of immigration such as we have never before experienced. It is up to the people of Canada to lend the new arrivals every encouragement and help, as those coming now are only the advance guard."

LIQUOR RAIDS CAUSING ALARM WINDSOR, July 27.—Despite all efforts made to check rum-running and the law prevailing on the border, a startling new form of violence has developed, and for the second time in 24 hours armed bandits made a raid early Saturday morning on the home of a Sandwich township farmer and carried away liquor after threatening death to anyone who interfered. The first attack was made at dawn on Friday morning, when five bandits in a powerful automobile attacked the home of Albdy Melchoe, but after an exchange of shots with Melchoe and his son were driven off before the provincial police, who had been telephoned for, arrived.

Second Attack. On this second occasion an attack was made by seven bandits, who drove up to the home of Ell Gerard in a high-powered car, as he and two hired men were getting ready to go to market, and held them up at the point of revolvers while they ransacked Gerard's cellar and carried away a barrel of whiskey and a case of gin. In spite of the guns Gerard attempted to defend his liquor, and was badly beaten by the thugs. Later, with his head swathed in bandages, Gerard came into Windsor and reported the outrage to the police, who are now working on the case, but have no clue to guide them.

MOORE & McLEOD LTD 119-121 Queen St., Charlottetown. An Interesting Chance in Very Attractive VOILES CLEARING AT 69c. This is a shelf clearing of a lot of handsome new voiles, of which we have just perhaps a dress length left—not enough to carry over. In order to clear our fixtures we have gathered together a lot of perhaps twenty patterns—florals, stripes, one or two plaids, in a wide range of colorings, various values up to \$1.00 per yard and are clearing out the whole assortment at only 69c per yard.

As a result of the discovery of an employee of the Essex Terminal Railway, a line which provides inter-switching facilities to the trunk lines operating into Windsor, that a freight car supposed to contain shingles really held liquor, standing on the tracks near Gladstone avenue, Walkerville, Saturday, a raid was made on the car by a large crowd which came to the scene in automobiles, rigs and on foot, and carried off 430 of the 540 cases of liquor in the car before the police arrived. Another car similarly marked is now under police guard while efforts are being directed to finding the consignee.

WARSAW, July 28.—Despite the armistice entered into by Bolsheviks and Poles the Red armies have resumed violent attacks over the whole front, south of Grodno, it was announced today. They have advanced 20 kilometres.

IN MEMORIAM MRS JOHN FOUND The death of Mrs. John Found of Long River on July 9th, was a sore bereavement to the home and a great loss to the community in which she lived. She leaves to mourn her loss, her husband and five children, Marjorie Garje, Mary Ella, John William and Maria Evelyn. Her father, John Parsons, is also living. The funeral service conducted by the Rev. George Millar, took place on Sunday, July 11th.

Coffee Is Harmful to Growing Children and parents who permit its use sometimes have cause for regret. With children in the family, and where the coffee flavor is liked, Instant Postum is generally accepted as the ideal table drink instead of coffee. All grocers sell Postum, and its pleasing flavor, combined with its advantages of quick making and economy, soon make it a home favorite. "There's a Reason" Canadian Postum Cereal Co., Ltd. MINNIE FRENCH On the evening of July 7th, the home of Mr. and Mrs. Jas. K. French, Westmoreland, was suddenly saddened, having received a telegram that their daughter Minnie had passed away after a few days illness, in the hospital at Amherst, N. S. The remains arrived home on July 8th and were accompanied by Miss Eunice, who had been residing with her sister, the deceased, for the past few months in Amherst. The deceased was 32 years of age, of a kind and cheerful disposition, and esteemed by all who had the pleasure of her acquaintance.

There are left to mourn besides the parents, four brothers; William H., of St. John, N. B.; Robert in Sask.; George A., and Russell at home and two sisters, Mrs. E. J. Humphrey, Stanchel and Eunice, now at home; also a large circle of relatives and friends. The sympathy of the community is extended to the bereaved ones, as this is the second member of the family to be called to the Home Beyond, within a few months. David (famously known as Ed.), died last November. The funeral was held on the 9th. An impressive service was conducted at the home by the Rev. Mr. Fitzpatrick of Tryon, after which the large procession wended its way to the cemetery at Hampton, and there in the family plot, the remains were tenderly laid to rest. The pall bearers were: Edgar and Roy Crossman; Bertrand and Leonard Trowsdale; John Campbell and Amos Hagian. Rev. Mr. Fitzpatrick also officiated at the grave.

Why A Farm Needs Milwaukee Air Power Water System Combined in a few words the answer is: Because it is the best investment a farmer can make. Time spent in carrying water, in pumping water and in taking the stock to the watering trough is time that can be used to better advantage at other work. The matter of home comfort also is important. Isn't the wife of the farmer just as good as the city woman? What about the children? Is there any reason why they should not have a home equipped with a bath room and inside toilet just like their city relations? And to think what it means in case of fire to have a hose handy and eighty pounds water pressure to fight it with. Call in the next time you are in town and look over our demonstrating outfit.
