NOTHING BUT THE BEST.—The Black Fox Magazine, published in New York a new journal in the interests of the fox industry in succession to the "Silver Black Fox" for two and-a-half years published in St. John says:—The ranchers on P. E. Island are rapidly awakening to the fact that it does not pay to keep inferior foxes in their ranches even if they are of pedigreed strain, and this year has witnessed the making of great efforts to get rid of them. Unfortunately quite a number of these animals have been sold to parties abroad who are just starting ranches and who will later on realize they made a bad bargain in buying cheap foxes. It would kill these animals and keep nothing but the best. The industry at least would certainly benefit by this action.

RED CROSS SUPPER.—The supper at the Forester House, Pownal, on Thursday night, was a decided success financially, socially and gastronomically. The three good ladies, who so generously and abundantly provided the excellent supper, deserved the unstinted praise they received from almost one hundred satisfied guests. They were a fine jolly crowd. The Misses Jackson and Mr. Curley, of Village Heights, were enthusiastically rendered. Mrs. Geo. Carver (as Dina) made the hit of the evening, especially when Dina attempted to kiss Mr. Roidy. This enjoyable time was brought to a close at 12 o'clock by singing the National Anthem. The handsome sum of \$20 was handed to the President of the Red Cross, Mrs. Geo. Carver.

Before the train arrived at destination the young man fell fast asleep much to the surprise of the conductor who said he had been young once himself and could not conceive of any man dropping into a peaceful slumber under the circumstances."

RUB IT IN FOR LAME BACK.—A brisk rubbing with Dr. Thomas' Electric Oil will cure lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in the pain comes out and there are ample grounds for saying that its touch is magical, as it is.

ASSAULT CASE ENDED.—The assault case of Beer vs. Horne was concluded at the Police Court yesterday morning. The evidence taken was that of City Marshal Cameron, Fulford Barnach, Parker and Reagh Horne, Peter Robertson, and Charles Pippy. The evidence of the last named was in direct opposition to that of Mr. Harrington and defendant last week. His testimony was to the effect that he had driven into the yard of the Highland Hotel and right after him came Mr. Beer. Horne drove out of the stable and to the plaintiff to back up. He did not do so. Mr. Horne said, "Make room for me." Some one said, "Yes, I'll make room for you." All this time Beer was up against the wall and facing a wagon that was crowding. Witness declared that Horne hit his horse a cut of the whip and ran into Beer's, locking wheels with him. Defendant drew off with his whip and his horse crossed the face. Beer jumped out of the wagon and said, "Now Horne, you'll have to pay for this." Horne slashed at him again. Beer caught him and while Horne was trying to get out of the wagon Beer pulled him out. When he got him out he struck him several times. Two or three around parted them. Horne got up and made for him again. The next time he got up he went into the house and returned with a piece of piping. Two of them made for Horne, whose face was covered with blood. Quite a crowd had gathered before the fight ended. Messrs. Parker and Reagh Horne gave testimony to corroborate that given by their father, each testifying that they had been struck by Beer after the fight was over, when they were trying to get their father away. The Magistrate, in giving judgment, fined John Horne \$20.00 and costs or ten days in jail. He said that the evidence was that the defendant who owned the premises, deliberately struck Beer, a prospective customer, who was coming into his yard. No amount of after-talk would justify this first attack. He dismissed John Horne's complaint against Beer. With regard to the other charges of John Horne's sons against Beer he said that Beer at the outset was justified in defending himself, but went too far by hitting Horne's two sons after the fight was practically over. Beer was fined \$5 and costs on each of these charges.
