His Brother Pleads For the Kaiser

DECLARES KAISER WANTED TO AVERT WAR AND DISASTER TO MANKIND

(Special to The Guardian)
BERLIN, July 10.—Prince Henry of Prussia, brother of the former German Emperor, has now come to the aid of the deposed Kaiser, and adds his plea to that of others for abandonment by the Allies of their project to bring the former Emperor to trial for his crimes against mankind. Prince Henry in a telegram to King George, begging him to desist in the effort to extradite the former monarch, pledges himself to assist the King in bringing to light the truth regarding the war and its consequences. In his message Prince Henry says that after his conversations with King George in July, 1914, he returned to Berlin and was with the Emperor until mobilization began. The telegram continues, "I can testify that the Kaiser and his counsellors endeavored by every means to avert the war and disaster to mankind. I am ready to refute calumnies regarding the German Kaiser, which have circulated for years in contradiction of all truth, and I place myself at your disposal in order to assist your Majesty in bringing to light the truth regarding the war and its consequences."

Disapproves of Aliens Voting

(Special to The Guardian)
TORONTO, July 9.—"One of the worst things ever done was the repealing of the war time franchise act and giving back Aliens their vote," declared Mayor Church today. "As a matter of fact," he added, "war conditions still exist and peace has not as yet been ratified by the Legislature. The act should not have been interfered with. It is a bad piece of business," he concluded.

R 34 Starts on Return

(Special to The Guardian)
NEW YORK, July 8.—The return cruise of the British dirigible R-34 across the Atlantic Ocean will not start until shortly after dawn on Wednesday. The proposed plan to get the gigantic ship away at 5 a.m. after local weather conditions which included adverse bumpy winds made it impossible for the dirigible's crew to overhaul the engines during the afternoon. Without such overhauling it would be impracticable for the airship to take off on her venture as quantities of carbon accumulated in the engines during the 108 hours in the air which the craft was aloft on the unprecedented journey which ended at Roosevelt field here on Sunday morning.

Sir Conan Doyle And the Profiteers

CALLS FOR PUNISHMENT OF THE FEW WHO ARE MAKING FORTUNES AT EXPENSE OF MANY

(Special to The Guardian)
LONDON, July 10.—Sir Arthur Conan Doyle has come out strongly against post war profiteering as follows: "Unless something is done quickly and done thoroughly to check rising prices in the necessities of life, there will be violence in this country. A man must live, and these wicked prices are making it a hard matter. What are our rulers about and why are they tactically protecting a handful of profiteers to the danger of the nation? The men who are making fortunes out of the needs of the people are not very numerous, and they are not difficult to find. Every little examination would establish their guilt and if there is no law to adequately punish them then it is a reproach to our law-makers that such a law should not exist. Let it be passed and most vigorously enacted. A dozen cases of extreme punishment would work a wondrous change."

Allies to Help The Finnish Troops

(Special to The Guardian)
PARIS, July 8.—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and the forces of the Kolchak Government at Omsk was given today by the Council of Five.
A joint note has been sent to the military attaches of Great Britain, France, United States and Italy at Helsinki instructing them to support the Finnish Government if it decides to accede to the request of Admiral Kolchak to assist him in the campaign.
There is no indication that the Allies and associated powers propose to go further at this time in helping Kolchak's plan but their action in supporting the Finns is regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Good Meeting At Monticello

The four candidates, Hon. H. D. McEwen, Mr. R. H. Cox, Dr. R. J. MacDonald and Mr. J. P. McIntyre, addressed a public meeting at Monticello on Wednesday evening. The Government candidates had a splendid reception, the feeling being that the people would rather trust the Government in the hands of Mr. Arsenault than Mr. Bell. The support for the Government is stronger here than ever before.

Sir Thomas White Resigns from Cabinet

INADEQUACY OF REMUNERATION IS THE SOLE CAUSE OF HIS RETIREMENT

(Special to The Guardian)
OTTAWA, July 10.—The resignation of Sir Thomas White, tendered to the Prime Minister today, has been received in political circles here as a distinct national loss. With the possible exception of the Prime Minister, no civilian rendered such distinguished service to the country during the past four years of war. It was mainly due to his foresight and ability that the financial fabric of the Dominion, weakened by over-speculation and too rapid expansion, was able to withstand the first shock of the war, while in the years that followed, no nation was able to more splendidly sustain its economic effort. During his administration the Dominion's international trade more than doubled, revenues showed remarkable expansion, an unfavorable trade balance was converted into a balance in our favor, four gigantic domestic loans were successfully floated, new and successful methods of taxation were adopted. Canada passed from a debtor to a creditor nation, and, after nearly five years of unparalleled devastation of wealth, emerged from the ordeal with her financial strength unimpaired and her credit high.
The Parliament, too, will be the poorer for the loss of Sir Thomas. He was one of its outstanding members. Absolutely detached from meanness and pettiness in controversy he invariably lifted debate upon a high plane, and, irrespective of party, was one of the most respected and beloved members of the House.
In retiring from the Government, Sir Thomas White is merely following in the footsteps of Mr. McLeod, former United States Secretary of the Treasury, who recently resigned from the Wilson cabinet because of the inadequacy of remuneration. As Finance Minister, Sir Thomas White was responsible for an annual expenditure of \$700,000,000, and was compelled to match minds with the highest paid experts in the world. Yet all the salary he received was \$7,500 a year. This, naturally, he regards as incompatible with the responsibility of the position, and with at least two private institutions willink to pay \$50,000 a year for his services he had no other course but to quit public life.
No successor to Sir Thomas will be named for some time, but it is regarded here as practically certain that the post will be offered to Hon. Arthur Meighen, the brilliant young Minister of the Interior. Mr. Meighen's promotion in the cabinet has been rapid. He is still in his thirties, but his abilities are recognized as exceptional, and, in addition, he has the confidence of the Prime Minister to an unusual degree.
General cabinet reorganization is expected to be hastened by the resignation of Sir Thomas. Sir Robert Borden has the matter already under consideration, but the task is admittedly a difficult one, and no official announcement of any kind is expected for some little time yet.

The government candidates made a splendid impression.

Favorable Weather For the R 34

(Special to The Guardian)
WASHINGTON, July 9.—Favorable weather for the return of the British Dirigible 34 over the southern route to Europe during the next 24 hours was forecast in the weather report today to the commandant of the airship today by the Navy Department.

Sir Thomas White Denies Reports

NO TRUTH IN REPORT THAT HE WAS ABOUT TO ACCEPT ANOTHER POSITION

(Special to The Guardian)
TORONTO, July 10.—Sir Thomas White, who is at his home in Toronto for a few days, stated last night that reports which have appeared and are appearing in the press to the effect that he had been offered and had accepted an executive position with some railway corporation or bank or life company were entirely without foundation, and were unfair to the men occupying the positions which have been mentioned. The Minister stated that he had made no financial plans whatever for the future other than that he had no comment to make. "I have been adhering to the rule laid down by Sir Wilfrid Laurier about not being interviewed," he said, "and I find it works well."

Famine Threatens Alberta Province

HALF A MILLION CATTLE MUST BE SHIPPED OUT OF COUNTRY OR STARVE

(Special to The Guardian)
WINNIPEG, July 10.—The statement of Mr. George S. Ferris of Nanaimo, Alberta, that half a million cattle must be shipped out of Alberta for feed if the rain does not come at once in no way exaggerates the situation, said President Wood, of the United Farmers of Alberta today. Mr. Ferris today wired the council of agriculture half a million head of cattle in southern Alberta, 5,000 between High River and Willow Creek, must be shipped out for winter feed or will perish if there is a hard winter. With no feed south of Edmonton and the amount of feed below average north of Edmonton, relief must come from Manitoba or farther east. The matter is the most urgent in the history of the country. Action must be immediate or the loss will cripple the stock industry for years to come. The council decided that action for relief must be taken and a committee was appointed to investigate the matter and make a report.

Big Orders For Canadian Goods

(Special to The Guardian)
TORONTO, July 9.—Mr. J. E. Ray, Canadian Trade Commissioner in Manchester, England, is a visitor to Toronto today and has some interesting things to say relative to the prospects for Canadian manufactured goods and raw materials in England. "Any arguments about the pro or con of the matter is settled by the fact that already Canadian houses are getting big orders," he stated, "for within the last few days a million dollar order of confectionery and enormous orders for rivets, nails and wire have also been given to Canadian firms."

Two Men Killed By Collision

(Special to The Guardian)
ST. JOHN.—Two men were killed and two injured when the Allen Liner Grampian, Montreal for Liverpool, collided with an iceberg off Cape Race last night. The steamship with 750 passengers and a crew of 350 arrived here this morning for repairs. The killed and injured were members of the crew who were asleep in the bow of the ship when she struck. Virtually all the passengers were awake but although there were more than 500 women and children aboard there was little excitement and no panic.

(Special to The Guardian)

It developed today that the Germans would not reach Versailles in time to begin the negotiations tomorrow as had been expected.

Hon. Mr. Carvell to Quit the Cabinet

OTTAWA, July 10.—Both the Journal and the Citizen tonight state that Hon. F. B. Carvell is to quit the cabinet within a fortnight. The Journal intimates that the Minister contemplates returning to the Liberal fold. Mr. Carvell declines to discuss the matter, contenting himself with a denial of the report that he is to become chairman of the Dominion Court of Commerce. It is significant, however, that he does not deny the reports about his retirement, and, in inner political circles here, his resignation is confidently expected.

IT WAS BRITAIN THAT WON WAR

DECLARED SIR DOUGLAS HAIG WHILE ADMITTING THE HELP OF THE ALLIES

(Special to The Guardian)
LONDON, July 10.—Field Marshal Haig, receiving the freedom of Newcastle, deprecated the tendency to minimize the British army's achievements in the war. "It is right to speak of our ally's army that won the war. It was Britain that bore the brunt of the fighting in the last two years. I hope every one will realize that fact and stick by the fellows who fought and suffered and their dependents."

Patriot Flatly Contradicted

Sir—I notice in the Patriot of today the following statement: "At the meeting in Canoe Cove Hall last night Mr. Hughes again brought up the matter and in reply to Mr. McLure's argument of the previous night that the Dominion of Canada is not in a position to pay the soldiers this money grant they are demanding, declared that it should be paid out of the indemnity which Canada should receive."
I was present at the Canoe Cove meeting. The only reference to the returned soldiers' gratuity made at this meeting was made by Mr. Chester McLure who gave an emphatic denial to the report published in the Patriot of the meeting at Afton Hall. Mr. McLure's denial was a very forcible one and neither Mr. Hughes nor Mr. LePage made any attempt to refute it.

ONE WHO WAS PRESENT

In addition to the reference to the returned soldiers' gratuity made at this meeting was made by Mr. Chester McLure and Mr. L. L. Jenkins to give the Patriot's charge against Mr. McLure the most emphatic denial. Mr. McLure states that nothing in his remarks could possibly be construed into the statement the Patriot accused him of, and Mr. Jenkins corroborates Mr. McLure's refutation. —E. G.
