MISS AMY MCLAUGHLIN of Peake's Station has gone to Lynn, Mass.

THE people of Mount Hope, Dundas, presented Samuel Nicholson recently with a very handsome Morris chair, as a token of respect for one of the oldest residents of the community. He has lately received a diploma for repeating the shorter catechism in both English and Gaelic. Born in Scotland eighty-seven years ago, he is today not only hale and hearty, but has much of the vim of youth in him. He once told the writer that he never wore a top-coat but twice in his life—and never felt the need of it even then—declaring that other things being equal it was a noble heritage to be descended from the sons of Fingal. It was this that animated the bare-legged sons of the North amid the snows of the Pyrenees, by the burning sands of the Pyramids, amid humid suns at Tel-El-Kebir. Among the kingdoms of the world three places are noticed as the nurseries of the greatest men that ever acted on the theatre of time—Scotland, Greece and Palestine. It may be asked "the secret of Scotland's "greatness." A green writer once said—Show me the literature of a country and I can tell you the character of her people." The songs of Scotland breathe in richest strains love and loyalty. The warblings of Burns, the lyrics of Ferguson, the chantings of Scott—and the hummings of Motherwell all declare it—in fine the Bible and Euclid. It is very doubtful if there is in any country today a man of Mr. Nicholson's age so strong and nimble. He thinks nothing of walking a distance of five miles to church and one must be a good pedestrian or else he is left. He is an interesting character, possessed of a wonderful fund of information on all topics and always has an illustration on hand. He has not an enemy on earth and every person, young and old, hold him in high esteem. He reads without glasses and his memory is such that if the Inspired Word were destroyed he would repeat it nearly all from memory. Being somewhat low of stature to distinguish him from another stalwart namesake he was known as "little Sam" but he is a giant in the upper story. Like Hazael he was as swift as a deer and at three score years undertook to catch a rabbit, in a five acre field, which he soon accomplished. The late Rev. Allan McLean of pious memory prompted him to do the feat. If you ask him today how he feels he will tell you "very well, indeed, but I don't think I could run as fast as when I was going to school." Men of Mr. Nicholson's character are very rare and one might not meet his equal in a life time and while the "dark assassin" lurks around us all and we know "there is none abiding," yet we voice the oft repeated expression "It is a pity that 'Little Sam' is getting old."—A. THE new steamer Enterprise built for the Three Rivers Steamship Co. at Yarmouth, is expected to arrive at Georgetown next Thursday. G. A. Thompson, of Montague has gone to Yarmouth and will return in the steamer.

A CORRESPONDENT at Montague writes: The many pulpits of Montague are now supplied and in addition the Adventists will soon be occupying the tented field. The waning summer months should witness a general advance all along the Christian line, Satan's fortress will be carried by storm, followed by a flood of light in the deepest recesses of vice and shame. The Augean stables are in need of cleansing. The dramshop continues to deal out liquid poison to its victims. And amid the groans of the widows and the sobbing of the orphans, the bay window fraternity do after their kind—they go up regularly to their Golgotha.

QUERY.

DEAR SIR,—I am authentically informed that quite a number of residents on this Island are eager to put capital into the cultivation of oysters, but I am also informed that the matter of jurisdiction over our bays and rivers is in dispute between our provincial and the Dominion Governments.

I understand that many applications have already been made for leases of barren oyster grounds which the applicants wish to stock with oysters, but it seems that these cannot be granted.

Can nothing be done to remove the existing obstacles to this industry? Here are millions of dollars waiting to be picked up by the people of this Province. Surely, Mr. Editor, our Government can invent some method of overcoming the difficulties that lie in the path of this most valuable asset. Any information that you or your readers can give us on this subject will be most gratefully received.

Yours truly,
ARTHUR L. BEER.

CARTERS HASZARD'S IMPROVED Weight 25 lbs.

Turnips!

The accompanying illustration is a genuine photograph of a specimen of Carters' "Haszard's Improved" Turnip grown from Seed purchased at our Seed Store by James Farquharson, Esq., Southport, and grown in his field together with many other Turnips of same variety nearly as large. Four other turnips weighed 92½ lbs. combined. We have no hesitation in saying that this Turnip weighing as it did 25 pounds is the heaviest Turnip of the Swede variety at least grown in the Maritime Provinces, (or perhaps in Canada.) Don't experiment with cheap so-called Haszard's Improved sold by foreign Seedsmen. They haven't got the genuine "they can't get it." Our stock is grown annually for us from selected roots. We have sole control for the genuine Carters' Haszard's Improved Turnip Seed. Sold only in sealed packages. Price 30 cents per pound.

NERVOUS?

**Do You Brood?
Have Morbid Fears?
Toss In Your Sleep?**

Your Physical Condition is Below Par and Must be Built up. Try Ferrozone.

All the vital activities of the body are quickened into new vigor by Ferrozone, which contains all the constituents necessary to make nerve strength.

Its first action is upon digestion.

It stimulates the secretion of gastric juice, ensures perfect digestion and prepares the food so as to be easily assimilated.

Thus everything you eat is converted into nourishment that enriches the blood and lends new strength to the nerves.

By Ferrozone the mind is relieved of those brooding tendencies, of morbid unnatural fears, of unwillingness to concentrate attention on things that should be done.

Won't you try Ferrozone?

Won't you give it a chance to win you back to health; it will do it, just as it did for Mrs. Creighton Zinck of Palm St., Lunenburg, N.S., who says: "I want to give my experience with Ferrozone because I believe it will be of assistance to thousands of women who need it badly. I was very thin, run down in flesh and lacked color. My nerves were in a dreadful state. If anything fell I would jump and start. At night I would suddenly wake up, heart palpitating and all keyed up. Ferrozone went right to work. It restored my poise and balance, gave me self-control, cured my nervousness. Ferrozone increased my appetite and my weight came up so fast that I simply didn't need to use it any longer. Eight boxes cured me."

Why won't you use Ferrozone also. It certainly will do you good in many ways—sold by all druggists in 20c boxes.
