Cross Currents In Evidence At World Conclave

Stabilization Still Stalls Conference — France Fears She Will Be Forced Off The Gold Standard.

APPLICATION OF DEFENDANTS IS GRANTED

Was Duty of Moore Bros. to Refuse to Hand Over Car to Plaintiff, States Judgment.

A verdict was entered for the defendants with costs of the trial and the application in the judgment given by His Lordship Chief Justice Matheson in the case of Lorne B. Flood vs. Hollis Moore, Clifford Moore and James Moore at the opening of the Supreme Court yesterday.

Following is the text of the judgment:

This is an application on behalf of the defendants that the verdict rendered herein on the 26th day of January A. D. 1933 on the trial of this action before Mr. Justice Saunders and a jury be set aside and a new trial be had between the parties or in the alternative that judgment be entered in this action for the defendants together with their costs of the action and of this motion upon the grounds that the verdict was contrary to the evidence, to the direction of the learned trial judge and contrary to law. This action was commenced by writ of summons issued out of this Court on the 21st day of April A. D. 1931.

Police Search Spreads

Net Widens As Police Pursue The Kidnappers of William Hamm.

ST. PAUL, Minn., June 20—(A.P.)—Pursuit of the kidnapers of William Hamm focused on Northern Minnesota tonight as the millionaire brewer set out to search for the house in which he was held prisoner almost four days before his release yesterday.

Hamm, accompanied by Charles Tierney, Inspector of Detectives, and Detective Thomas A. Brown, drove north in an effort to locate the dwelling in which his five or six abductors detained him for \$100,000 ransom, not all of which was paid before he was freed.

Meanwhile, Duluth, Minn., police sought two men, one of whom resembled description of Verne Sankey, the former railroad em-

French Seamen Are Rewarded By Canadian Gov.

NEW YORK, June 20.—Ties that exist between the men of old France and new France were manifested today when the Captain, fourth officer and six hardy Breton seamen of the French liner De Grasse, received awards from the Canadian Government for bravery in rescuing the crew of the Canadian schooner Clemencia, in distress on the high seas.

A group of more than a dozen Canadians attended the colorful presentation aboard the De Grasse, made by Hon. Alfred Durand, Minister of Marine and Fisheries. In a short address of thanks, Captain Pierre Thoreux of the De Grasse alluded to the fact that practically all of the ship's crew were drawn from Brittany, whence came many of the early settlers in Canada.

Capt. Thoreux, who directed the rescue operations during a north Atlantic storm last December and saved the lives of four Canadian fishermen, received an inscribed silver plate, fourth officer James Hammon was given a pair of binoculars, and each of the seamen received 250 francs, about \$10.

Wheat Conference Makes Progress

Australian Delegates Signify Willingness To Consider Canadian American Plan Of Acreage Limitation.

LONDON, June 21—(Wednesday)—(Canadian Press Cable)—The Daily Telegraph today said it was informed the World Economic Conference will begin immediate discussion of a plan for reducing the world's wheat output by 15 percent and absorbing the total carry-over in two years.

(By George Hambleton, Canadian Press Staff Writer) LONDON, June 20—Australian delegates to the four-power wheat conference today signified willingness to consider the Canadian-American plan for acreage reduction as a means of raising world prices. Should they decide to accept the plan they indicated, they would do so with the reservation it must be temporary.

This attitude was regarded with hope by other delegations as Prime Minister R. B. Bennett of Canada several days ago had made it clear the Dominion held limitation of acreage, if effected should last only long enough to dispose of the world's huge carry-over.

Roundup Of Nazi Leaders Undertaken In Austria

Determined Attempt To Stamp Out The Fast Growing Nazi Party Is Launched By Dollfuss Government.

VIENNA, June 20—A roundup of Nazi leaders and a thorough searching of their homes were undertaken by the Austrian Government tonight in its efforts to stamp out allegiance to Chancellor Hitler of Germany in his native land.

Despite these drastic measures by the regime of Chancellor Dollfuss, bombings which terrorized the country most of last week were resumed today, more telegraph wires were cut and Nazis in Innsbruck showed their contempt for the ban on the Nazi party emblem, the swastika, by wearing the old German colors—black, white and red—navel recently by the German Nazi Government.

A small railway bridge on the outskirts of Vienna was dynamited and several bomb explosions, none causing serious damage, were reported in Carinthia. Six towns in that province reported telegraph wires cut.

In its efforts to outlaw the fast growing Austrian Nazi party, the Dollfuss Government banned all party activities and issued an edict providing a penalty of six months in jail or a fine of about \$280 for the showing of the swastika emblem. Publication of Nazi newspapers was prohibited and their offices were occupied by police.

The Dollfuss Government outlawed another organization, the Free Thinkers League, for anti-Christian activities.

School Swept By Fire

Blaze Causes \$20,000 Damage to King's County Academy, Kentville.

KENTVILLE, N. S., June 20—(G.P.)—Fire of mysterious origin swept tonight through an old wooden wing of King's County Academy and caused damage of \$20,000 before it was placed under control.

Firemen with great difficulty prevented spread of the flames from the 18 year old wooden structure to a second building housing the domestic science rooms and caretaker's apartments. The main building, of fireproof construction, was not endangered.

All three were heated from a central plant, and officials were at a loss to account for the source of the fire. There had been no fires in the burned building for some time before the outbreak, and the caretaker had made a round of inspection a half hour before it was discovered.

Guy King Is Sentenced To Life Term

PICTOU, N. S., June 20—(G.P.)—Life sentence was imposed by Mr. Justice W. F. Carroll today upon Guy King, New Glasgow man who was found guilty in Supreme Court of attempting to murder Sadie King, his sister.

His Lordship declared he considered it "in the interest of the public" that King should be confined for life, in view of threatening statements attributed to him while he awaited trial for wounding his sister. King was reported to have said while in jail that he intended to kill a young man with whom she was keeping company.

His attempt to kill Miss King took place in October 1931, when he entered a home where she was employed and slashed her throat. The attack was followed by an attempt to hang himself.

Trial was delayed for over a year while King was confined to the Nova Scotia hospital for the insane. Mr. Justice Carroll indicated today he would request the Department of Justice to have King undergo mental examination.

Grand Jury Finds Institutions In Good Condition

June Session Of Supreme Court Opened Yesterday With Small Docket — One Criminal Case To Be Tried.

A report of satisfactory conditions in all the public buildings inspected, considering the inconvenience under which the institutions were forced to operate was brought in by the Grand Jury at the opening of the June sitting of the Supreme Court yesterday. The Court opened at 11 o'clock with His Lordship Chief Justice Matheson and Associate Justices Arsenault and Saunders on the Bench.

There are only eight cases on the docket. Following were the Grand Jurymen: Wm. Moran, (foreman); City; Frederick Hughes, Bedford; John Devereaux, New Haven; D. B. Stewart, City; Artemas White, City; R. E. Spillet, City; B. Roy Holman, City; Angus Matheson, Springhill; J. Simpson Bell, Hope River; Dr. A. B. Reid, City; Percy W. Turner, City.

Following is the report presented: His Lordship, Chief Justice Matheson and Associate Judges: We, the members of the Grand Jury of Queens County, herewith beg to submit the following report. We found that considering the

Store Entered Last Night

Between the hours of 11 and 12 last evening Jimmie Power's store on Queen Street was entered and a sum of money taken from the till. Two of the drivers employed in the taxi service were awakened by a slight noise and immediately informed the police who carried on an investigation which ended in the arrest of a young man who confessed to the crime. The intruder is believed by Officers Doyle and Jay to have gained entrance through a hatch in the rear of the shop.

The case will come up before the Magistrate this morning.

AMHERST YOUTH GOES ON TRIAL

Grand Jury Returns True Bill On Youth Charged With Murder.

(Canadian Press) AMHERST, N. S., June 20—The Grand Jury returned a true bill today against Alvah Henwood, and the 18-year-old Amherst youth was expected tonight to go on trial tomorrow for the murder of Mrs. Mabel Smith.

Henwood and Trueman Smith, a companion of the same age, are charged with having robbed the aged invalid after beating her into unconsciousness and cutting her throat when she discovered them entering her Amherst home. Mrs. Smith was killed on February 8, and the two young men were arrested two weeks later. At the time of his arrest Henwood was honeymooning with the 18-year-old bride whom he had married a few days before. In a signed statement, admitted as evidence at the preliminary hearing, he told police part of the money taken

Extensive Crop Damage In The Prairie Provinces

Heat And Drought Are Main Causes of Crop Injury.

REGINA, June 20.—Re-election of John Thompson, of Toronto, as Grand Master of the Grand Black Chapter of British America marked the concluding session of the 59th annual meeting here today. J. E. Walker, of Toronto, was elected Deputy Grandmaster and Rev. A. Walker, of Lloydminster, Sask., Associate Deputy Grand Master.

The report is compiled here from telegraphic information gathered throughout the West and reflects conditions as late as midnight last night. "Almost without exception," the report says, "telegraphic advices received from the Prairie Provinces this morning report extensive crop damage as a result of the extremely high temperatures and limited rainfall of the past week. For five days maximum temperatures were near or above 100 degrees F. with two stations reporting 106 degrees F. on Friday, June 16. The hot wave began in Alberta on Monday and Tuesday and reached Manitoba on Wednesday.

Temperatures have now moderated in the two western provinces and relief is expected in Manitoba following the severe wind storms of June 19th. General rains are required to prevent further damage. Today's forecast is for fair and cool weather.

Medical Asso's Elect Officers

(By John Mosher, Canadian Press Staff Writer) SAINT JOHN, N. B., June 20—While the Canadian Medical Association cleared its deck today for tomorrow's first general session of the annual convention, two outstanding medical authorities from Great Britain addressed the Canadian Public Health Association.

The 1934-35 president of the Canadian Medical Association will be Dr. J. S. McEachern, of Calgary, who was named president elect today. Calgary will be the scene of the next annual convention. Dr. G. A. B. Addy, of Saint John, is president for 1933-34 and other officers were re-elected.

Dr. P. H. Lepore of Edmundston was elected president of the New Brunswick Medical Society today at the annual meeting held in conjunction with the annual convention of the Canadian Medical Association. Other officers were elected as follows: First Vice-President, Dr. D. C. Malcolim, Saint John; Second Vice-President, Dr. J. M. Barry, Saint John; Secretary, Dr. R. M. Pendrigh, Saint John; Treasurer, Dr. A. S. Kirkland, Saint John; additional members of the executive, Dr. Arthur F. Vanwart, Fredericton; Dr. J. F. L. Brown, Woodstock; Dr. John R. Nugent, Saint John; Dr. H. E. Britton, Moncton; Dr. C. J. Veniot, Bathurst, and Dr. A. Sormany, Edmundston.

Roosevelt Discusses Parley Problems At Sea

Raymond Moley, Assistant Secretary of State, Flies to Yacht Carrying the President.

By Francis M. Stephenson, Associated Press Staff Writer. ENROUTE WITH PRESIDENT ROOSEVELT OFF CAPE COD, June 20—(A.P.)—Out in the deep opposite the shores where the pilgrims landed, President Roosevelt today outlined politics to a special envoy to the London Economic Conference, Raymond Moley, Assistant Secretary of State.

Mr. Roosevelt talked over the Conference problems as he carefully guided a sailing schooner even smaller than the sturdy Mayflower, which brought the pilgrims to New England 300 years ago, looking then, also, for better days. The progress of these three centuries was in evidence as Moley swept from the skies to a naval destroyer and thence to the 45-foot Amberjack II off Cape Cod, where he found the President eagerly steering his craft past the shoals. (The President's instructions to Moley were not made public, but at Washington it was reiterated there was a disposition to postpone monetary stabilization pending an increase in domestic prices under the recovery programme.)

JUDGMENT IN RAILWAY ACCIDENT CASE

In the judgment handed down in the Supreme Court yesterday by Mr. Justice Saunders in the case of James Everett Shea vs. The Canadian National Railway Company for damages in connection with an accident on February 21, 1932 near Tignish, it was held that plaintiff had no cause of action against the defendant, and that no costs should be allowed to the defendant.

Following is the judgment: This action is brought by the plaintiff against the defendant claiming damages for personal negligence in the management and operation of its railway system in Prince Edward Island. The plaintiff alleges that on the 21st February 1932 he was temporarily employed by the defendant to release a snow-bound freight train near Tignish in Prince County near owing to a severe snowstorm raging at the time he took shelter for a short time in a baggage car (Continued on Page 9)
