HERRING FISHING. The herring fishery is being prosecuted off Picou Island this season with more than usual vigor and success. So abundant have the herring been that they have attracted fishermen from Prince Edward Island, from Picou and even from as far away as Montreal, whence have come men expert in putting up the herring by what is called the Scotch Cure method. A Prince Edward Islander who was in the office the other day said that he and his partner had salted 25 bbls for which they were getting \$12 a bbl, or \$6.50 per bbl. They had been about three weeks on the Island and besides what they had salted, they had sold a lot of herring fresh at \$3 a bbl, the buyer taking them right out of the nets. The Taylors from the Island, had salted about 30 bbls. There were seven or eight boats from P. E. I. W. E. Lewis, of the firm of Fred Magee, has a trap off the Island, but had only made one haul of 30 bbls as far as the P. E. Islanders knew. The dog fish are plentiful and the nets have to be watched very carefully. The herring cured by the Scotch process are said to be worth \$20 a bbl.—New Glasgow News.

The Man With the Hoe

Hoeing is a severe strain on the back. It calls into play muscles not used much in lifting or in other kinds of farm work.

If you have a weak back you cannot stand much hoeing unless you use Dr. Chase's Kidney-Liver Pills to set the kidneys right and remove the cause of weakness and lameness of the back. Just try time and see how much better you will feel.
